145. Crash Description/Narrative

Crash investigation reveals a two vehicle, same direction (rear-end) crash. The driver of vehicle 2 (V2) stated she was slowing down for traffic directly in front of her on Route 70 W just East of Route 88 while traveling in the middle lane. The driver of vehicle one (V1), who was traveling directly behind V2 in the middle lane of Route 70 W, stated he was distracted with the use of his vehicle's interlock device while traveling directly behind V2. The driver of V1 stated he wasn't looking at the roadway in front of him while utilizing said interlock device.

As a result of the driver of V1 not paying attention to the roadway in front of him as V2 was slowing down for traffic in front of her, the front end of V1 crashed into the rear end of V2. A witness, who was traveling in the right lane on Route 70 W, stated he observed V1 crash into the rear-end of V2 as V2 was slowing down for traffic in front of her. Furthermore, the witness stated the driver of V1 was not slowing down/stopping at the time when V1 crashed into V2.

The driver of V1 complained of no injuries at the scene, nor did he have a complaint of pain. The driver of V2 complained of neck pain and was evaluated at the scene by Brick PD EMS unit #535. After being evaluated by First Aid personnel, the driver of V2 refused further medical attention and refused to be transported to a local
