145 Crash Description/Narrative

On 2/2/2022 at approximately 0730hrs, I was dispatched to Hope Hill Lane in reference to a crash. Upon arrival, I met with the driver of vehicle 1 who was identified as Thomas Fairthorne. Mr. Fairthorne reported that while he was traveling South on Hope Hill Lane, due to the congestion of the parked cars along the narrow roadway, the rear passenger side of his vehicle struck the mirror of vehicle 2 which was parked.

Upon completion of my investigation, the cause of the crash was due to the parked vehicles along the roadway and the narrowness of the road which doesn't allow enough space for larger vehicles to pass through.

There were no injuries reported at the scene of the crash.

Vehicle 1 sustained very minimal scratching to the rear passenger side.

Vehicle 2 sustained a broken driver side mirror.

145 Crash Description/Narrative

On 2/4/2033 at approximately 0935hrs, I was dispatched to East County Line Road in reference to a crash. Upon arrival, I met with the driver of vehicle 2 who was identified as Jessica Reme. Ms. Reme reported that while she was waiting at the red light at the intersection of East County Line Road and Somerset Avenue, the rear of her vehicle was suddenly struck by vehicle 1.

I then spoke to the driver of vehicle 1 who was identified as Shabsi Brody. Mr. Brody reported that while while waiting at the intersection of East County Line Road and Somerset Avenue, he thought he observed vehicle 2 "jerk" and begin to go forward. At this time, Mr. Brody reported that he then hit the gas and struck the rear of vehicle 2.

There were no injuries reported at the scene of the crash.

Vehicle 1 sustained minor scratching and cracking to the front bumper.

Vehicle 2 sustained scratches to the rear bumper.

145 Crash Description/Narrative

On Wednesday 02/02/2022 at approximately 1051 I responded to 1650 Corporate Road West for a report of a hit and run motor vehicle crash. I spoke to James Gribbon Jr. who stated he parked his 2006 blue Toyota Scion XA, NJ V14-K2T in the parking lot located on the south side of 1650 Corporate Road West at approximately 0700 on 02/02/2022. When he returned to his vehicle at approximately 1030 he observed the rear driver side bumper area to have been struck by an unknown vehicle. I observed the vehicle which was parked in the southern most row mid parking lot along the south side of 1650 Corporate Road West.

I observed video cameras located on the south side of 1650 Corporate Road West. I viewed the live camera feed which appeared to view the area of the crash. Employees at the business named Nekoosa were unable to operate the camera system. The employee who was able to operate the system was not available but his information was provided. I completed a LPD hit and run follow up form with the camera operators information attached. End of report.

145 Crash Description/Narrative

Pedestrian stated that he was walking west on Main Street. As he approached the crosswalk and began to cross the street, he stated he was struck by vehicle 1. It should be noted that the pedestrian was unable to tell which direction he was crossing the street. He kept saying that vehicle made a turn onto Main Street and crossed over where he was walking and struck him. The pedestrian stated the vehicle was a black dodge ram pick up but was unable to provide a license plate.

I was able to retrieve footage from surveillance cameras located at 52 Madison Avenue, the Lakewood Courtyard, and I observed that vehicle 1, a black dodge ram pick up as described by the pedestrian, traveling south on Madison Avenue. As he approached the traffic light he was attempting to make a left turn onto Main Street. The footage shows that the pedestrian was walking west on Main Street as he stated and it showed him approaching the crosswalk and crossing over Main Street to head South on Madison Avenue. As the pedestrian began to walk, vehicle 1 was attempting his left turn and the footage revealed that the pedestrian and vehicle made contact. The right side of the pedestrian according to the footage made contact with the driver side door. Attached to the report is the surveillance footage.

Vehicle 1 did not stop, he or she continued driving. Vehicle 1 was not located in the area. And after reviewing the footage, a license plate was unable to be read. The pedestrian complained of head pain. Lakewood EMS arrived on scene and transported him to Monmouth Medical Center Southern Campus.

145 Crash Description/Narrative

Driver 1 stated, she stopped at the stop sign located at the intersection of Park Ave & E 7th St. She stated, as she proceeded to travel south through the intersection she collided with the front of vehicle 2 who was traveling east on E 7th St. The damage was primarily to the front end. No injuries reported.

