145. Crash Description/Narrative

I responded to a crash in the area of Route 70/ Jack Martin Boulevard, involving a pedalcyclist and a motor vehicle. The pedalcyclist was traveling on Route 70 west, going against the flow of traffic. Vehicle #2 was traveling on Route 70 west. Vehicle #2 crossed over Jack Martin Boulevard and went into the right lane of travel to make a U-turn. When vehicle #2 was in the lane, the pedalcyclist exited the shoulder and came into the vehicle lane and crashed into the front of vehicle #2.

The pedalcyclist stated he was traveling on Route 70 west because he felt it was safer because he could see oncoming traffic. While traveling he went into the vehicles lane of travel in an attempt to go over to the shoulder. When he attempted this he crashed into the left front fender of the vehicle and was thrown from his bicycle and his body crashed into the drivers side mirror. While on the ground he noticed a laceration to his left knee.

The driver of vehicle #2 stated he was traveling on Route 70. He then went into the right lane so he could make a u-turn onto Jack Martin Blvd. When he was in the lane he saw the bicyclist come in front of his vehicle. The driver advised he attempted to swerve to the right, but the bicyclist crashed into his vehicle.

Brick EMS responded to the scene and assessed the pedalcyclist left knee. It was determined due to the injury he would need further medical treatment. The pedalcyclist was transported to Ocean Medical Center for further treatment.

The driver and passenger of vehicle #2 refused medical attention. The bicycle was removed from the scene by a family member and the vehicle was driven from the scene.

It should be noted when the pedalcyclist was questioned about the crash, he stated he was the one at fault for the crash.

The pedalcyclist was issued a summons.

Upon completion of my investigation, the pedalcyclist was to be found at fault for causing the crash.
