145 Crash Description/Narrative

Driver of vehicle 1 was travelling westbound on Fairways Blvd slowing down as she approached the main gate in the resident lane. She reported that she scanned her keycard and observed the gate to rise up that gained her entry inside the association. As she was passing through, she claims the gatekeeper scanned a non-resident that gained them access inside the association which raised their gate and lowered driver of vehicles 1 gate. The gate scrapped the hood of vehicle 1 that ultimately resulted in the gate to become disconnected.

I spoke to the gatekeeper, Ronald Downing Jr, who reported that he was actively scanning in a non-resident at the main gate. He looked up and observed a blue Volvo SUV (Vehicle 1) make contact with the gate causing the gate to disconnect from the base.

Due to conflicting stories, I am unable to determine who is at fault. There are cameras at the main gatehouse that will be accessed by a supervisor and sent to my email, if possible. There were no injuries reported at the scene of the crash. Vehicle 1 was able to drive from the scene.

145 Crash Description/Narrative

Veh#1 was traveling South on Clifton Ave. **Veh#2**, towing a U-Haul trailer (WA Reg 39018AA), was also traveling South on Clifton Ave. The Driver of **Veh#1** stated that **Veh#2** came from the left lane, tried to go past him to go straight, and the trailer hit his bus. He stated that most **Veh#2** was behind him and as he was going straight he stopped and **Veh#2** tried to go in front of him.

The Driver of **Veh#2** stated that he was in the lane to come straight across and that the Driver of **Veh#1** came from the side over and cut right into him. He further stated that **Veh#1** was traveling the same way as he was, was on the right side of him, and came around him from the right. When asked if he had been in the left turn lane, he stated it was tight but he was coming straight across, however, also stated as he (driver of **Veh#2**) was coming around, **Veh#1** was now behind him, pulled up and then stopped.

Veh#1 had damage from the Driver's side rear wheel well to the rear of the bus. The trailer of **Veh#2** sustained a scrape to the passenger side rear wheel well. After several attempts of trying to obtain video from the bus company, they finally responded stating that the video was not working at the time of the crash.

Based on where the damage was to the vehicles and the Driver of **Veh#2**'s statement that it was tight and he was coming around **Veh#1**, I have determined that the Driver of **Veh#2** is at fault. No injuries. END OF REPORT.

145 Crash Description/Narrative

Driver of vehicle 1 stated he was traveling south on New Hampshire crossing over the intersection with Rt. 70. He stated the signal turned red while he was in the middle of the intersection and vehicle 2 crashed into the side of his vehicle.

Driver of vehicle 2 stated he was stopped on Rt 70 East at the traffic light with New Hampshire Ave. He stated as he started to travel, vehicle 1 ran the red light and he crashed into the side of the vehicle.

I was shown a video of the incident. I witnessed the traffic light turn green for Rt 70 East, two seconds after the light turned green, vehicle 1 came across the intersection and was crashed into by vehicle 2.

Vehicle 1 sustained disabling damage to the rear passenger side wheel well and was towed by Tilttons Auto Body. Vehicle 1 sustained minor damage to the front of the vehicle and was driven from the scene. No injuries were reported.

Due to vehicle 1 failing to observe the traffic signal, I find vehicle 1 at fault for the incident.

Driver 1 was issued one Motor Vehicle Summons for 39:4-81 failing to observe signal.

145 Crash Description/Narrative

Driver 1 stated she just turned out of the parking lot to travel east bound on East Kennedy Boulevard. Once she was traveling east bound vehicle 2 came up behind her at a high rate of speed and crashed into her. She was then sent straight across the west bound lane on East Kennedy up the curb and was sent in between a utility pole and the support wire.

Driver 2 stated he was traveling east bound on East Kennedy Boulevard when vehicle 1 conducted a left handed turn in front of him. He continued to state he tried to avoid her but did not have enough time when he crashed into vehicle 1 and his front air bags went off.

My investigation determined that both drivers 1 and 2 were at fault. Driver 1 is at fault due to not yielding to the right of way of vehicle 2. Driver 2 is at fault due to traveling at an unsafe speed. I determined this by the amount of damage done to both vehicles and where vehicle 1 ended up from the initial impact.

V1 traveling eastbound on Locust St when it side swiped V2 attempting to make lane change into the left lane.

