145. Crash Description/Narrative

On 09/13/2022 at approximately 2351 hrs. I responded to the intersection of RT 70 and Olden Street for a report of a motor vehicle accidents with injuries. Investigation at scene revealed: V1 was traveling east on RT 70 approaching the intersection of Olden Street. V2 was traveling north on Olden Street after taking the jug handle at the intersection of RT 70. Driver 1 ran the RED traffic signal while Drive 2 was traveling straight through. V1 struck V2 at the intersection. I observed heavy front end damage to both vehicles with both having front and side airbag deployment. Drive 2 had a complaint of pain to his back.

I spoke with Driver 1, Carmine Derosa, who stated while traveling east on RT 70, he most likely ran the RED light causing both vehicles to collide. Carmine did not sustain any injuries.

I then spoke with Driver 2, Angel Angelov, who stated while beginning to cross through the aforementioned intersection, he observe V1 disregard the RED light ad striking his vehicle. Angel was treated by EMS for a complaint of pain to his back. He refused further medical attention.

V1 was towed by Joe's Service and V2 was towed by Legacy Towing
