145 Crash Description/Narrative

V1 struck a downed utility pole that had just fallen into the right lane of New Hampshire Avenue southbound (see related crash 22-018929). This pole was located on the property of 1484 South Street, just off the roadway and approximately 80 feet south of the intersection of New Hampshire Avenue and South Street.

Driver 1 stated that he did not see the actual crash occur, but that it must have just occurred. He did not even see the pole in the road due to poor lighting in the area. His vehicle was disabled (front driver tire went flat), but a volunteer emergency service changed it to a spare so he could drive home. The undercarriage of V1 may have sustained damage - unknown at the time of the crash.

The driver of V1 stated he was traveling North on Albert Ave and made a U-Turn just before the intersection of Oak St. Once he entered the South Bound lane, he decided to pull to the side of the road to pick up his son, who was walking to his vehicle. As he was beginning to park, he began to correct his vehicle's positioning since he was in the road, the driver of V2 rear ended him as he was backing up. V1 sustained what appeared to be moderate damage to the rear driver side. V1 was not towed at the owners request. No injuries were reported or observed from this crash.

The driver of V2 stated he was traveling South on Albert Ave, passing the intersection of Oak St. He observed V1 stopped in the roadway attempting to park on the side. He attempted to move out of the way but the driver of V1 stopped to quickly.

Based on the statements provided and observation, I find the driver of V1 at fault due to "Backing Unsafely". The driver of V1 was attempting to park on the side of the road to which was non existing and was still on the roadway.

I made an error regarding whos at fault. I had initially made the driver of V2 at fault and the driver of V1 not at fault. I placed the corresponding drivers at their respective positions now. I also corrected an error regarding 127(C) as it was marked as (4-Jackknife) when it should have been (-) dashed.

145 Crash Description/Narrative

WHEN I ARRIVED BOTH VEHICLES WERE ON THE SIDE OF THE ROAD FACING EAST ON MAIN ST ROUTE 88. VEHICLE 1 HAD DAMAGE TO THE DRIVERS SIDE REAR BUMPER OF THE VEHICLE WITH A MAJOR DENT. VEHICLE 2 HAD MINOR DAMAGE TO THE FRONT PASSENGER SIDE OF THE VEHICLE.

THERE WERE NO INJURIES.

DRIVER OF VEHICLE 1 STATED HE WAS IN THE RIGHT LANE FACING SOUTH ON MADISON AVE. WHEN HE HAD TO CHANGE LANES TO THE LEFT TURNING LANE. AS THE LIGHT TURNED GREEN HE ATTEMPTED TO CHANGE LANES AND AS HE CHANGED LANES HE STRUCK THE FRONT PASSENGER SIDE OF VEHICLE 2.

DRIVER OF VEHICLE 2 STATED THERE WAS A VEHICLE IN FRONT OF HIM THEN HIS VEHICLE. WHEN THE LIGHT TURNED GREEN DRIVER OF VEHICLE 1 CUT HIM OFF TRYING TO CHANGE LANES AND STRUCK THE FRONT PASSENGER SIDE OF HIS VEHICLE.

I ADVISED DRIVER OF VEHICLE 1 THAT HIS YOUNGEST CHILD NEEDED A CAR SEAT. HE STATED THE RENTAL COMPANY ONLY GAVE HIM ONE CAR SEAT AND NOT TWO.

BASED ON MY INVESTIGATION, DRIVER OF VEHICLE 1 IS AT FAULT FOR FAILING TO YIELD TO VEHICLE 2 AND AN IMPROPER LANE CHANGE OVER A SOLID LINE.

145 Crash Description/Narrative

Driver of Vehicle 1 stated he was travelling south on Evergreen Springs Dr past the stop sign when Vehicle 2, a Walker T23 Commercial Lawn Mower was travelling east on Four Seasons Dr, opposite to the way of designated travel. Driver of Vehicle 1 reported driver of Vehicle 2 entered the intersection and struck Vehicle 1 as he was entering the intersection as well. Driver of Vehicle 2 reported the same following of events occurred leading up to the accident.

Vehicle 1 sustained damages to its front passenger area, consisting of denting to the panel below the bumper and scratches to the bumper. Vehicle 2 sustained no damages.

