145. Crash Description/Narrative

V2 was legally parked within a parking stall, in the parking deck, on the property of 425 Jack Martin Blvd (Ocean Medical Center) . The collision occurred on the ramp from the second to third level.

V1 was attempting to park directly next to V2. D1 alleges that her foot pressed the gas instead of the break and V1 struck V2 and continued forward and struck the concrete barrier/metal fence directly in front of V2.

V1 sustained damage to the front bumper and front passenger side quarter panel area. V2 sustained damage to the front driver's side quarter panel/bumper area as well as front driver's side wheel. The impact caused the alignment for V2 to be off, rendering it unsafe for travel and was towed by a private company of the owner of V2's choice.

A metal fence was pushed inward as a result of the MVC. Hospital Security Staff was on scene and advised of the damage and provided an incident card
