Vehicle #2 was backing out of her spot in the Walmart parking lot when she was struck by vehicle #1. Vehicle #2 was out of the spot and was almost turned to face the road when Vehicle #1 backed out of the spot and crashed into the left side of the vehicle. Driver #2 stated that she had backed out of her parking space and was almost facing the road when she felt Vehicle #1 strike the rear left side of her vehicle. Driver #2 stated that she made sure nobody was coming down the road and that it was clear to back up before she backed out of the space. Driver #1 stated that he thought it was clear when he started to back out of his parking space. Driver #1 stated that he believes that they exited the parking spaces at the same time and that they both crashed into each other. Driver #1 does not have a drivers license because he is a citizen of Russia. Driver #1 is in the United States on a work visa. After conducting my investigation I find that Vehicle #1 is at fault for the incident.

145. Crash Description/Narrative

Vehicle #2 was traveling westbound in the Walmart parking lot after pulling out of a parking space. **Vehicle #1** was backing out of a parking space. **Vehicle #1**, while backing, struck **Vehicle #2** with its rear, causing minor damage to the front license plate and bumper of **Vehicle #2**. **Vehicle #1** also sustained minor damage to the rear bumper on the passenger side.

Driver of Vehicle #1 stated that while backing he did not see **Vehicle 2**. Nor did his back sensor on his truck alert him that an object was behind him.

Driver of Vehicle #2 stated that after pulling out into the lane of travel, he stopped briefly to fix his sunglasses. **Driver #2** further stated that When he observed **Vehicle #1** backing he honked his horn but **Vehicle #1** kept backing up, resulting in the crash.

Based upon my observations, and statements made by both drivers, I concluded **Driver of Vehicle #1** is at fault for unsafe backing.

145. Crash Description/Narrative

Owner of Vehicle 1 stated that an unknown vehicle struck her vehicle while it was parked and unoccupied in the parking lot of the Walmart located at 1872 Route 88. I observed fresh damage to the rear bumper of Vehicle 1.

Review of surveillance video from Walmart showed an unknown make full size white pickup truck back out of a parking spot across from Vehicle 1 and crash into it. The pickup then fled the area. No license plate could be seen due to the distance and resolution of the video. No other suspect vehicle information is available at this time.

145. Crash Description/Narrative

Accident investigation revealed that vehicle 2 was unoccupied and facing southbound while parked in the Wal-Mart parking lot. At some point while it was parked, vehicle 1 struck the front right corner of vehicle 2 leaving a dent in the bumper.

The driver of vehicle 2 stated that at approximately 1820 hours he left the Wal-Mart parking lot and traveled back to his home. Once he arrived home, he observed a dent on the front right corner of his vehicle. At that time, he then returned to the Wal-Mart parking lot to see if vehicle 1 was still there but no vehicle with consistent damage was found. He then contacted police.

Upon my arrival, vehicle 2 was moved from the original location where it was parked. The front right corner of vehicle 2 had a dent approximately 8 inches wide with scratches consistent with vehicle 1 side-swiping vehicle 2.

In an attempt to identify vehicle 1, a follow-up investigation was conducted on 05/10/18 at 1800 hours with Wal-Mart management. The follow up investigation yielded negative results as they were unable to access the surveillance system. The damage on vehicle 2 was consistent with vehicle 1 pulling forward through their parking spot and hitting the front right bumper of vehicle 2. The minor scratches appeared to be from a side swipe as vehicle 1 pulled forward and ultimately struck the bumper of vehicle 2.

145. Crash Description/Narrative

Vehicle 1 and vehicle 2 were parked next to each other in the parking lot of Walmart, 1872 Rt 88. Vehicle 1 began to back out of the parking spot and struck the rear bumper of vehicle 2.

Vehicle 1 failed to report the accident and left the scene. I made contact with Walmart's Loss Prevention Officer who reviewed the video surveillance footage. Vehicle 2 arrived on scene at 1146 hours and vehicle 1 was already parked. Vehicle 1 was observed backing out of the parking spot at 1152 hours. I was unable to determine the make of the vehicle, however it is a black colored SUV. Due to the location and direction the Vehicle 1 entered and exited the parking lot a license plate was unable to be obtained.