Driver 2 stated, she was stopped at the stop sign at the intersection of E 7th St & Park Ave. She stated, as she proceeded east she collided with vehicle 1. The damage was primarily to the driver side front end. No injuries reported.

It should be noted, while speaking with both drivers, they advised me a bright sun glare was present during the incident and they believe it caused the crash.

As a result of my investigation, I, Patrolman Connor Woods #418 determined both drivers share an equal amount of fault for the crash.

145 Crash Description/Narrative

Driver of vehicle one stated to the effect: I was traveling North on Lexington Avenue approaching the intersection at 7th Street. Vehicle two did not obey the stop sign at Lexington Avenue and caused me to hit his vehicle while inside the intersection. I could not stop in time.

Driver of vehicle two stated to the effect: I was traveling East on 7th Street crossing the intersection at Lexington Avenue. I was almost through the intersection to continue traveling on 7th Street when I heard a loud noise and realized I have been struck by another vehicle.

As a result of my investigation, I have determined the driver of vehicle one to be at fault. Vehicle one failed to stop at posted stop sign causing a violation to vehicle one's right of way, due to his position at the intersection. The intersections both vehicles were crossing has posted stop signs at all four sides. The damage on vehicle two is consistent with the driver's statements and that of witnesses. Vehicle one appeared to have already been crossing Lexington Avenue at the time he was approaching the intersection. No apparent injuries to either drivers and none observed or reported. Vehicle one was left parked at the scene due to being an unlicensed driver. Summonses issued accordingly.

End of narrative.

145 Crash Description/Narrative

Driver of V1 stated that he was traveling west, entering the property of 900 Lakewood Ave. (Georgian Court College). Driver of V1 further stated that as he was entering, he noticed at the last second that the security arm to the gatehouse was down. Driver of V1 then stated that as soon as he applied his brakes, he started to slide and ultimately ended up striking the security arm to the gate house.

In conclusion to my investigation, I determined that due to the icy surface conditions, I did not find the driver of V1 to be at fault for the crash.

145 Crash Description/Narrative

Driver of vehicle 1 was travelling southbound on River Ave (Rt 9) directly behind vehicle 2. She stated that she was being tailgated by another driver behind her on River Ave. She stated that driver of vehicle 2 was slowing down and had his left turn signal activated but then turned right into the parking lot of 916 River Ave. Driver of vehicle 1 stated she attempted to go around vehicle 2 on the shoulder, ultimately crashing into vehicle 2.

Driver of vehicle 2 was travelling southbound on River Ave (Rt 9) with his turn signal activated to turn right into the parking lot of 916 River Ave. He stated he had his right turn signal activated and was just struck from the rear by vehicle 1.

After my investigation, I determined that driver of vehicle 1 is at fault for following too closely to vehicle 2. Vehicle 1 sustained moderate damage to the front of the vehicle near the passenger side headlight. Vehicle 2 sustained minor damage to the rear of the vehicle near the driver side bumper. Both vehicle 1 and vehicle 2 were able to drive from the scene. No injuries reported at the scene of the crash.

Driver of vehicle 1 was travelling southbound on River Ave (Rt 9) approaching the intersection of Edgewood Ct. He reported that vehicle directly in front of him (vehicle 2) stopped short and he did not have enough time to react to stop safely. He struck the rear of vehicle 2.

Driver of vehicle 2 was travelling southbound on River Ave (Rt 9) approaching the intersection of Edgewood Ct. He reported that the vehicle in front of him (vehicle 3) was slowing down so he applied the brakes. He stated that he was struck from the rear from vehicle 1 and was pushed into the rear of vehicle 3.

Driver of vehicle 3 was travelling southbound on River Ave (Rt 9) approaching the intersection of Edgewood Ct. She reported that she was gently tapped from the rear from vehicle 2.

After my investigation, I determined that driver of vehicle 1 is at fault for following too closely. Vehicle 1 sustained moderate damage to the front of the vehicle resulting in the front to be concaved inward. Vehicle 2 sustained disabling damage to the rear of the vehicle resulting in the trunk being concaved inward and dislodging the bumper. Vehicle 3 sustained no damage from the accident. Both vehicle 1 and 3 were able to drive from the scene. Vehicle 2 was towed by Moishy's Towing. There are no injuries reported at the scene of the crash.

