145. Crash Description/Narrative

Both vehicles were traveling westbound on NJ-88 entering the Laurel Square parking lot on the right when the motor vehicle accident occurred.

Driver 1 stated he was traveling west on NJ-88 when he made a right turn into the Laurel Square parking lot. It was at this moment driver 2 side swiped him causing moderate but significant damage to vehicle 1's left side door paneling. I did observe the damage, as well as noticed that the driver side door was difficult to open due to the damage. Driver 1 stated that driver 2 did not have his blinker on, therefore he moved around him on the shoulder to enter the parking lot. This is when driver 2 unexpectedly turned right into the parking lot as well.

Driver 2 stated he was traveling west on NJ-88 prior to making a right turn into the Laurel Square parking lot and suddenly noticed vehicle 1 next to him making the turn as well. Driver 2 stated he believes that driver 1 became impatient in the traffic that builds up in the area, and drove on the shoulder to enter the lot without waiting. This is when vehicle 2 struck vehicle 1's not expecting a vehicle to be on the shoulder. Vehicle 2 sustained minor damage to its front right lower bumper.

145 Crash Description

Both driver's statements lined up with the vehicle damage that I had observed. I advised both drivers on how to obtain their police reports for when they contact insurance.

Department issued body worn camera activated.
