On 12/2/19 at 1151 I was dispatched to the parking lot of IHOP (1749 Rt. 88) in reference to a motor vehicle crash. When I arrived on scene vehicle 1 had moved from the crash site but vehicle 2 had not moved. Neither driver stated they were injured and did not wish first aid.

Driver vehicle 1 stated she was getting ready to back out of her parking spot and checked her mirrors and saw a vehicle stopped behind her. Driver vehicle 1 waited and the vehicle left. Believing it was safe to back out she proceeded to back slowly. As she backed she struck vehicle 2, which was stopped in front of the IHOP.

Driver vehicle 2 stated that she was in the process of picking up another from the IHOP when she was struck from behind by vehicle 1. Driver vehicle 2 stated she was stopped and waiting for an individual to cross in front of her before moving up to the front door when she was struck from behind by vehicle 1

145. Crash Description/Narrative

Investigation revealed vehicle one was traveling southbound on the access road leading from State Highway 88 to the parking lot of 1551 State Highway 88 (Brick Township Municipal Utilities Authority). Driver one got out of the vehicle to place a check in the drop-off box next to the front gate. While driver one was outside, vehicle one continued traveling forward driverless, and its front end struck the mechanical metal gate.

Prior to my arrival, driver one left the scene and returned to his residence. Upon my arrival, I spoke with Colin Campbell (732-773-9323), the overnight supervisor who reported the damaged gate. Campbell received a phone call from driver one during this time, explaining what occurred. Driver one was identified as Kevin Myron Lotosky (L67764337402574 / NJ; 732-233-2057).

Driver one stated he traveled to BTMUA to drop a check off in the drop-off box next to the front gate. He stopped his vehicle in front of the gate, and exited it to drop the check off. Driver one forgot to put his vehicle in park, and it continued to travel forward driverless. He was unable to react quick enough to stop his vehicle, and its front end struck the left side of the front gate. Driver one did not report any injuries, and vehicle one sustained minor damage.

145 Crash Description

As a result of the crash, the front gate had disabling damage as it was severely bent, it was off its track, and its mechanical chain was snapped.

Based on the facts and what was reported by driver one, I determined he was at fault because he did not put his vehicle in park prior to exiting it.

Driver one was issued the following summonses:

Leaving Vehicle with Engine Running (39:4-53) on summons E19-6974;

Leaving Scene of Accident w/ Property Damage (39:4-129B) on summons E19-6975.

145. Crash Description/Narrative

Vehicle #1 was making a right turn onto Route 88 westbound from the intersection of Route 88/Olden Street.

Vehicle #1 ran off the roadway and struck the bushes surrounding the 1725 Route 88 (Laurelton Fire House, Station 23).

Driver of vehicle #1 stated she was making a right turn onto Route 88 westbound from the intersection of Route 88/Olden Street. At that time, her vehicle lost control due to the wet road conditions. She ran off the roadway and struck the bushes surrounding the Laurelton Fire House, Station 23.

145. Crash Description/Narrative

The driver of vehicle #1 stated that he was traveling west on Rt. 88 just before Allaire Avenue, when a smaller sized Red SUV, possibly a Hyundai Santa Fe, pulled out from Allaire Avenue in front of him. He said that the vehicle moved across the westbound lane of Rt. 88 at a slow rate of speed as it made a left turn onto Rt. 88 east. The actions of the driver of the Red SUV, caused driver #1 to slam on his brakes and pull to the right side of the roadway. Vehicle #1 then ran off the right side of the road and collided into Vehicle #2, which was parked on the property of Rt. 88 Auto body and came to rest as it struck the paver landscape wall around the Rt. 88 Auto body sign, also on the property.

The driver of the red SUV, did not stop and continued on Rt. 88 eastbound. It was undetermined if the white older male driver was aware that he had caused the crash. Driver #1 stated that he believed that the older male driver had just left the Meridian Health Gym located at the end of Allaire Avenue.

I responded to the gym and spoke to management who advised that there is a lot of older males that use their facility and that their cameras do not cover the parking lot.