From my investigation, I concluded that driver of Vehicle 1 was at fault for failing to yield to traffic, and Vehicle 2 was at fault for traveling the wrong way on a one way only road.

145 Crash Description/Narrative

Driver of vehicle 1 was stopped at the stop sign on Kingsfield Blvd and Hillside Dr with her left blinker activated. She reported that she started to make her left hand turn when she observed vehicle 2 headed northbound on Hillside Blvd. She stated she applied the brakes, but did not stop in time.

Driver of vehicle 2 was travelling northbound on Hillside Blvd approaching the intersection of Kingsfield Dr. He reported that vehicle 2 pulled out of Kingsfield Dr and crashed into him.

After my investigation, I determined that driver of vehicle 1 is at fault for failure to yield to the right of way traffic. Vehicle 1 sustained moderate damage to the driver side front and rear door. Vehicle 2 sustained moderate damage to the front of the vehicle. Both vehicle 1 and vehicle 2 remained on scene due to Shabbos and was parked in a legal spot. No injuries were reported at this time.

145 Crash Description/Narrative

Driver 1 stated he was traveling south on Madison Avenue prior to the crash. He explained that his vehicle was directly behind vehicle 2 prior to the crash. He stated that as he approached the intersection with Courtney Road, he dropped his cigarette on the floor of his vehicle and became distracted while trying to pick it up, causing him to take his eyes off of the roadway. He added that the last thing he remembered was seeing that the upcoming traffic signal was green and did not observe it change. He stated that his vehicle then rear ended vehicle 2 in the intersection. Driver 1 was not injured. Damage to vehicle 1 was disabling.

Driver 2 stated that he was stopped in traffic at the red traffic signal facing south on Madison Avenue at the intersection with Courtney Road. He added that his vehicle was directly in front of vehicle 1 prior to the crash. He explained that while stopped, vehicle 1 crashed into the rear of his vehicle at a high rate of speed. Driver 2 complained of pain to his head. Damage to vehicle 2 was disabling.

Insurance information for vehicle 2 could not be obtained due to it being a rental vehicle from Discount Travel in Monsey, NY. Driver stated he was not provided a card.

As a result of my investigation, driver 1 was found at fault for careless driving. End.

145 Crash Description/Narrative

Driver of V1 stated that he was in stop and go traffic traveling east on State Hwy 70 when he was struck in the rear by V2. Driver of V2 stated that he was directly behind V1 in stop and go traffic when they got too close to V1 and ultimately ended up striking V1 in the rear.

In conclusion to my investigation I determined that the driver of V2 was at fault for following too closely.

145 Crash Description/Narrative

On 3/5/2022 at approximately 0214hrs, I was dispatched to Drake Road in reference to a crash. Upon arrival, I observed vehicle 1 had struck utility pole JC809LD head on. I then spoke to the driver who was identified as David Boswell. Mr. Boswell reported that while he was traveling East on Drake Road, a deer ran out in front of his car causing him to swerve to the left and struck the utility pole with the front of his vehicle. The utility pole had minor damage as a result of a crash. Mr. Boswell had no complaints of injury but I requested Lakewood EMS come and check on him due to the severity of the crash. Mr. Boswell refused medical treatment at this time. Vehicle 1 was towed by Freedom Towing.

Vehicle 1 sustained heavy front end damage and multiple air bag deployments causing it to be disabled.

Mr. Boswell was unable to provide proof of insurance and was issued a summons.

145 Crash Description/Narrative

Owner of V2 stated he parked his vehicle at approximately 1715 hours and when he returned to his at approximately 1800 hours he had noticed his vehicle was struck at the 7 o'clock.

Driver of V1 could not provide a statement due to fleeing the crash.

The result of the investigation revealed that Driver of V1 was at fault due to striking a legally parked vehicle. I canvassed the area for surveillance cameras and located one in front of 225 Second St. Due to the holiday I was unable to access them at this time. No witnesses were present and could provide a description of V1.

145 Crash Description/Narrative

Driver of vehicle one stated she was attempting to turn left into 219 Main St. A uninvolved vehicle stopped as to let vehicle one make the left turn. While turning left, vehicle two went around the uninvolved vehicle and struck her.

Driver of vehicle two stated he was traveling West on Main St. He further stated he was in the center lane and had traffic lined up to his left, in the left turn lane. While going straight, vehicle one turned left in front him.

