Driver 1 (FEDEX driver) stated she was backing up to turn around and exit the cul-de-sac to continue her deliveries. She stated when she was backing up she did not see the opened trunk on V2 and collided into it.

Upon my arrival, I spoke to the parties involved in this accident. Driver 1 is at fault for backing unsafely. No damage to V1 and minor damage to V2's trunk. V2's trunk was unable to close due to the location of the damage. V2's driver was not inside the van during impact but witnessed the accident occur. V2 was parked in the driveway at this residence when it was struck. D1 was issued for suspended license and left the vehicle on scene until another worker arrived. No injuries reported.

145 Crash Description/Narrative

Driver of V1 stated he was slowing in traffic Southbound on Lanes Mill Rd. D1 stated his shoe was stuck on the accelerator, causing his vehicle to move forward when he was braking causing him to crash into V2.

Driver of V2 stated he was struck in the rear by V2 on Lanes Mill Rd.

I determined V1 was at fault for the crash. A contributing circumstance was the issue with his shoe while braking. There was very minor damage to V2 and no damage to V1, leading me to believe D1 attempted to correct the issue with his shoe but did not stop in time. V2 had two small indents where the the screws from V1's license plate case struck the bumper. I made my determination of fault based on statements from both drivers, the location of damage to both vehicles and my observations of the crash scene.

145 Crash Description/Narrative

Driver 1 stated that while stopped in traffic on Hope Chapel Rd he reached for a tissue and his foot must have come off the brake pedal and crashed into the rear of Vehicle 2.

Driver 2 stated that while stopped in traffic on Hope Chapel Rd her vehicle was suddenly struck in the rear by Vehicle 1.

Neither Vehicle 1 or 2 sustained any visible damage.

Due to driver statements and my observations I determined that Driver 1 was distracted and accidentally crashed into the rear of Vehicle 2.

There were no injuries reported on scene. End of report.

***V1 Self Insured

I observed the following accident:

V1 was travelling South on River Ave behind V2 in traffic. While approaching the intersection of Spruce St, V2 stopped to allow cross traffic to pass as to not block the intersection. V1 then collided with the rear of V2. No parties involved complained of pain or injury. Minor cosmetic damage observed on the rear of V2. No damage observed on V1. Based on my observation of the accident I find Driver 1 at fault for following too closely.

145 Crash Description/Narrative

Driver 1, Jonathan Blum was operating a 2001 Nissan Altima, NJ C31-CDE. Mr. Blum stated he was stopped on East Spruce Street behind a school bus when the bus began to back up and struck the front of his vehicle.

Driver 2, Davis Castagneto was operating a 2020 Thompson Bus, NJ S62-2S1. Mr. Castagneto stated he was stopped at the corner of East Spruce Street waiting to make a turn onto New Hampshire Avenue. There was a large truck parked to his right obstructing his view of New Hampshire Avenue so he began to inch forward to get a view of traffic on New Hampshire Avenue. He realized he was too far into the southbound New Hampshire Avenue lane of travel and began to back up. While he was backing the rear of his bus struck the front of vehicle 1 which was behind him.

Vehicle 2 insurance: Nationwide Insurance Group. Policy Number BA 2997BD. End of report.

145 Crash Description/Narrative

Driver of vehicle 1 was facing east in the parking lot of 1195 State Highway 70 . As he went to reverse out of his parking spot, he was unsure if the vehicle parked to right of him was going to reverse first. So as he began to reverse, he did not see that driver 2 was also reversing, resulting in collision.

Driver of vehicle 2 was facing west in the parking lot of 1195 State Highway 70 . As driver 2 began to reverse, he stated driver 1 did not see him and reversed at the same time striking the rear of his vehicle.

Both vehicles had minor damages; vehicle 1 had damage to the left rear passenger side of the bumper and vehicle 2 had damage to the right rear passenger side of the bumper.

As per my observation and the information provided by both drivers, driver 1 was at fault for inattention.

145 Crash Description/Narrative

Driver of vehicle 1 was not on scene upon my arrival. Driver 1 did provide her car insurance to the driver 2 and a picture of vehicle 1's license plate was taken. I spoke with Driver 1 via telephone and she stated that she was traveling south on Airport Road and was making a left turn into the parking lot of 1255 Airport Road. She stated she did not complete her left turn into the parking lot, when driver 2 began her left turn at the same time to exit the parking lot onto Airport Road. It should be noted Toms River Police Department went to driver 1's residence to verify the damages to the vehicle.

