145 Crash Description/Narrative

V1 was traveling north on Route 18 when the driver advised me that a deer jumped in front of his vehicle. He then advised me that he swerved to avoid the deer, but lost control, and went into a slide down the hill and into the woods. The vehicle had front and side air bags deployed and was up against a tree on the passenger side of the vehicle. The vehicle looked like it hit smaller parts of other trees which ripped the front bumper off of the vehicle and damaged most other parts all around the vehicle. The vehicle had numerous broken windows from the impact. Driver 1 was wearing his seat belt and only showed me a small cut on his wrist and a bump on his knee. He did not want medical attention at the time of the accident. The vehicle was removed from the woods without any issue.

145 Crash Description/Narrative

V2 was crossing the intersection of Coventry Terrace and Club House Lane when V1 struck V2. Driver of V1 advised me that she tried to stop, but her car skid forward, through the stop sign and she hit the side of V2. The roads had not been plowed yet and it was still currently snowing. The roads were slippery at the time of the crash. V1 had damage to the front bumper and to the hood. V2 had damage to the passenger side rear door and by the wheel well. The door was pushed in and it looked like paneling was missing. Both vehicles were able to be driven away and no injuries were reported.

145 Crash Description/Narrative

Upon arrival both vehicles were located on Woodcliff Blvd approximately 100ft off State Route 34. Vehicle one had damage to the driver side rear 1/4 panel that appeared to be from a tire and/or wheel hub. Vehicle two had minor scratches on the lug nuts for the passenger side front tire that appeared recent.

The driver of vehicle one stated that he was in the right lane and was traveling south on Route 34. He then explained that vehicle two was in the left lane and also traveling south. After that, he said vehicle two drifted into his lane and struck his 1/4 panel in the area of the Ovox Gym located in the southern portion of the Beacon Hill Plaza. The driver of vehicle one further explained that he had to follow vehicle two for approximately 5 miles and eventually called 911 to have Colts Neck Police Department stop vehicle two and advise him he was in a motor vehicle accident and he needed to return to Marlboro with vehicle one.

The driver of vehicle two stated that he was traveling in the left lane and never felt an impact or knew he was in an accident. He said he never saw vehicle one on his right and said vehicle one must have drifted into his lane.

Another officer (#65) and I traveled to the area and did not find any debris or road conditions that could have contributed to the accident. I was unable to identify which vehicle left their lane of travel and collided with the other.