As a result of my investigation, I determined driver of vehicle one to be at fault due to failure to yield right of way to vehicle two.

145 Crash Description/Narrative

Driver 1 stated he was stopped in the middle of the intersection of East Kennedy Blvd & Madison Ave prior to the crash facing east. He explained that due to the steady stream on cars coming west he was unable to turn left on to Madison Avenue while the light was green was then stuck in the intersection after the traffic signal had already turned red. He stated that he began accelerating and began making a left turn and intended to make an immediate right turn in to the parking lot of the Shell Gas station. He stated that after completing the left turn he was rear ended by vehicle 2 which was making a right turn on to Madison Ave off of E Kennedy Blvd. He added that he believed that vehicle 2 had a red light and should have let him turn. Driver 1 was not injured. Damage to vehicle 1 was moderate but functional.

Driver 2 stated he was traveling west on E Kennedy Blvd prior to the crash. He explained that he had a green right arrow and began making a right turn on to Madison Ave and observed that vehicle 1 made a sudden left turn in front of him from the opposite side of the roadway, and did not stay in the leftmost lane after completing the turn. He explained that vehicle 1 stopped short to make a right turn in to the gas station parking lot, causing him to rear end vehicle 1. Driver 2 was not injured. Damage to vehicle 2 was minor.

An independent witness stated that he was two vehicles behind vehicle 2 and saw the whole event. He stated that vehicle 2 had the right of way with a green right turn arrow and vehicle 1 did not yield to vehicle 2.

As a result of my investigation, both drivers were found with partial fault. Driver 1 for failing to yield to a vehicle and for improper lane change and vehicle 2 for following too closely. End.

The driver of V1 stated he was traveling East bound on Haven, approaching the intersection of Vine Ave. He was looking for a parking spot. He slowed down and veered to the curb of the road and decided not to stop completely and attempted to re-enter the roadway to turn around and locate a another parking spot. In the process of re-entering the roadway again, the driver of V2 crashed into V1. V1 sustained what appears to be disabling damage to the front driver side of the vehicle. V1 was towed by Moishe's Towing. There were no reports or observed injuries from this crash by the driver of V1.

The driver of V2 stated he was traveling East bound on Haven Ave, approaching the intersection of Vine Ave. He observed the driver of V1 to slow down and pull to the side of the road in attempt to park. The driver of V2 observed the slowing down and the break lights of V1. The driver of V2 decided to go around him as V1 was trying to park. As V2 was passing V1 on the driver side, the driver of V1 decided to re-enter the roadway and crashed into V2. V2 sustained what appears to be moderate/functional damage to the front passenger side. V2 was not towed by the driver's request and driven away. There were no reports or observed injuries from this crash by the driver of V2.

Based on my observations and statements, I find the driver of V1 at fault for " Failure to Yield to right Away".

Surveillance Video captured this crash taking place. It is uploaded to this Case File.

145 Crash Description/Narrative

V1 was stopped at a stop sign on Summer Ave at the intersection of Summer Ave and Prospect St. V1 was waiting to turn left onto Prospect St east bound. V2 was traveling west bound on Prospect St approaching the intersection of Prospect St and Summer Ave.

The driver of V1 claims that as she was preparing to turn left, she looked both ways and the roadway was clear. She then drove out onto the roadway and as she did, V2 crested the hill east of her location traveling west bound at a speed higher than the posted speed limit. The driver of V1 stated she believed she still had time to drive out and attempted to complete the turn before V2 reached her location. She was unsuccessful and the front bumper of V2 struck the rear driver's side of V1.

The driver of V2 agreed that he was traveling above the speed limit but stated it was only by a minor degree. He claims that as he was approaching the intersection, V1 drove out directly in front of him. He attempted to swerve to avoid a collision but could not. The front bumper of V2 struck the rear driver's side of V1 and then drove off of the roadway on the right hand side of the road not striking anything else.

V2 was impounded for having an expired registration.

145 Crash Description/Narrative

Driver 1 stated that while making a left turn in the TD Bank parking lot she observed Driver 2 sitting in his vehicle on his cell phone not moving. Driver 1 stated that she proceeded to make the turn and misjudged how much room she had and accidentally struck Vehicle 2.