Driver of vehicle 2 was facing west near the exit of the parking located at 1255 Airport Road. She stated she was waiting to make a left turn onto Airport Road, when driver 1 who was traveling south on Airport Road approached the entrance to 1255 Airport Road. Driver 2 stated driver 1 was attempting to make a left turn into the parking lot and as driver 1 made the left turn, she made it quickly because vehicles were traveling north on Airport Road. And a result of driver 1 making her left turn quickly into the parking lot, she struck the driver side of the fender of vehicle 2.

As per the information provided by both drivers, I am unable to deem who is at fault for the collision due to the conflicting stories.

Driver #1 stated he was traveling east on Cedarbridge Ave in the right lane and as he entered in to the intersection Veh #2 made a left in front of him. **Driver #2** stated he was making a left turn on to Airport Rd from Cedarbridge Ave, he thought it was clear as two vehicles were stopped in the left lane in front of him. This officers investigation finds **Driver #2** at fault for the crash as he made a left turn failing to yield the right of way to Veh #1. **Driver #2** may have been obstructed by the vehicles stopped in the opposite left lane of travel and could not see the right lane vehicles.

Driver of vehicle 1 stated he was travelling north on River Avenue after making a right turn from 945 River Avenue when vehicle 2 behind him was also making a right turn out of 945 River Avenue struck his rear bumper.

Driver of vehicle 2 stated he was behind vehicle 1 making a right onto River Avenue from 945 River Avenue when he thought vehicle 1 continued north on River Avenue and didn't realize he stopped due to traffic causing him to strike vehicle 1 in the rear bumper.

Due to the statements from involved parties and my observations at the scene and damage to vehicles I determined vehicle 2 was at fault due to driver inattention. No injuries were reported and no summonses were issued at this time.

Driver 1 was traveling east bound in the parking lot of 140 Lehigh Avenue. Driver 2 was traveling north bound in the parking lot of 140 Lehigh Avenue making a right handed turn to leave the parking lot. Vehicle's 1 and 2 ended up colliding in the parking lot of 140 Lehigh Avenue. The parking lot is a one way and it is marked on the roadway when you drive into the lot with arrows facing west bound towards the building of 140 Lehigh Avenue all the way around a loop.

Driver 1 stated she was traveling east bound to leave the parking lot and that is when vehicle 2 struck her. I then asked her if she knew she was traveling up a one way. She stated she knew.

Driver 2 stated she was going to leave the parking lot and was making a right handed turn to head towards the exit. Vehicle 1 then struck her vehicle.

My investigation determined that driver 1 is at fault due to driving the wrong way through the parking lot of 140 Lehigh Avenue.

The driver of Vehicle 1 was traveling north on River Ave. and was slowing to a stop with the traffic when he crashed into the rear of Vehicle 2. The driver of Vehicle 1 stated he thought that he had enough distance to brake, but by the time he observed Vehicle 2 stopped, he did not have enough distance and applied his brakes and crashed into Vehicle 2.

The driver of Vehicle 2 was traveling north on Rt. 9 when she was slowing to a stop due to the traffic in front of her when Vehicle 1 crashed into the rear of her vehicle. Based on my observations and speaking with all parties involved, I determined that Vehicle 1 did not give himself enough time/distance to properly come to a stop prior to the crash.

145 Crash Description/Narrative

The driver of Vehicle 1 was attempting to make a left turn out of 220 E Kennedy Blvd and believed E Kennedy Blvd was clear and attempted to enter the roadway. The driver of Vehicle 1 did initially observed Vehicle 2, but did believe there was enough distance to make her turn prior to the crash.

The driver of Vehicle 2 was traveling west on E Kennedy Blvd when she observed Vehicle 1 initially stop, then continued into the roadway causing the crash. Based on my observations and speaking with all parties involved, I determined that Vehicle 1 entered the roadway without making sure that it was clear first, causing the crash.

145 Crash Description/Narrative

Driver of vehicle 1 stated he was traveling south on River Ave approaching the intersection with Spruce Street. He stated as he approached the intersection, the vehicle in front of him stopped so he continued around the right side of the stopped vehicle on the shoulder. While traveling around the stopped vehicle, vehicle 2 was traveling across the intersection and crashed into the driver side of his vehicle.

Driver of vehicle 2 stated he was stopped at the stop sign on Spruce St. He stated vehicles stopped in traffic in both directions and signaled him to proceed across the intersection. He stated as he traveled through the intersection, vehicle 1 traveled around the stopped vehicle in the southbound lane of River Ave. Due to this, his vehicle crashed into vehicle 1.