Driver of v1 stated he was traveling east bound on Locust St in the right lane. He attempted to change lanes into the left lane when he side swiped v2 who was in the left lane.

Driver of v2 stated he was traveling east bound on Locust St in the left lane when v1 side swiped him attempting to enter his lane of travel. He said that he did not see a blinker indicating that v1 was entering his lane.

Based on drivers statements I determine that driver of v1 is at fault due to improper lane change and failure to use turning signal.

145 Crash Description/Narrative

Accident was reported 24 hours after initial incident.

Owner of vehicle 2 stated her vehicle was parked on Stirling Avenue approximately 20 feet West of Linden Avenue. On today's date, she observed it was struck by an unknown vehicle who failed to report the crash.

A witness stated he observed an older model blue pickup truck (V1) with NJ license plates (unknown numeric) traveling East on Stirling Avenue at approximately 21:20 hours on 05/27/2022. As V1 continued traveling East on Stirling Avenue, V1 struck the rear bumper of V2, and then turned left on Linden Avenue continuing North.

I checked the surrounding area for video cameras which may have captured this incident which yielded negative results. I was told by bystanders 53 Holly Street has exterior cameras on the building which may have captured V1 license plate as it turned onto Stirling Avenue from Holly Street. At the time of this writing I was unable to make contact with the owner of 53 Holly Street.

145 Crash Description/Narrative

The driver of V1 stated she was traveling east on Oberlin Ave S. She was attempting to turn left into the parking lot of 500 Oberlin Ave S. A vehicle stopped to allow V1 to turn. V1 began to turn but did not observe V2 traveling west on Oberlin Ave S. V1 and V2 collided.

The driver of V2 stated he was traveling west on Oberlin Ave S in the right lane when V1 turned in front of V2. V2 was unable to avoid a collision. V1 and V2 collided.

Based on my investigation, V1 caused the crash by not yielding to the right of way of V2.

145 Crash Description/Narrative

The driver of vehicle 1 stated she was travelling south on River Avenue when she looked down at her cell phone for a brief second ultimately making contact with vehicle 2. It should be noted that the light was green during the time of the crash.

The driver of vehicle 2 stated he was at the traffic light allowing a vehicle in the opposite lane to make a left turn onto Central Avenue when vehicle 1 made contact with his car.

Upon my investigation, I can conclude that the driver of vehicle 1 is at fault being that she admitted to being on her cell phone while operating her vehicle.

Let it also be noted, the driver of vehicle 1 reported an injury (slight abrasion on left arm from seatbelt) but refused medical treatment.

The driver of vehicle 1 was issued a summons for utilizing her cell phone while operating a motor vehicle (39:4-97.3).

The driver of vehicle 2 was issued a summons for operating a motor vehicle without a license (39:3-10) & issued a summons for failure to exhibit documentation (39:3-29) specifically his insurance card.

145 Crash Description/Narrative

Owner of vehicle two stated to the effect: I was inside my residence at 1006 Crescent Chambers when I heard a loud bang from outside. When I went outside to see what the bang was, I observed Vehicle One traveling South on Clover Street and turn left on to Cedar Bridge Avenue. Vehicle one was smoking and it sounded like something was stuck underneath it creating an abnormal sound.

Owner of Vehicle Two then discovered damage to her vehicle, which was parked on the shoulder on the South bound side of Clover Street, in front of her residence. The vehicle sustained damage to it's rear driver's side quarter panel, bumper cover, and a blown out tire.

Left behind was debris and a front right fender liner and passenger's side view mirror from what appeared to be a silver Hyundai, unknown model. Vehicle one and it's operator have not been identified at the time of this writing. Surveillance camera footage may be available from Crescent Chambers building complex, owner was advised to inquire on a weekday and forward any evidence to myself via email. No further action.

END OF NARRATIVE.

145 Crash Description/Narrative

The driver of vehicle 1 stated he was traveling South Bound on Massachusetts Avenue, just before the intersection of Cross Street. As he was approaching the intersection, he stated he observed a vehicle, parked on the shoulder of Massachusetts Avenue. The driver of vehicle 1 attempted to avoid collision and lost control of his vehicle, resulting into crashing into the parked vehicle. The driver of vehicle 1 stated, the parked vehicle did not have any lights "On", nor is blinkers. Vehicle 1 sustained what appears to be disabling damage as vehicle 1 rolled numerous times due to the crash. Vehicle 1 was towed by Tilton Towing. The driver of vehicle 1, complained of pain on his face, left knees and his right hand and was transported to Monmouth Medical southern Campus Hospital.