Investigation at the scene indicated the following: Vehicle 2 was unoccupied as it faced south in the parking lot

of 1695 Route 88. Vehicle 1 entered the parking lot, backed up and struck the rear of vehicle 2 with the rear of the vehicle. The driver left the area without notifying police or the owner of the vehicle he struck. The

accident was recorded on video surveillance from the office building and an employee from the office also

witnessed the accident, see her witness statement form.

The owner of vehicle 2 stated the following:

One of his employees notified him that a white vehicle bearing New Jersey registration #N54JXM crashed into his vehicle and sped off.

I was able to get in contact with driver of the suspect vehicle via telephone. I met with the driver in Brick

Township and he provided me with the following statement:

He passed the restaurant he was supposed to deliver pizza crust to and turned around in the parking lot where the

accident occurred. He backed his vehicle up slowly and bumped into the rear of vehicle 2. He was unable to locate the owner of the vehicle he struck and he did not observe damages to either vehicle so he left.

It was determined on scene that driver 1 was at fault for the accident and I issued him a summons for failure to report an accident.

At approximately 1600 hours, I returned to 1695 Route 88 to review the video surveillance of the accident. The recording show vehicle 1 enter the parking lot and back right into vehicle 2 causing vehicle to move forward while parked. The driver of vehicle 1 did not get out to observe damages or notify the owner of the vehicle and the vehicle left the area.

Due to driver 1's inconsistent story compared to video surveillance, I issued him an additional summons for leaving the scene of an accident. I contact driver 1 via telephone and notified him of the updated information and to expect the summons via certified mail.

145. Crash Description/Narrative

Vehicle 1 was pulling into a parking space at the Laureilton Baptist Church, 1595 Route 88, struck the concrete portion of a light pole, and struck a fence belonging to 1606 West Princeton Avenue. As a direct result of the crash the broken fence struck a shed that also belonged to 1606 West Princeton Avenue.

Driver 1 stated she was attempting to park when she hit a patch of sand. Driver 1 stated when she felt her vehicle hit the sand it all of the sudden jolted forward, causing her to hit the light pole and the fence before she was able to stop. Driver 1 stated that everything happened so fast and she could not recall specific details but that it was possible her foot slipped off the brake and onto the gas pedal.

Investigation revealed that the cause of the crash was due to a combination of the sand patch on the ground along with driver 1 possibly hitting the gas pedal instead of the brake, causing her to accelerate forward into the pole and fence.

145. Crash Description/Narrative

Vehicle 1 was backing in the parking lot of 1541 Route 88, attempting to back into a parking stall. Vehicle 2 was traveling south in the parking lot, same location. Vehicle 1 struck Vehicle 2, causing damage. No injuries were reported on location.

Driver 1 stated that prior to the crash, he pulled partially into a parking stall closer to the building, then began to back into a stall along the rear of the property. Driver 1 stated that he checked both mirrors prior to backing and assumed his path was clear. Vehicle 1 was blocking the right side of the travel lane as he began to back.

Driver 2 advised that while traveling south in the parking lot prior to the crash, he observed Vehicle 1 partially in a parking stall and partially in the travel lane. Driver 2 stated that he was unaware the Vehicle 1 was going to travel in reverse. Driver 2 further stated that as he passed Vehicle 1, he had to move to the left of the travel lane in order to proceed forward. Driver 2 stated also that as he was passing Vehicle 1, he heard the back up chime installed in Vehicle 1 come on. Driver 2 advised that he was already half-way passed Vehicle 1 when it began to back.

145. Crash Description/Narrative

A one vehicle crash occurred on 8/14/2019 at approximately 0942 hours involving a struck pedestrian in the parking lot of 1640 Route 88 (Brick Medical Arts Building). Ptl. Valeri #244 and I responded to the scene. Our body worn cameras were on during this investigation.

Driver of vehicle #1, Edward Hart, advised he was driving into the handicap marked parking space and pedestrian #1, Thomia Jones-Fish, was standing in the parking space. Hart stated he pulled in slowly and advised her to move out of the way. Hart advised he got out of the vehicle after parking and Jones-Fish stated Hart had hit her with his vehicle.

