135 Crash Description

Vehicle #1 was backing out of a parking space in the parking lot of Ocean Medical Center (425 Jack Martin Blvd.), near the Oncology entrance, and struck vehicle #2, who was traveling west through the parking lot.

Vehicle #1 driver stated he had completely back out of his parking space, came to a stop, and was in the process of shifting his vehicle into drive, when he was struck by Vehicle #2, who he states was attempting to pass him on the left side.

Vehicle #2 driver stated she was traveling through the parking lot and was struck by Vehicle #1, who was still in the process of backing out of his parking space.

Due to the conflicting stories, I spoke with hospital security and asked to view the surveillance video of the parking lot. The surveillance camera for the parking lot was a revolving camera, so I was unable to see the crash in motion. However, I was able to see a still shot of the two vehicle's at impact. As depicted in the diagram, Vehicle #1 had not completely backed out of his parking space in the still shot I viewed, and Vehicle #2 was facing straight forward.