145 Crash Description/Narrative

Driver 1 stated he was driving east on Courtney Road and he stopped at the Clifton Ave stop sign. When he crossed Clifton Ave, he was struck by vehicle 2. Driver 1 stated that vehicle 2 was going too fast and did not give him enough time to cross before being struck in the rear passenger side door and rear fender.

Driver 2 stated she was traveling north on Clifton Ave and vehicle 1 did not stop at the stop sign. She stated the vehicle came out of no where without stopping and she was unable to avoid the collision.

After vehicle 1 was struck, the impact caused the vehicle to spin out and ended on the property of 235 Courtney rd. Vehicle 1 knocked down a chain link fence and also hit vehicle 3 that was parked in the driveway.

Based on both drivers having different stories it was not determined if Vehicle 1 failed to stop or if Vehicle 2 was speeding.

Vehicle 1 is at fault because vehicle 2 had the right of way on Clifton Ave.

Driver of vehicle 1 stated he was traveling west on Chestnut St when vehicle 2 pulled out, and crashed into his vehicle.

Driver of vehicle 2 stated he was starting from parked, west on Chestnut St. Driver of vehicle 2 stated it was difficult to see by looking at his side view mirror, but he believed vehicle 1 was stopping. Driver of vehicle 2 stated he proceeded to pull into the lane of travel, but vehicle 1 did not stop, which resulted in the crash.

As a result of my investigation, I, Ptl. Livingston #373 determined driver 2 is at fault for this crash. Driver 2 failed to yield the right of way to oncoming traffic.

145 Crash Description/Narrative

Driver of vehicle 1 was traveling northbound on New Hampshire Avenue. Driver 1 stated as she approached the left turn lane, vehicle 2 was in front of her. She was not sure if vehicle 2 had stalled or she pressed on the accelerator too much resulting in a collision. She did state the traffic light was green so she was not sure why they were stopped.

Driver of vehicle 2 was traveling northbound on New Hampshire Avenue. Driver 2 was in the left turn lane. He stated that Driver 3 was attempting to make the left turn. The traffic light had just turned yellow and he believed that driver 3 was going to proceed in making the left turn onto Cedar bridge Avenue but she did not. At that point he stated he felt the rear of his vehicle being struck causing him to strike vehicle 3.

Driver of vehicle 3 was traveling northbound on New Hampshire Avenue. She was in the left turn lane. The traffic light had turned yellow so she decided to stop instead of proceeding in making a left turn onto Cedar bridge Avenue. And at this point she felt the rear of her vehicle had been struck.

All drivers were offered medical attention which they declined on scene. I asked the driver of vehicle 3 if her rear seat passenger needed medical attention and she stated no she was okay.

Vehicle 1 had damage to the fender, vehicle 2 had damage to the right side of the bumper and vehicle 3 had damage to the left panel and the left side of the bumper.

As per my observation and the information provided, driver 1 was at fault for following too closely.

145 Crash Description/Narrative

Driver 1 stated he was traveling west on W County Line Road prior to the crash. He explained that as he approached the intersection of Heathwood Avenue, vehicle 2 suddenly made a left turn in front of him on to Heathwood Avenue from the fast lane of W County Line Road. He stated that he was unable to stop in time and ultimately crashed into the front right area of vehicle 2. Driver 2 complained of pain to his back and his right shin. He also complained that he had pain on his tongue from the airbag deployment. Damage to vehicle 1 was disabling.

Driver 2 stated she was traveling east on W County Line Road prior to the crash. She explained that she began slowing down near the intersection of Heathwood Avenue because she intended to turn left on to it. She stated that she began turning left and did not see vehicle 1 coming because it had its headlights turned off. She added that vehicle 1 then crashed into the front right area of her vehicle, causing her vehicle to spin to the left and then crash into the front left area of vehicle 3. Driver 1 had a small abrasion to her right hand. Damage to vehicle 2 was disabling.

Driver 3 stated he was stopped at the stop sign facing south on Heathwood Ave at the intersection with W Cty Line Road. He stated that while waiting for traffic to clear up so he could make a turn, he observed vehicle's 1 and 2 collide in front of him, resulting in the front left area of his vehicle to be struck by vehicle 2 as a result. Driver 3 was not injured. Damage to vehicle 3 was disabling.

An independent witness stated that vehicle 2 made a left turn in front of vehicle 1 without yielding, thus causing the crash.

As a result of my investigation, driver 2 was found at fault for failing to yield to a vehicle. End.

145 Crash Description/Narrative

Driver 2 stated he was driving east on Birch Street approaching River Avenue. He observed a green sedan possibly an older model Toyota Camry in front of him with it's left turn signal on. He had room to the right of the vehicle so he began to pull forward to make a right turn. Vehicle 1 then decided to turn right and side swiped vehicle 2 in the process. Vehicle 1 then drove off south on River Avenue.

Vehicle 2 sustained damage to the front bumper and driver front fender. Vehicle 1 should have damage to the passenger side front or rear door area.

No injuries were reported.

Driver 2 provided a plate of NJ R32HKK but he was unsure if it was the correct vehicle. That plate is registered to a Tan 2007 Toyota Camry out of 35A Manetta Place in Lakewood. That address was checked with negative results for the vehicle.

145 Crash Description/Narrative

V1 was stopped at a stop sign on Spruce St west bound at the intersection of River Ave and Spruce St. V2 (bicycle) was traveling south bound on River Ave in the shoulder of the north bound side, approaching the same intersection. As V2 was entering the intersection with the intention to pass straight through, V1 drove into the intersection with the intent to make a right turn onto River Ave north bound.

The driver of V1 stated he did not see V2 when he decided to turn. The driver of V2 stated that the driver of V1 only looked south and did not check north before driving out into the roadway.

Both drivers are held at fault, D2 for traveling on the wrong side of the road and D1 for not checking if the area was clear of pedestrians or pedalcyclists prior to entering the roadway.

The driver of V2 was knocked from his bicycle during the collision and sustained injury to his right shoulder. He was transported to Monmouth Medical Center Southern Campus for further care.

145 Crash Description/Narrative

The driver of V1 stated that she was traveling east on 4th St. While traveling East, she noticed the Public Works pedestrian and attempted to avoid the collision. While trying to avoid the collision, she struck his right arm with her passenger mirror. The driver of V1 explained that she was not hurt or injured

The pedestrian stated he got out of his vehicle. As he got out of the vehicle and shut his door, he was making his way to the back of his vehicle. While making his way to the back of his vehicle, he was struck by V1. The pedestrian mentioned he had complaints about his right arm. The pedestrian got picked up to go to corporate care for further treatment

It should be noted that the pedestrian was a Public Works employee, and I observed his public work vehicle, which had emergency lights on at the time of this incident. I also noticed that the pedestrian had on his traffic reflector vest.

145 Crash Description/Narrative

The driver of V1 stated that she was on the shoulder at the intersection of Ocean Ave (HWY 88) & S Clover St. While at the intersection, she proceeded to make a right-hand turn. As she was making a right-hand turn, she explained V2 collided into her rear driver side. The driver of V1 had complaints of back pain but refused to be checked out.

The driver of V2 stated that he was stopped in traffic on S Clover St. While stooped in traffic, he noticed vehicle one proceeding to pass him on the shoulder. While she was passing him on the shoulder, she struck his passenger fender side. All passengers were not injured.

Based on my investigation, V1 is at fault for driving on the shoulder.

145 Crash Description/Narrative

The driver of V1 stated he was traveling east on Pine St. He observed a vehicle in front of him turning right onto Washington Ave. He went around that vehicle on the left. While passing that vehicle, V2 turned left from Washington Ave onto Pine St. V1 and V2 collided. The collision caused V1 to collide with V3 while V3 was traveling west on Pine St.

The driver of V2 stated she was traveling north on Washington Ave. She observed a vehicle turning right onto Washington Ave from Pine St. She believed the road to be clear and started to turn left onto Pine St. While she was turning V2 collided with V1.

The driver of V3 stated she was traveling west on Pine St. She was going to make a left turn onto Washington Ave but collided with V1 prior to arriving at Washington Ave. She was unsure how the crash occurred.

V2 was equipped with a dashboard camera. The video was attached the report.

A witness, Mr. Feldstein stated he was behind V2 when the crash occurred. He observed V1 pass approximately two stopped vehicles on the left while traveling east on Pine St.

Based on my investigation, V1 caused the crash by improperly passing over the double yellow line.
