145. Crash Description/Narrative

My investigation revealed the following:

Vehicle 1 was attempting to exit a parking lot by executing a right hand turn onto Midstreams Rd. Vehicle 2 was a delivery vehicle parked and unoccupied in the shoulder, while partially in the roadway, along the side of Midstreams Rd. Vehicle 1 failed to negotiate the turn properly and subsequently struck the rear of vehicle 2.

Driver 1 stated she was attempting to exit the parking lot and noticed vehicle 2 on the side of the road. There was traffic coming south on Midstreams Rd. as she attempted to negotiate the turn while avoiding vehicle 2. She was subsequently unable to avoid vehicle 2 and struck it as she was turning.

While on scene I found that there was enough room for vehicle 1 to safely navigate around vehicle 2; however, vehicle 2 was improperly parked and partially in the roadway. Based upon the all of the circumstances I find driver 1 to be at fault for the crash with the improper parking of vehicle 2 to be a contributing factor.

There were no identifying marks on vehicle 2 to determine the make and model. It is listed through DMV with
