145. Crash Description/Narrative

Investigation revealed, at the time of the accident, both Vehicles One and Two were traveling eastbound in the leftmost lane on State Highway 70, near the intersection of Van Zile Road. Vehicle Two was stopped at a red traffic signal, when Vehicle One's front end crashed into the rear end of Vehicle Two. Vehicle One sustained minor damage to its front bumper (dented license plate and scratches), and Vehicle Two sustained moderate but functioning damage to its rear bumper (cracked). Neither vehicle required a tow and no injuries were reported by all parties involved.

Driver One stated he was traveling eastbound on State Highway 70. As he approached the intersection of Van Zile Road, he was unaware Vehicle Two was stopped at the traffic signal. Driver One believed the traffic signal was green, not red. When he finally noticed Vehicle Two stopped, he began stopping himself, but his vehicle crashed into Vehicle Two in the process.

Driver Two stated she was stopped at red traffic signal, when her vehicle was struck by Vehicle One.

Based on my investigation, Driver One's inattention to the traffic signal, and what was in front of him on