Vehicle 1 sustained moderate but functional damage to the driver side door panels of the vehicle and was driven by a licensed driver from the scene. Vehicle 2 sustained disabling damage to the front engine block and was towed by Barina Towing. No injuries were reported at the scene.

Driver 1 was issued one summons for being unlicensed and one summons for improper passing.

Due to vehicle 1 improperly passing a stopped vehicle, I find vehicle 1 at fault for the incident.

145 Crash Description/Narrative

The driver of V1 stated he was traveling east through a feeder lane (parking lot aisle) within the parking lot of 1088 Ocean Avenue (Pine Belt Chevrolet). The driver stated he slowly proceeded making a left turn into the through lane (main lane) when he was struck by V2. Damage was moderate to the front and rear passenger doors. No injuries were reported.

The driver of V2 stated he was traveling north through the through lane of 1088 Ocean Avenue when he was struck by V1, who turned into his lane. Damage was moderate to the front bumper and front driver side fender. No injuries were reported.

My investigation reveals: V1 failed to yield to V2, who was in the through lane of 1088 Ocean Avenue, specifically by entering the lane when it was not clear to do so. The driver of V1 is found to be at fault. The crash was avoidable.

145 Crash Description/Narrative

Based on statements made by the parties on scene, damage to the vehicles and my observations, I determined that Driver #4 is at fault due to him not stopping in time and colliding with vehicle #3 which caused a chain reaction causing the other vehicles to collide with the vehicle in front of them.

No injuries reported at the scene. Driver #2 was issued summons #A293087 for 39:3-4 (Unregistered vehicle). Driver #2 then parked vehicle #2 around the corner at 40 Ronald Road until he can register it.

V2 WAS TRAVELING NORTH BOUND ON WILLIAMS STREET, WHEN V1 PULLED OUT OF A DRIVE WAY THAT WAS LOCATED ON WILLIAMS STREET ON THE NORTH BOUND SIDE. WHILE PULLING OUT THE DRIVE WAY V2 WAS UNABLE TO COME TO A COMPLETE STOP, CAUSING A CRASH TO OCCUR.

D1 STATED HE WAS LEAVING FROM WORK WHEN V2 DIDN'T SLOW DOWN, CAUSING V2 TO STRIKE THE DRIVER SIDE OF HIS VEHICLE. AFTER THE CRASH HE PROCEEDED TO LEAVE.

D2 STATED SHE WAS DRIVING NORTH BOUND ON WILLIAMS STREET, WHEN V1 PULLED OUT OF NOWHERE, DIRECTLY IN THE FRONT END OF HER VEHICLE. D2 ADVISED ME THAT SHE DID NOT HAVE ENOUGH TIME TO STOP AND THE FRONT BUMPER OF HER VEHICLE COLLIED WITH THE DRIVER'S SIDE OF THE VAN ALONG THE REAR TIRE OF V1.

UPON DOING MY INVESTAGATION AND OBSERVING THE DAMAGE DONE TO BOTH VEHICLE, I PUT V1 AT FAULT FOR FAILING TO YIELD THE RIGHT AWAY TO ON COMING TRAFFIC.

145 Crash Description/Narrative

The pedalcyclist identified as Othie Smith was riding his bicycle north on New Hampshire Ave in the right lane along the fog line. Vehicle 1 was traveling north on New Hampshire Ave in the left lane. Mr. Smith attempted to cross both north bound lanes when he was struck by vehicle 1 which was in the left north bound lane.

After the collision, Mr. Smith was ejected from his bicycle and thrown over to the south bound side of New Hampshire Ave. Mr. Smith slid across the left south bound lane and came to rest in the right south bound lane. Mr. Smith sustained a serious head injury and was unconscious after the crash. He was treated on scene by EMS personnel and transported to Jersey Shore University Medical Center for treatment.

The crash was captured on a dash camera in a vehicle traveling directly behind Vehicle 1. In the footage, Mr. Smith can be seen abruptly moving left across the right lane and into the left lane directly into the path of Vehicle 1. The brake lights from Vehicle 1 can be seen illuminating as well as the driver taking an evasive action by steering his vehicle to the left to try and avoid Mr. Smith. Mr. Smith continued traveling to the left at which time he is struck by Vehicle 1.

The driver of Vehicle 1, identified as Chanina Hefter stated that as he was traveling north on New Hampshire Ave and man on a bicycle cut in front of him. He steered to the left to avoid the crash he was not able to. Mr. Hefter's vehicle continued across the painted median and came to controlled rest facing north in the right south bound lane. Mr. Hefter was not injured as a result of the crash.

