145. Crash Description/Narrative

V1 and V2 were on Rt 88, heading Westbound, at the intersection for Laurelbrook Drive.

D1 related that she was traveling West, and V2 was stopped to make a left turn. She attempted to swerve to the right to attempt to avoid the collision, but V1 struck V2.

D2 related that V2 was stopped waiting for a break in traffic to make a left turn when she was rear-ended by V1.

V1 sustained front passenger side damage. V2 sustained rear driver's side damage. No Tows. No reported injuries.

As a result of my investigation, I found V1 to be at fault for the MVC.