Jones-Fish advised she was saving the parking space for her ride by standing in the middle of the handicap marked parking space. Jones-Fish stated vehicle #1 began pulling into the spot and advised her she can't save the space. Jones-Fish advised he continued pulling into the space and she refused to move. Jones-Fish stated vehicle #1 struck her in the left leg with the left lower front of the vehicle.

Brick EMS responded to the scene, however Jones-Fish refused any medical treatment on scene. Jones-Fish advised

Vehicle #1 (NJDOT 216504) attempted to travel forward from a parking space in the parking lot of 1640 RT 88.

While attempting to travel forward and to the right Vehicle #1 struck Vehicle #2 in a same direction sideswipe crash.

The Driver of Vehicle #1 stated he attempted to travel forward out of the parking space to the right. Driver #1 stated as he turned to the right he collided with Vehicle #2 which was parked in a parking space to the right and unoccupied. Driver #1 stated his rear right wheel well guard made contact with Vehicle #2. I observed the damage to Vehicle #1 was only to the right rear tire wheel well guard.

Driver #2 was not on scene at the time of the crash. Vehicle #2 sustained left lower front end damage.

Based on my observations and statements made by Driver #1 I found Driver #1 at fault for the crash.

145. Crash Description/Narrative

On July 19 2019 at approximately 1136. I responded to 1722 RT 88 Home Depot parking lot for a hit and run crash that occurred some time between 1120 hours and 1130 hours.

On arrival, I spoke to the owner of Vehicle #2 who stated advised his parked vehicle was struck while he was inside the Home Depot store.

A witness advised she observed a tan pickup back out of a parking space and collide with vehicle #2 on the rear drivers side. She advised the driver of Vehicle #1 exited the vehicle observed the damage and then returned to his vehicle and left th area. The witness was able to provide a partial license plate number of 5ZY and stated the driver left the area westbound on RT 88.

145. Crash Description/Narrative

On June 21, 2019, Ptl Marmer #304 and I, responded to Headquarters to speak with a female regarding her car being struck in a parking lot.

Upon our arrival, we spoke with Brandi Serra, who stated she exited her house this morning and went to work at 0900 hours with no damage to her car. Her shift was over at 1300 hours when she went to her car and left the parking lot. She went directly home and parked in front of her house. Serra then went to leave her house and saw the damage to her rear passenger side door. No paint transfer was observed near the damage to help identify a suspect vehicle.

I then responded to Home Depot, 1722 Route 88 and spoke with the store manager who stated he did not have access to the video surveillance cameras that were observed outside of the store. He also advised he knew that the cameras did not reach the parking spots along the wood line that Serra advised she parked along.

145. Crash Description/Narrative

On scene investigation concluded:

Driver #1 said he proceeded to back out of the parking spot when the rear left bumper of vehicle #1 collided into the rear right bumper of vehicle #2 causing minor damage to vehicle #1. Driver #1 stated he did not see vehicle #2 prior to backing out of the parking spot.

Driver #2 said she proceeded to back out of the parking spot when then the rear right bumper of vehicle #2 collided into the rear left bumper of vehicle #1 causing moderate bumper damage to vehicle #2. Driver #2 said she did not see vehicle #1 prior to backing out of the parking spot. Driver #2 did say she was approximately a car length out of the parking spot where the point of impact occurred.

Both drivers were unable to confirm which driver had the right away due to not seeing each others vehicle backing up prior to the collision. Based on driver #2 stating she was approximately one car length out of the parking spot concludes that driver #1 was at fault for unsafe backing.