On 4/6/2022 Lakewood Police was notified that Mr. Smith died of his injuries on the same day at 1347 hours.

See invest report for statements provided to the initial officer prior to my arrival. Based on the video of the crash no summonses have been issued to Mr. Hefter. Vehicle 1 is insured by Nation Wide Insurance of Canton, OH NAC# 37877.

145 Crash Description/Narrative

On 4/29/2022 at approximately 0538hrs, I responded to Oak Street in reference to a crash. Upon arrival, I met with the driver of vehicle 1 who was identified as Sarah Meguira. Ms. Meguira stated that when she turned right onto Oak Street, the vehicle's steering wheel got stuck and she could not turn the wheel straight. As a result of this, she struck the rear driver side of vehicle 2, then struck the rear driver side of vehicle 3. It should be noted, both vehicles 2 and 3 were parked legally and well within the shoulder and out of the roadway.

Ms. Meguira could not find proof of insurance for the vehicle at the scene of the crash and was given my work email address so she could email the proof of insurance. She did contact me via email, but was unable to forward any proof of insurance.

I was contacted via email by the owner of vehicle 2. He stated that the vehicle's wheels will not turn as a result of the crash and needed to get the vehicle towed from the scene of the crash.

There were no injuries reported at the scene of the crash.

Vehicle 1 sustained moderate damage causing it to become disabled. Barina's Towing arrived and towed the vehicle to their tow yard.

Vehicle 2 sustained scratches, denting and cracks along the driver side of the vehicle.

Vehicle 3 sustained heavy back end damage along with heavy damage to the driver side doors.

145 Crash Description/Narrative

Vehicle #1 was parked facing South in a parking spot behind 911 E Countyline Road. Vehicle #2 was travelling West through the parking lot and attempted to park into a spot next to Vehicle #1. Vehicle #2 made a tight right turn into the parking spot and crashed into Vehicle #1. Vehicle #1 sustained scratches to the front passenger side fender. Vehicle #2 sustained scratches to the middle passenger side of the vehicle. There were no report of injuries.

The operator of Vehicle #1 stated she parked her vehicle into the parking spot for work at approximately 8:30a.m. Shortly before I arrived, she was leaving work and observed scratches to the front passenger side of the vehicle with a note and phone number stating they may have hit Driver 1 car. After speaking to Driver 1, I called the phone number that was placed on Vehicle #1 and requested they come back to the scene for crash details and vehicle information to which they complied.

Driver 2 was travelling through the parking lot heading West. There was a vehicle parked near the back of the building which made it difficult to pull into the parking spot. As she was turning in, she advised that she may have made contact with Vehicle #1. I was advised that Driver 2 was unsure at first if she struck Vehicle #1 and that another car may have struck it instead. I observed a camera on the back of the building but was unable to observe footage at this time.

It should be noted that the damage to Vehicle #1 and Vehicle #2 appeared to be consistent with each other. My investigation finds Vehicle #2 to be at fault for improper turning.

145 Crash Description/Narrative

Driver 1 stated that after making a right turn onto Manetta Ave from E 5th St Vehicle 2 was driving in the middle of the road and he did not have anywhere to go. Driver 1 stated that he attempted to move as far right as possible but while passing Vehicle 2 a piece of his bus must have caught the rear bumper of Vehicle 2.

Driver 2 stated that while traveling South on Manetta Ave she moved over slightly to the left due to a parked vehicle on the right side of the road. While doing this Vehicle 1 turned onto Manetta Ave from E 5th St and continued attempting to squeeze past her. Vehicle 1 then side swiped Vehicle 2.

Vehicle 1 did not have any visible damage.

Vehicle 2 sustained damage to the rear bumper consisting of it being ripped completely off.

Due to driver statements and my observations I determined that Driver 1 failed to yield the right of way to Vehicle 2 and caused the crash.

Driver 2 had a complaint of pain to her chest and legs. She was transported to Ocean Medical Center in Brick, NJ. End of report.

145 Crash Description/Narrative

Driver of vehicle 1 stated she was Northbound on Caranetta DR. She stated as she was going forward she crashed into pedestrian 1 who ran into the road. She stated pedestrian 1 came from behind a vehicle that was parked on Caranetta Dr and then ran into the road.

Pedestrian 1 stated he was running Eastbound across Caranetta DR near 618 Caranetta DR when he was hit by vehicle 1. Pedestrian 1 had abrasions to his body and was taken to Jersey Shore University Medical Center with his mother as a precaution.

In my investigation I find pedestrian 1 at fault for this crash for running/darting across the road as he needs to make sure it is safe to do so first.
