135 Crash Description

On 12/16/16 at 1010 hours I was dispatched to the area of Rt 88 and the Ocean Medical Center entrance in reference to a two car motor vehicle accident. Dispatch advised it was in the roadway and that there were injuries.

Upon arrival I observed both vehicle 1 and 2 heavily damaged and stopped on the curb of Rt. 88 eastbound across from the Ocean Medical Center. All occupants were still inside their vehicles and a Toms River EMS vehicle, Med unit #2, was already on scene treating driver 2 for chest pain.

Driver 1 advised he was exiting the parking lot of Ocean Medical Center and was originally intending on making a right turn onto Rt 88 west. He checked both ways and believed the roadway to be clear. Before he entered the roadway he was reminded he needed to go to Lowes and then decided to make an illegal left turn. He believed the roadway to still be clear and began to enter traffic. As he pulled onto the road vehicle 2 was traveling westbound on Rt 88 and crashed into him.

Driver 2 advised she was traveling westbound on Rt 88 as she approached the entrance/exit of Ocean Medical Center. She observed driver 1 not look in her direction and then pull out into traffic. Due to being so close she could avoid crashing into vehicle 1 as it pulled into traffic to make a left turn.

Investigation at the scene revealed vehicle 1 was exiting the Rt 88 entrance/exit of Ocean Medical Center. As vehicle 1 made the illegal left turn on to Rt 88 he did not observe vehicle 2 traveling westbound on Rt 88. Vehicle 2 could not avoid the collision and crashed into the left side of vehicle 1 with the front of her vehicle. Both vehicles were damaged and towed from the scene. Driver 1 and passenger 1 both had a complaint of back pain and were transported to Ocean Medical Center by Brick EMS. Driver 2 had a complaint of chest pain and was also transported to Ocean Medical Center by Toms River EMS.

Driver 1 was issued a summons for improper turn 39:4-123 on E16-007685 and driver 2 was provided with a motor vehicle victim subpoena. There was also a motor vehicle crash witness statement form completed.

While conducting my investigation it was determined by hospital staff that the passenger of vehicle 1 sustained a critical injury. Due to the severity of the injury traffic safety was called to the scene for further investigation. Ptl. Donnelly #212 responded to Ocean Medical Center and conducted interviews with all parties involved.