Driver 2 stated that he observed Driver 1 approaching to make the left turn so he stopped. While stopped he stated that Vehicle 1 struck the rear of his vehicle.

Vehicle 1 sustained minor damage to the rear driver side rim consisting of scratches and scuffs.

Vehicle 2 sustained damage to the rear driver side corner panel and bumper consisting of dents, scratches, and paint transfer.

Due to driver statements and my observations I determined that Driver 1 misjudged the turn and caused the crash.

There were no injuries reported on scene. End of report.

Vehicle #1 was traveling West on West County Line Rd. when it appears that the driver suffered a medical episode causing the vehicle to strike the curb and then telephone pole number 40203 before coming to rest partially over the curb and in the right lane of the roadway.

Upon my arrival to the scene of the crash member of Hotzolah were attending to the driver who was actively seizing at the time. He was transported to Jersey Shore Medical Center for treatment. His two juvenile passengers were already removed from the vehicle awaiting their mother and appeared to be uninjured. They were not in approved child safety seats and were only secured by the rear lap belts and harnesses.

Vehicle # 1 sustained damage to the front passenger side of the vehicle and required towing from the scene.

145 Crash Description/Narrative

Driver 1 stated he was traveling south on the Garden State Parkway North offramp prior to the crash and was in the center lane to the direct left of vehicle 2. He explained that he intended to make a right turn on to State Highway 70 West from this lane because he believed this lane was a "Straight or Right Turn" lane. He explained that he began making the right turn and was side swiped by vehicle 2 in the intersection of State Highway 70 and Shorrock St. Driver 1 was not injured. Damage to vehicle 1 was moderate but functional.

Driver 2 stated she was traveling south on the Garden State Parkway North offramp prior to the crash and was in the western most "Straight or Right Turn" lane and intended to drive straight across State Highway 70 and continue south on Shorrock Street. She stated that after entering the intersection, vehicle 1 steered left into her vehicle and side swiped the left side of her vehicle in the intersection. Driver 2 was not injured. Damage to vehicle 2 was disabling.

As a result of my investigation, driver 1 was found at fault for improper turning and failure to yield to a vehicle. End.

145 Crash Description/Narrative

Vehicle 1 was attempting to merge into traffic on Cross St in order to make a left turn and crashed into vehicle 2.

Driver 1 stated she was attempting to merge into traffic on Cross St. She put her signal on and thought vehicle 1 was letting her pull in front of his vehicle. She then crashed into the right side of vehicle 2.

Driver 2 stated he was stopped in traffic on cross street. He then went straight to prepare to make a left turn onto River Ave. As he did this vehicle 1 crashed into the right side of his vehicle. He stated he did not see vehicle 1.

There were no injuries reported on scene and both vehicles sustained moderate damage.

Based on my observations and speaking with both drivers, I determined that driver 1 was at fault for failing to yield to vehicle 2 which had this right of way.

145 Crash Description/Narrative

Driver 1 stated that while traveling South on Madison Ave he was changing lanes into the left turn only lane and accidentally side swiped Vehicle 2.

Driver 2 stated that while traveling South on Madison Ave he came to a stop in traffic in the middle lane when his vehicle was suddenly struck by Vehicle 1 which was passing him on the left.

Vehicle 1 sustained damage to the passenger side consisting of scratches and paint transfer.

Vehicle 2 sustained damage to the rear driver side corner panel consisting of dents, scratches and the paint being removed.

Due to driver statements and my observations I determined that Driver 1 misjudged the distance between his vehicle and Vehicle 2 while passing and caused the crash.

There were no injuries reported on scene. End of report.

145 Crash Description/Narrative

Driver 1 stated that he was stopped at the stop sign on Aspen Ct facing east at the intersection with Boulder Way. He explained that he observed that vehicle 2 was stopped in the roadway facing south on Boulder Way and was waiting for him to move so vehicle 2 (school bus) could make its wide right turn on to Aspen Ct. He added that the driver of vehicle 2 waved him on to go first. He stated that he began turning left and side swiped a mirror that was on the driver side of vehicle 2 while completing the left turn on to Boulder Way. Driver 1 was not injured. Damage to vehicle 1 was moderate but functional.

Driver 2 stated she was stopped in the roadway on Boulder Way facing south at the intersection with Aspen Court. She explained that she intended to make a right turn on to Aspen Court but observed that vehicle 1 was stopped at the stop sign on Aspen Court and it would be impossible to complete the right turn with vehicle 1 there. She added that she waved to him and told him to go first. She stated that vehicle 1 side swiped the driver side mirror while making the left turn. Driver 2 was not injured. Damage to vehicle 2 was minor.

As a result of my investigation, driver 1 was found at fault for failing to keep right. End.

145 Crash Description/Narrative

Driver 1 stated that while traveling South on Madison Ave she came to a stop in the 4th St intersection waiting for it to be clear to make a left turn. While waiting the traffic signal turned red. Driver 1 stated that she was in the intersection so she had to go to get out of it. Driver 1 stated that the Vehicle traveling North in the left lane came to a stop at the red light so she proceeded to make the left turn. Driver 1 stated that while turning Vehicle 2 came speeding through the intersection and struck her vehicle.

Driver 2 stated that while traveling North on Madison Ave in the right lane of travel the traffic signal at 4th St may have turned yellow, He proceeded to go through the intersection and then saw Vehicle 1 turning. Driver 2 stated that he swerved left in an attempt to miss Vehicle 2 but was unsuccessful and struck Vehicle 2.

Vehicle 1 sustained damage to the passenger side front and rear doors consisting of scratches, dents and paint transfer.

Vehicle 2 sustained damage to the front passenger side corner panel consisting of it being dented and cracked.

Due to driver statements and my observations I determined that Driver 1 failed to make sure it was clear to execute the left turn and that Driver 2 failed to obey the traffic signal.

There were no injuries reported on scene. End of report.

145 Crash Description/Narrative

The driver of vehicle #2 stated he was traveling southbound on Hope Chapel Rd. in the left turn only lane attempting to make a left turn onto Miller Rd. when his vehicle was struck by vehicle #1.

Driver #1 stated he was attempting to make a left turn onto Miller Rd. from Hope Chapel Rd. southbound when his vehicle was struck by vehicle #2. Driver #1 stated he was in the left turn only lane, and vehicle #2 was improperly passing him on the left. Based on the evidence and positioning of the vehicles after the crash it appears vehicle #1 was not in the left turn only lane, but attempted to make a left turn onto Miller Rd. from the straight only lane.

Driver #1 is at fault for the collision for improper turning. No injuries were reported while on scene. -end-

145 Crash Description/Narrative

Driver 01 was traveling West on 7th Street when she struck three parked vehicles with no one inside them. Driver 01 did not recall striking Vehicle 02 or Vehicle 03 when questioned. Driver 01 was aware of striking Vehicle 04. Driver 01 was placed under arrest for D.W.I after failing field sobriety tests out on the scene. Driver 01 did not have any injuries or complaint of pain from the crash.

Witness 01 stated he saw Vehicle 01 travel West on 7th St and strike Vehicle 02 and Vehicle 03. Witness 01 did feel that the driver may have been under the influence due to how she was driving.

After my investigation, I concluded that Driver 01 was at fault for the crashes due to D.W.I and all the other vehicles being parked with no one inside. Driver 01 was then arrested and processed for D.W.I.

*Waiting on Vehicle 01 insurance information

145 Crash Description/Narrative

Vehicle 1 was traveling Eastbound in the parking lot of 1700 Madison. Driver 1 said he was driving from the rear lot when an unknown vehicle collided with his car. Driver 1 mentioned that he lost control of the car and crashed with V2.

Vehicle 2 was traveling Westbound in the parking of 1700 Madison. Driver 2 explained that V1 seemed to be heading towards her car quickly. She tried to move over to the left to avoid colliding with V1. Since V1 was on her lane going against traffic as she tried to move, V1 collided with her vehicle.

Investigation revealed Vehicle 1 was traveling Eastbound, and Vehicle 2 was traveling Westbound in the parking of 1700 Madison. After reviewing video footage from Gourmet Glatt, I observed a black sedan and V1 collide (see 22-017973). V1 was struck on the driver side area, continued traveling East, and collided with V2. No injuries were reported at this time.

