145. Crash Description/Narrative

Vehicle #2 was parked in a parking stall on the third level of the parking garage at Ocean Medical Center 425 Jack Martin blvd. Vehicle #1 (suspect hit & run vehicle), struck the rear bumper of vehicle #2.

Driver of vehicle #2 advised approximately around 1800 hours she went to her vehicle. As she approached her vehicle, she noticed damage to the passenger side rear tail light and damage to the bumper right underneath the tail light. According to the driver of vehicle #2 when she pulled into the parking stall this morning at around 1100 hours, there was no damage. She showed me the damage and there appeared to be no paint residue from the suspect vehicle in question.

After I provided the driver of vehicle #2 with the case number for the accident report..Security personnel at the hospital provided me with video of the incident. The video did show a dark colored SUV type vehicle pull next to vehicle #2 on the damaged side of vehicle #2. However due to the poor footage It was undetermined at this time if the dark colored SUV struck vehicle #2 as it pulled in.

Later on the SUV was observed leaving the scene driven by a possible female driver. As the SUV pulled out it did

145 Crash Description

not appear it made contact with vehicle #2 at that time.

Due to the clarity of the video, no license plate could be observed as the dark SUV was observed leaving. It is also undetermined at this time of the make and model of dark SUV at this time.
