145. Crash Description/Narrative

On scene investigation revealed that vehicle 1 was stopped on Rt 88 (westbound) at a red light. Vehicle 2 was traveling north on Midstreams Rd. approaching the intersection of Rt. 88. Vehicle 1 then traveled through the red light resulting in vehicle 2 colliding with vehicle 1. The drivers provided the following statements:

Driver 1 stated that she was traveling on Rt. 88 westbound behind a white sedan. That vehicle was said to be impeding the flow of traffic and stopping erratically in the lane. Driver 1 stated she proceeded to go around that vehicle and approached the red light at the intersection of Rt. 88/Coolidge Dr. Driver 1 stated moments later a female began banging on her passenger side window while yelling and screaming. Driver 1 lowered her passenger side window at which time the female struck the front seat passenger in the face with a open hand. Driver 1 stated she became afraid for her and her daughter's safety and drove off into the middle of the intersection to evade the female. The female then ran back to the unidentified white vehicle. The female was described as a white female, between 30-40 years of age, with shoulder length blonde hair.

As vehicle 1 entered the intersection, vehicle 2 was going straight ahead and collided with vehicle 1. The unidentified vehicle then took off in an unknown direction. Driver 1 stated she had a previous injury prior to

New Jersey Police Crash Investigation Report

Motor Vehicle Crash Description

Police Dept: Brick Police Code: 01Station: Case No: 2022-00058544

145 Crash Description

the crash and denied medical assistance. The front seat passenger was evaluated for the strikes to the face and denied further medical attention. Vehicle 1 was disabled as a result of flames from vehicle 2 and was towed by Brick Performance back to driver 1's residence.

Driver 2 stated that he was traveling north on Midstreams Rd. and was approaching the intersection of Rt. 88/Midstreams Rd., when vehicle 1 entered the intersection and collided with the vehicle. Vehicle 2 had caught fire and was fully engulfed with flames resulting in the vehicle becoming disabled. Driver 2 had complaints of pain to his shoulder and neck, he was transported to Ocean Medical Center for further evaluation. Vehicle 2 was towed from the scene by Andrews Auto Body.

Investigation concluded, that after I observed security footage from Wine World (2085 Rt. 88) I confirmed that vehicle 1 had entered the intersection after going through the red light attempting to evade an unidentified female. I observed a unknown female flee from the passenger side of vehicle 1 in an eastern direction. I then observed an unknown white sedan leave the scene at a high rate of speed and turn left onto Midstreams Rd. I was unable to make any determination of the vehicle's make or model. I also observed that vehicle 2 had the green light and right of way. I found driver 1 to be at fault for the collision as her actions following the assault resulted in the crash. See case form for additional details.

Driver 2 was admitted to Ocean Medical Center and seeking further treatment for his complaints of pain to his neck and shoulder. At the conclusion of this investigation it is unknown what his injuries were. He was provided with an accident victim form. Body worn camera was activated during the investigation. See diagram for further details.