145 Crash Description/Narrative

Driver of vehicle 1 stated he was Southbound on River Ave. He stated while he was going forward he observed two vehicles ahead of him stopped and waiting to turn left onto Oak ST. He stated he then passed the vehicles on the right by going on the shoulder and when he went forward vehicle 2 turned in front of him and crashed into his vehicle.

*Vehicle 1 insurance information. Company: Citizens Insurance Company of the Midwest, Policy #A6BD632960, Company # 10395.

Driver of vehicle 2 stated he was Northbound on River Ave and was stopped waiting to make a left turn into 780 Rive Ave. He stated while he was waiting to make a left, there was a vehicle that was stopped in the Southbound Lane who signaled for him to go. He stated when he attempted to make the left vehicle 1 crashed into his vehicle. He stated vehicle 1 was coming down the shoulder to pass all the vehicles that were stopped.

In my investigation I found vehicle 1 and vehicle 2 at fault for this crash. I find vehicle 1 at fault for improper passing as vehicle 1 cannot use a shoulder to pass unless it is safe to do so. I find vehicle 2 at fault for driver inattention and failure to yield to vehicle as vehicle 2 needs to make sure it is safe before turning.

It should be noted a vehicle with a dash cam caught the accident on video. On video I observed vehicle 1 going Southbound on River Ave. As vehicle 1 was going forward he was passing two vehicles that were stopped to make a left turn onto Oak ST. As vehicle 1 was passing the vehicles while in shoulder, vehicle 2 turned left in front of him causing vehicle 1 and vehicle 2 to crash. A copy of the video was attached to this call.

145 Crash Description/Narrative

The driver of V1 stated he was traveling east on State Highway 70 in the left lane. He observed V2 traveling in front of him. V2's brake lights illuminated. V1 started to slow down. V2 slowed rapidly. V1 was unable to stop prior to striking the rear of V2. V1 swerved right to lessen the impact. V1 observed a vehicle attempting to make an illegal left turn from the left lane on State Highway 70 to New Hampshire Ave. That vehicle caused V2 to stop suddenly.

The driver of V2 stated he was traveling east on State Highway 70 in the left lane. He observed a vehicle in front of him slow down due to another vehicle attempting to make an illegal left turn onto New Hampshire from the left lane of State Highway 70. V2 applied the brakes to avoid a collision. He observed V1 behind him and believed V1 would strike the rear of V2. V2 moved forward slightly in an attempt to give V1 more room to maneuver around V2. V2 was struck in the rear by V1.

The vehicle that attempted to make a left turn continued straight and made a right turn to cut through 570 State Highway 70, Exxon, in order to travel north on New Hampshire Ave.

A witness, David Ferguson, corroborated the events told by the drivers. He was on State Highway 70 and observed a vehicle in the left lane traveling east stop to attempt a left turn onto New Hampshire Ave.

I obtained video footage from Exxon which showed the crash. The video was attached to the report.

Based on my investigation, the vehicle attempting to make the illegal left turn caused the crash by forcing multiple vehicles to apply their brakes to come to a stop in the left lane of State Highway 70. V1 also caused the crash by striking the rear of V2.

He stated vehicle 2 was going Eastbound on Cedarbridge Ave and was attempting to turn left onto New Hampshire Ave to go South.

*vehicle 1 insurance information: Company State Farm Mutual, Policy# 20-7191-009

Driver of vehicle 2 stated she was Eastbound on Cedarbridge Ave and was stopped waiting to make a left turn onto New Hampshire Ave. She stated the light then turn yellow and she attempted to turn but then heard a bang. She stated when she turned vehicle 1 crashed into her vehicle.

There was a witness on scene who wished to remain anonymous. He stated vehicle 1 was going Westbound on Cedarbridge Ave. He stated as vehicle 1 was going forward vehicle 2 turned left in front of vehicle 1 and crashed into vehicle 1. He also stated vehicle 1 could have been going quick but was not sure.

In my investigation I find vehicle 2 at fault for driver inattention and failure to yield to vehicle as vehicle 2 needs to make sure it safe before attempting to turn.

145 Crash Description/Narrative

Driver 1 stated that while traveling West on E Harvard St she was not sure if she was going to go straight or make a left turn but she never saw Vehicle 1 due to the rain and then crashed.

