135 Crash Description

Vehicle 1 was a white work van which was backed into a parking spot in the parking lot of the Home Depot located at 1722 RT 88. Vehicle 2 pulled into a spot next to Vehicle 1.

Driver of Vehicle 2 stated she observed a young white male strapping wood to the roof of the van as she left her vehicle and entered the store. Driver of Vehicle 2 stated that when she exited to store a few minutes later, she observe damage to her left rear fender that was not there prior to her entering the store. The owner of Vehicle 2 attempted to speak to a manager about obtaining video footage from store surveillance, but was denied by store managment.

UPDATED on 08-29-2016:

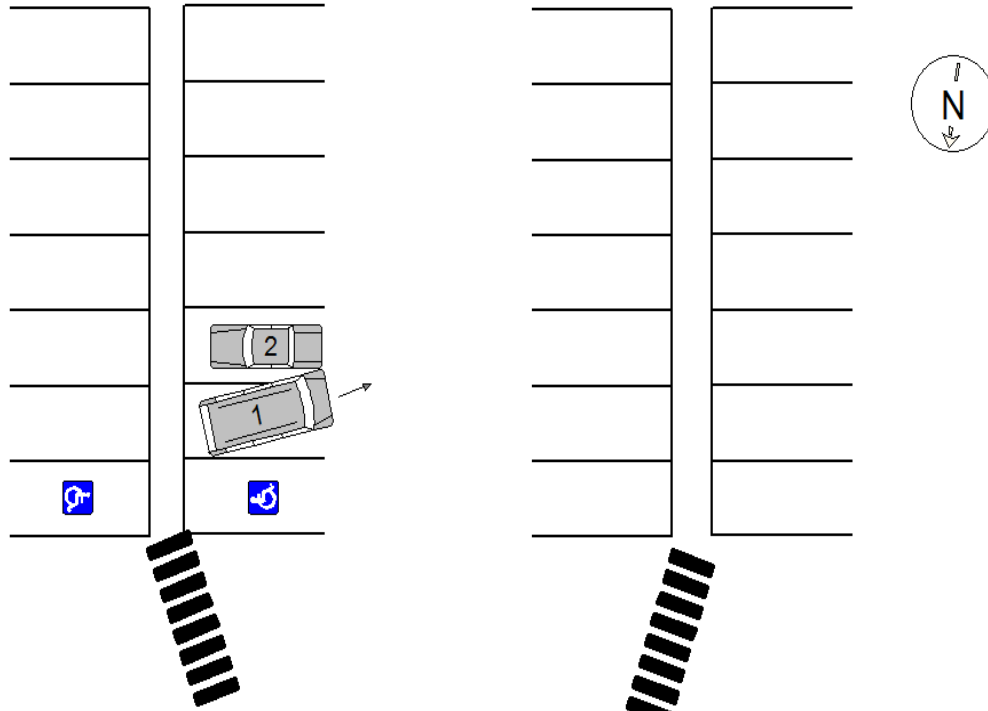

After days of attempting to contact Home Depot's Regional Loss Prevention office, my repeated calls went unanswered. I was attempting to locate video surveillance of the parking lot just outside the front entrance where the accident occurred. As a result, the report will be submitted on 08-29-2016 without information for Vehicle 1.