The driver of vehicle 2 stated he was parked on the South Bound shoulder lane of Massachusetts Avenue for the past two (2) hours with his lights and hazards lights activated, facing North Bound. He observed a vehicle traveling South Bound on Massachusetts Avenue and crashed into his vehicle. Vehicle 2 sustained what appears to be disabling damage to the front passenger side. Vehicle 2 was towed by Tilton Towing. The driver of vehicle 2 did not complain of pain and declined any medical attention. Vehicle 2 also had a front passenger, who also did not complain of pain and declined any medical attention.

Based on my observation, I observed vehicle 2 to be parked two (2) feet off the roadway, as I observed where the tires were resting prior to the crash and seen the dirt skid marks from the push/impact of the crash. Due to this discovery, the driver of vehicle 1, was issued another summons for " Failure to Maintain Lane".

145 Crash Description/Narrative

Vehicle 2 self insured. Certificate No. 79 Enterprise Rent a Car.

While I was getting ready to clear a crash in the roadway on New Hampshire Avenue while stopped in the right lane, I looked back and noticed two vehicles side swipe each other. I did not see how the crash occurred, but I did notice that vehicle 2 was in the left lane and vehicle 1 appeared to be merging or changing lanes into the left lane of travel going South on New Hampshire. Driver 2 stated that he was in traffic in the left lane of New Hampshire traveling South when vehicle 1 changed lanes and went into his lane and side swiped his vehicle. Driver 1 stated that she was merging into the left lane of New Hampshire because the right lane of traffic was blocked with a crash and sideswiped vehicle 2. Driver 1 blamed driver 2 for not yielding. Evidence of crash indicates, driver 1 caused collision for driver inattention for not looking as she was merging and changing lanes unsafely which caused collision. No complaint of injuries.

Driver of vehicle 2 stated he was behind vehicle 1 stopped on Princeton Avenue when he struck vehicle 1 in the rear bumper. Driver of vehicle 2 further explained he is new to driving a manual vehicle and that is what contributed to the crash.

Based on statements from involved parties and my observations at the scene and damage to the vehicles, I determined that vehicle 2 is a fault due to driver inattention and following too closely. No summonses were issued and no injuries were reported.

145 Crash Description/Narrative

Driver of vehicle 1 stated she was travelling north on Hearthstone Drive and there were two vehicles parked on opposite sides of the roadway when she saw driver of vehicle 2 travelling south towards her. Driver of vehicle 1 further explained she sounded her horn to get driver 2's attention as there was not enough room in the roadway due to the parked cars for both vehicle 1 and 2 to pass which is when driver of vehicle 2 struck the drivers side front bumper of her vehicle causing a side swipe. Driver of vehicle 1 also believes driver of vehicle 2 was on his cellphone during the time of the incident.

Driver of vehicle 2 stated he was travelling south on Hearthstone Drive and vehicle 1 was travelling north on Hearthstone Drive at a high rate of speed and with parked vehicles on opposite sides of the roadway driver of vehicle 2 explained vehicle 1 stuck his vehicle on the drivers side causing a side swipe due to there not being sufficient room for both vehicles to pass.

This officer was able to review video footage from vehicle 1 at Klarr Transportation which shows vehicle 1 passed the first parked vehicle on the east side of the roadway and approaching the parked vehicle on the west side of the roadway while vehicle 2 had ample time to yield to vehicle 1. The video footage also recorded vehicle 1's speed which was captured at 18 miles per hour. At no time through watching the video was this officer able to determine if driver of vehicle 2 was operating a cellphone while operating a vehicle.

Based on statements from involved parties, my observations at the scene, damage to the vehicles and video obtained from Klarr Transportation I determined that vehicle 2 is at fault due to failure to yield right of way to vehicle. There were no injuries reported and no summonses were issued at this time.

The driver of V1 stated he was traveling north on River Ave when V2 stopped abruptly in front of him. V1 attempted to stop but was unable to do so prior to colliding with the rear of V2.

The driver of V2 stated he was traveling north on River Ave. There was stop and go traffic. A vehicle was inching out of Providence Ave to turn left on onto River Ave. V2 stopped to allow that vehicle to turn. While stopped V2 was struck by V1 from the rear.