Vehicle 2 was parked in a parking spot at Home Depot, 1722 Route 88, when vehicle 1 struck vehicle 2 and subsequently left the scene. Owner of vehicle 2 stated that he parked his vehicle head on into a parking spot at approximately 1045 hours and returned to his vehicle at approximately 1108 hours. When the owner of vehicle 2 arrived back at his vehicle he observed scratches on the rear passenger's side quarter panel of the vehicle. The owner of vehicle 2 also pointed out that there was damage to the plastic fender flare around the rear passenger's side wheel well. I observed the described damage and it appeared that the rubber between the fender flare and the body of the vehicle was pushed forward, indicating that vehicle 1 struck vehicle 2 while attempting to pull into the parking spot next to it. I observed the paint transfer to be white and the scratches and paint transfer were high on the body of vehicle 2 consistent with a work van. I was unable to locate a vehicle in the area that I could positively identify as the suspect vehicle. I spoke to management who advised they would reach out to loss prevention as they were not in the store and if there were any cameras that observed the incident they would advise me via

145. Crash Description/Narrative

My investigation revealed the following:

Vehicles 1 and 2 were both backing out of their parking spaces in the parking lot of Home Depot, 1722 Route 88.

When vehicle 1's driver, also Pedestrian 1, observed Vehicle 2 backing towards her she attempted to signal it by sounding her horn. Vehicle 2 continued backing. Pedestrian 1 put Vehicle 1 in park and left it parked in the middle of the lot to exit the vehicle and signal Driver 2 to stop. Vehicle 2 continued backing until it impacted Vehicle 1. Vehicle 2 hit the open driver's door of Vehicle 1 causing it to close on Pedestrian 1 who was standing in the door way of the vehicle. Vehicle 2 continued pushing on the door until someone yelled for Driver 2 to stop.

Pedestrian 1 stated she was in the middle of the lot waiting to continue forward when she saw Vehicle 2 backing towards her. After sounding her horn did not work, Pedestrian 1 exited her vehicle to signal Driver 2. Pedestrian 1 advised Vehicle 2 continued backing causing her to be crushed by the door which was struck by Vehicle 2.

Driver 2 advised he did not see Vehicle 1 behind him while he was backing causing him to impact it.

145 Crash Description

Vehicle 1 sustained minor damage on the driver's side front door and was left parked at the scene.

Vehicle 2 did not sustain any apparent damage as a result of the positioning of the vehicles during the crash. Be that as it may, Driver 2 did report a dent which was on the passenger side rear quarter panel as being new damage. The damage could have possibly been caused by someone smacking their hand on the side of the vehicle to signal driver 2 to stop. Vehicle 2 was driven from the scene.

Pedestrian 1 was suffering from complaints of pain and was transported to the Brick ER by Brick Police EMS.

145. Crash Description/Narrative

Vehicle #1 backed into a employee access card reader at the front gate of Brick Township Municipal Authority (1551 RT 88).

The Driver of Vehicle #1 stated she arrived at Brick Municipal Authority to pay her bill at the front gate drop box. Driver stated once her payment was dropped off she started in reverse to attempt a k turn. Driver #1 stated she backed up several feet and then turned her wheel to the right in an attempt to turn her vehicle around to exit. Driver #1 advised once she turned far enough she placed her car in reverse. At this time Driver #1 stated she was having a hard time turning her vehicles wheel and due to focusing on her steering she backed into the companies employee card reader. I observed vehicle #1 was leaking what appeared to be power steering fluid. Vehicle #1 rear window was shattered due to the crash.

The Brick Municipal Authority employee card reader had damage to the cover of the device but was still functional according to the property manager Steve Czaplinski who was on scene.

145. Crash Description/Narrative

Vehicle 1 was traveling North attempting to turning left in the parking lot of 1722 Route 88 (Home Depot).

Pedestrian 1 was walking east in the parking lot pushing a shopping cart. Vehicle 1 struck the shopping cart

being operated by Pedestrian 1 with its left front bumper causing the shopping cart to hit against Pedestrian 1

arm. Vehicle 1 received no damage. Pedestrian 1 had minor complaint of pain on left forearm.

Driver 1 advised while attempting to make the left turn he struck the shopping cart. Driver 1 advised he did not

see the shopping cart or the pedestrian. Pedestrian 1 advised while she was walking along the curb with the

shopping cart. Vehicle 1 turned left and hit the front left of the shopping cart causing it to push back into her

arm.

Based on my observation and statements made by both parties, I determined that Driver 1 is at fault due to driver

inattention and failure to yield to a pedestrian.

Model of Vehicle 1 is a Nissan NV2.
