145. Crash Description/Narrative

Vehicle 1 was traveling west thru the parking lot of 1930 Rt. 88 toward the exit to Rt. 70 east when it lost control and struck a curb causing damage to the right front tire and rim. Driver 1 initially stated that he "cut" the turn too sharp and hit the curb causing a tire blowout. A witness who observed the crash stated that vehicle 1 was driving erratically thru the parking lot and doing several "burnouts" when it lost control and struck the curb. After the crash, vehicle 1 left the immediate area at a high rate of speed and parked at the opposite end of the parking lot. At the vehicle 1 was located by police, driver 1 was attempting to change the damaged tire in an area of the parking lot near a vacant building out of view from the scene of the crash. Driver 1 was advised of the witness statement and advised that he was driving erratically in the lot and after doing a "donut" he lost control of the vehicle and struck the curb.

Vehicle 1 sustained a damaged right front rim and flat tire and no injuries were reported. A fresh tire impact mark was observed on the curb at the point of impact. Numerous skid marks were observed in the area of the crash area that were consistent with the witness statement regarding vehicle 1 doing "burnouts/donuts" in the lot prior to the crash. The contributing factor for the crash was driver 1's careless operation of the vehicle which cause him to loose control of the vehicle and strike the curb. Driver 1 was issued the following summons:
