145. Crash Description/Narrative

Vehicle #01 was attempting to park in a parking space in the United Medical Park, located at 495 Jack Martin Blvd, directly in front of the building. Vehicle #02 was traveling east in the parking lot of the United Medical Park and approaching the area in which vehicle #01 was attempting to park. Driver of vehicle #01 stated he parked within the parking space but then wanted to readjust his vehicle, at which time he put the vehicle in reverse and began to back out of the parking space. Driver of vehicle #01 stated he did not see vehicle #02 as he proceeded to back his vehicle out of the parking space, at which time vehicle #01 backed into vehicle #02. The hitch which was attached to the rear bumper of vehicle #01 struck the passenger side panel of vehicle #02, causing a collision. Vehicle #02 was unable to stop abruptly, causing the hitch of vehicle #01 to get dragged along the passenger side panel of vehicle #02 and puncture the rear passenger side tire. Upon speaking with the driver of vehicle #02, he confirmed that vehicle #01 had backed into his vehicle as he was passing vehicle #01 to the rear.

No injuries were reported at the scene. Both vehicles were moved prior to police arrival. Vehicle #02 sustained damage to the passenger side panel and passenger side rear tire/rim. There was no visible damaged to vehicle #01 or the hitch attached to the rear bumper.
