145. Crash Description/Narrative

On scene investigation revealed:

After speaking with the driver and observing the damage, it was determined Vehicle 1 was traveling west on Route 70. When the vehicle approached the service road at the entrance to Forge Pond, the vehicle failed to negotiate a right turn causing the vehicle to leave the roadway to the right and strike a guardrail. The front end of Vehicle 1 collided with the guardrail causing disabling damage. It should be known there was no airbag deployment as a result of the collision. The driver complained of leg pain while the front seat passenger complained of facial pain. Both were transported by Brick Police EMS to the Hackensack Meridian Health Care Center in Point Pleasant for treatment.

The driver of vehicle 1 advised he was traveling west on route 70 and had slowed down to make a right turn onto the service road of Forge Pond. The driver advised he was unaware of the exact location of the turn. After locating the entrance and attempting to turn right, the driver stated a vehicle then passed him at a high rate of speed causing him to strike the guardrail.