Driver 2 stated that while stopped at the stop sign on E Harvard St and E End Ave with her left turn signal activated she was waiting for it to be clear to execute the turn, when she began to turn her vehicle was suddenly struck in the side by Vehicle 1.

Vehicle 1 sustained damage to the front passenger side bumper and corner panel consisting of it being dented and scratched.

Vehicle 2 sustained damage to the middle of the driver side portion of the van consisting of it being dented, having paint transfer and cracks.

Due to driver statements and my observations I determined that Driver 1 improperly passed and caused the crash.

There were no injuries reported on scene. End of report.

145 Crash Description/Narrative

Driver of vehicle 1 stated he was Westbound on Cross ST and was stopped to make a left turn onto Damiano Way. He stated while he was stopped, vehicle 2 crashed into the rear of his vehicle. He stated while he was stopped he had his left turn signal on.

*vehicle 1 insurance information: Company American Family Connect Property and Casualty Insurance Company, Policy #BX08551323, NAIC# 29068

Driver of vehicle 2 stated she was Westbound on Cross ST and was behind vehicle 1. She stated vehicle 1 then slammed on his brakes which caused her to slam on her brakes. She stated she attempted to avoid crashing into the rear of vehicle 1 by going to the right but was not successful. She stated due to the wet road conditions she slid and crashed into the rear of vehicle 1. Driver 2 wanted to note vehicle 1 did not have his left blinker on.

In my investigation I find vehicle 2 at fault for this crash for following too closely as vehicle 2 needs to give herself enough room to stop safely.

145 Crash Description/Narrative

V1 was traveling north bound on Drake Rd. There are a high number of large and deep potholes on Drake Rd including one in the vicinity of 65 Drake Rd. At the time of the collision, the potholes were full of water from previous rain and could not easily be identified as existing or being as severe as they were. As V1 was traveling north bound, it struck the pothole near 65 Drake Rd causing both the front and rear driver's side tires of V1 to be damaged. It should be noted that I was advised by residents of the area that multiple vehicles had damaged their tires on these potholes throughout the last few days. Lakewood Public Works was contacted and alerted to the immediate need for repair. I was advised that they would be responding immediately to fix them.

145 Crash Description/Narrative

V1 was traveling eastbound on 1st Street. V1 then made a right turn into the exit of the parking lot for 231 Main Street, disregarding the "Do Not Enter" traffic sign posted at the exit. V1 then struck a concrete parking lot bollard, with its rear passenger side door, which is posted at the exit of the parking lot. V1 sustained minor damage and the parking lot bollard sustained minor paint transfer damage. The driver of V1 admitted that she should not have entered the parking lot from the exit. 145 Crash Description/Narrative

Vehicle 1 was traveling east bound on 1st St and while attempting to make a right hand turn onto Lexington Ave it was struck on rear passenger side by vehicle 2 who was traveling east bound on 1st St.

Driver of vehicle 1 stated that he was traveling east bound on 1st St attempting to make right hand turn onto Lexington Ave when his vehicle was struck on the rear passenger side by vehicle 2. He stated that while making the right hand turn he was not able to see vehicle 2 due to vehicle 2 being in the blind side of his vehicle.

Driver of vehicle 2 stated that he was traveling east bound on 1st St. He passed vehicle 1 on the right side and stopped at the stop sign at the intersection of 1st St & Lexington Ave. He stated the vehicle 1 attempted to make a right hand turn onto Lexington and struck his vehicle on left side of front bumper.

After speaking with the drivers of both vehicles and witness statements I have determined that driver of vehicle 2 is at fault due to improper passing.

*Vehicle 1 is self insured by the State of New Jersey. New Jersey Transit Bus Operations Inc. (NJT): One Penn Plaza East, Newark, NJ 07105-2246. Authorized representative, Kenneth B. Rotter. Bus #18126

145 Crash Description/Narrative

Driver of V1 said he looked at his back up camera before backing out of his driveway (he did not say he continuously looked at the camera). He said he was then struck by V2 which was backing out of the driveway across the street. I asked if he was looking at his back up camera the entire time and observed V2 back into his vehicle. He said he could not say. He said he was a little flustered. I asked a few more times, but he could not say that he observed V2 collide with his vehicle.

I then explained to him that he was going to be listed at fault for the crash. I explained to him that the driver of V2 said he was backing out of the driveway and then put his vehicle into drive. He said he was then struck by V1 from behind.