Based on my investigation, V1 caused the crash by striking the rear of V2.

When I was returning his documents to the driver of V2, he stated he was slightly dizzy. He denied first aid, but requested Advil or Tylenol. I advised him I was unable to provide that to him.

The driver of V1 stated he was traveling south on Avenue of the States. He attempted to make a right turn onto Pine St, but stated he did not observe V2 in the right turn lane waiting to turn. V1 collided with V2.

The driver of V2 stated she was traveling south on Avenue of the States. She was stopped in the right turn only lane. The signal was red and she was waiting for traffic to allow her to turn. While stopped, V1 attempted to pass V2 on the left but struck V2 in the process.

Based on my investigation, V1 caused the crash by improperly passing V2.

145 Crash Description/Narrative

Driver of vehicle 1 was headed eastbound on Cedarbridge Ave in stop and go traffic. She reported that there was a school bus stopped at the railroad tracks with its lights activated. She added that the vehicle in front her (vehicle 2) stopped short that lead to her slamming on her brakes but ultimately crashing into the rear of vehicle 2.

Driver of vehicle 2 was stopped in traffic facing eastbound on Cedabridge Ave. She reported that there was a school bus stopped at the railroad tracks with its lights activated. She added that the vehicle in front of her slammed on their brakes which lead to her slamming on her brakes. Driver of vehicle 1 stated that she was then struck in the rear from vehicle 1; who attempted to brake, as well.

After my investigation, I determined that driver of vehicle 1 is at fault for following too closely. Vehicle 1 sustained moderate damage to the front driver side area near the bumper and tire. Vehicle 2 sustained moderate damage to the rear driver side bumper. Both vehicle 1 and vehicle 2 were able to drive from the scene. There were no injuries reported at the scene of the crash.

145 Crash Description/Narrative

Driver of vehicle 1 stated he was Eastbound on James ST and was approaching the intersection of Williams ST. He stated as he was going forward, vehicle 2 made a left turn in front of him and crashed into his vehicle.

Driver of vehicle 2 stated she was Northbound on Williams ST and was stopped at the stop sign at the intersection of James ST. She stated she then pulled up a little and when it was safe attempted to make a left turn onto James ST but vehicle 1 crashed into her. She stated she was already completing her turn and was in the middle of the intersection when vehicle 1 crashed into her.

In my investigation I find vehicle 2 at fault for this crash for driver inattention and failure to yield to vehicle as vehicle 2 needs to make sure it is completely safe before attempting to turn from a stop sign.

145 Crash Description/Narrative

V1: Stated that she was traveling East on Cedar bridge Avenue when she attempted to make a left turn in to 1985 Cedar bridge Avenue. The driver of V1 stated that as she turned, she struck the front driver side bumper of V2. The driver of V1 was not injured and her car was towed, disabled, from the scene by Heshey's towing. The driver of V1 was also issued a summons for careless driving.

V2: Stated that she was traveling West on Cedar bridge Avenue when V1 made a left turn right in front of her. The driver of V2 stated that she was unable to avoid the crash and was struck on the front driver side bumper of her vehicle. The driver of V2 was not injured and her vehicle was towed, disabled, from the scene by Heshey's towing.

Through my brief investigation I find V1 at fault for failing to yield to the right of way of V2.

145 Crash Description/Narrative

Driver 1 stated he was traveling west bound on North Lake Drive when the traffic signal had turned yellow. He sped up to the light and attempted to turn left onto Hope Chapel road when he lost control of the vehicle and struck the traffic signal pole causing the fixture to fall south onto Hope Chapel.

Driver 2 stated that he had turned left onto Hope Chapel from North Lake Drive when Vehicle 1 struck the traffic light pole behind him causing the fixture to fall and strike the front end of his vehicle.

After my investigation I determined Driver 1 to be at fault for failing to obey a traffic signal and striking the traffic light pole causing it to fall and strike Vehicle 2.

There were no reported injuries on scene. Vehicle 1 sustained disabling damage to the front end of the vehicle and the driver side front airbag deployed. It was towed by Heshy's Towing. Vehicle 2 sustained moderate damage to the front driver side of the vehicle and the hood of the vehicle. Driver 1 was issued a summons for careless driving (39:4-97).
