145. Crash Description/Narrative

On 08/20/2022 at 1201 hours, I (Ptl. Van Note #326) responded to 1643 NJ-88 (Taylor Sam's) for a report of a hit and run. Upon my arrival I spoke with restaurant management staff which advised me a black Toyota Corolla was backing out of a parking spot when it struck a metal framing post that supports the front patio awning. Management staff advised me that the vehicle left the private property and the driver did not seem to notice they struck the metal frame. Due to the frame's location on top of a curb, staff advised me it looked as if the driver thought they had just struck the curbing.

Management staff supplied me footage of the incident. It should be noted that the camera angle was only able to capture a small portion of the incident but it did include the suspect vehicle NJ license plate. I was able to locate where the suspect resides and interviewed her regarding the incident.

Vehicle 1 was backing out from a spot located on the property of 1643 NJ-88 (Taylor Sam's) when it struck a metal frame post supporting a front patio awning.

Driver 1 stated she was backing from a parking spot when she struck what she thought was a curb with her rear

tires. She left the scene due to her believing it was just the curb. I did locate minor indent damage done to driver 1's rear bumper that matched the metal frame at Taylor Sam's.

Management staff advised me minor damage was done to the metal framing therefore they would like a police report as precautionary. I supplied staff as well as driver 1 with a crash report card and directions on how to obtain their report.

Department issued body worn camera footage available upon request.
