145. Crash Description/Narrative

V1 and V2 were on Jack Martin Blvd. making the left turn onto Rt 70 Eastbound. It should be noted that there are two left turn lanes at this intersection, with the line dotted through the intersection to mark the lane.

D1 alleges that she was attempting to negotiate the turn, and was not used to the new vehicle and took the turn slightly wider than anticipated and the wheel of V1 struck V2.

D2 alleges that she was negotiating the turn onto Rt 70 and maintained her lane while turning. In the turn, V1 drifted out of their lane and struck V2.

No visible damage was observed on V1 as it appears the point of impact was the front passenger tire of V1. V2 sustained damage to the rear driver's side door/rear quarter panel.

As a result of my investigation, I found V1 to be at fault for the MVC.