After a few minutes driver of V1 approached this officer again. He explained that after thinking about it, he did observe V2 backing up and striking his vehicle. He said he did not say it prior because he was flustered and had to think about it. I told him that I would add it to the report, but he would still be listed at fault. I explained that the insurance company may view it differently.

145 Crash Description/Narrative

V1 and V2 crashed on Swarthmore Avenue, near the driveway of USPS (1820 Swarthmore Avenue). Prior to the crash V1 was preparing to exit the parking lot of USPS while V2 was being driven SE on Swarthmore Avenue, approaching the driveway of 1820. V1 attempted to turn left, causing V2 to swerve left. The passenger side of V2 scraped along the front of V1 resulting in moderate damage to each vehicle. V1's front license plate was mangled beyond repair as a result of the impact.

Driver 1 acknowledged that he was at fault. My findings concur, due to him not yielding to V2. Traffic leaving 1820 Swarthmore Avenue is controlled by a stop sign where it meets the road. No injuries were reported.

145 Crash Description/Narrative

Driver of vehicle 1 stated she was Southbound on River Ave. She stated as she was going forward, vehicle 2 turned left in front of her and crashed into her vehicle. *It should be noted driver 1 refused medical attention on scene but stated she will take herself to a hospital on her own for complaint of pain to her face.

Driver of vehicle 2 stated she was facing Westbound on Sherwood DR and was stopped at the stop sign located at the intersection of River Ave. She stated when it was clear to turn she attempted to turn left onto River Ave to go Southbound on River Ave. She stated as she turned vehicle 1 crashed into her vehicle which then pushed her into vehicle 3 who was stopped facing Northbound on River Ave. She stated she waited until the light at Prospect ST was red before turning.

*Vehicle 2 insurance information: Company Economical Mutual Insurance Company, Policy# 20365458, Address 111 Westmount Road, Waterloo, Ontario, N2J454, Broker/Courtier Shepherd General Insurance INC O/A the Shepherd Group.

Driver of vehicle 3 stated she was Northbound on River Ave and was stopped before the intersection of Sherwood DR in the left turn only lane. She stated while she was stopped vehicle 2 crashed into her vehicle. *It should be noted driver 3 refused medical attention on scene but stated she will take herself to a hospital on her own for complaint of pain to her shoulder and dizziness.

In my investigation I find vehicle 2 at fault for this crash for driver inattention and failure to yield to vehicle as vehicle 2 needs to make sure it safe before turning.

145 Crash Description/Narrative

Driver of V1 stated that she was traveling west on Cross St. Driver of V1 further stated that while she was traveling, she went to make a right turn into 805 Cross St. when V2 proceeded to try to go around her, causing the collision. Driver of V2 stated that he was traveling directly behind V1. Driver of V2 further stated that while behind V1, he thought V1 was going to get in the left lane of travel, so he decided to go around V2. Driver of V2 then stated that at the last second, V1 proceeded to try to make a right turn into the parking lot, causing the crash. Driver of V2 stated that V1 did not have their directional on and that is why he went to go around V1.

In conclusion to my investigation, I determined that the driver of V2 was at fault for improper passing.

145 Crash Description/Narrative

D1 stated he was heading west bound on E County Line Road when he hit a deep pot hole. Damages were caused to the front undercarriage and fender area in front and above the Driver's side front tire. Damages were seen the both front and rear tires on the Driver's side of V1. It is unknown if the rims were damaged, however, is highly possible.

I observed the pothole which was very deep and long in length. The County was contacted to respond to fill the pothole immediately due to it being a road hazard. The pothole was filled promptly by the County.

No Reported Injuries.

145 Crash Description/Narrative

The driver of V1 stated he was traveling north on New Hampshire in the left lane. He passed through the intersection of Oak St. When V1 traveled over the man hole covers in the road, the steering wheel turned left. He attempted to turn the wheel back to the right, but the rear end of the vehicle slid. V1 slid passenger side first across the south lanes of travel. V1 exited the highway, entered the grass, struck a utility pole, roadway sign, chain link fence, and came to rest on the property of 1484 South St.

Based on my investigation, V1 caused the crash by exiting the highway and striking multiple fixed objects.