145. Crash Description/Narrative

Vehicle 2 was legally parked and unoccupied in the parking lot of 1872 Rt. 88 when it was struck on the right rear

fender by vehicle 1 as it was either entering or backing out of the adjacent parking space. After the crash,

vehicle 1 left the scene without leaving any information or calling police. The owner of vehicle 2 stated that he

had parked his vehicle at approximately 1645hrs and upon his return 30 minutes later, he observed the damage to

the right rear fender. The damage on vehicle 2 was consistent with it being struck by a vehicle pulling into or

out of the adjacent parking space. No paint transfer or crash debris were observed at the scene.

145. Crash Description/Narrative

Vehicle 1 was exiting the parking lot of 1765 Route 88 attempting to turn right onto Princeton Avenue. Vehicle 1 backed up and collided with vehicle 2.

Driver 2 stated she was stopped behind vehicle 1, exiting the parking lot of 1765 Route 88 onto Princeton Avenue.

Driver 2 stated vehicle 1 was positioned in a manner that she believed it was turning left onto Princeton Avenue when vehicle 1 began to back up. Driver 2 stated that vehicle 1 backed up into her vehicle, striking the front of her vehicle. Driver 1 stated vehicle 2 then proceeded forward and she "beeped" her horn. Driver 1 stated vehicle 2 pulled away, turning right onto Princeton Avenue. Driver 2 pulled over in the parking lot, stopped, and ran into traffic while vehicle 1 was stopped at the traffic light at the interchange. Driver 2 stated she advised driver 1 that he backed into her and he subsequently pulled back into the parking lot to wait for police. Driver 2 advised me that vehicle 1 backed straight into her vehicle and pointed to the center of the hood of her vehicle stating there was damage from the impact in that location. I observed a white smudge mark on that location.

Driver 1 then pointed out a scratch on the passenger side of the front bumper where the bumper curved. I observed one scratch on that location.

145 Crash Description

Driver 1 stated he was attempting to make a right turn out of the parking lot of 1765 Route 88 onto Princeton Avenue. Driver 1 stated that he was not able to make the right turn as he was too close to the curb and he decided to back up to give himself the room necessary to complete the turn. Driver 1 stated he did not see vehicle 2 behind him and that he did not feel or hear the impact. Driver 1 stated when he was stopped at the traffic light on Princeton Avenue at the interchange driver 2 approached his vehicle and told him that he backed into her and that she beeped at him but he drove away. Driver 1 stated he is legally deaf, taking out both hearing aids to show me and that he did not hear her beep. Driver 1 stated that when he was made aware of the accident he immediately returned to the parking lot to wait for police. Driver 1 did not have any damage to his vehicle.

Investigation revealed that the cause of the crash was due to driver 1 backing up unsafely along with his inattention to the vehicle behind him.

145. Crash Description/Narrative

Vehicle 1 was backing out of a parking space in the parking lot of 1899 Rt. 88 when it struck vehicle 2 who was occupied and parked near the front entrance of 1899 Rt. 88. Driver 1 stated that as she was backing out of the parking space, she did not see vehicle 2 parked behind her because of difficulty seeing due to sun glare. The occupant and registered owner of vehicle 2, Arthur R. Cole Jr. stated that he was parked in front of the Doctor's office, 1899 Rt. 88, waiting to pick up a family member who has difficulty walking when vehicle 1 collided with his vehicle. At the time of impact, Cole was sitting in the driver's seat and did not sustain any injuries. The contributing factors for the crash were driver 1's failure to ensure it was safe to back up and sun glare that made it difficult to see to the rear of vehicle 1. The area in front of the building where vehicle 2 was parked, did not have any signage or markings indicating a no parking zone and it was also found during the investigation that the area is commonly used to pick up patients who have difficulty walking.

145. Crash Description/Narrative

On scene investigation concluded; Vehicle #2 was parked unoccupied in a parking stall at Walmart, 1872 Rt. 88 when

it was struck by Vehicle #1. Vehicle #1 fled the scene without reporting the accident. Surveillance footage provide by Walmart displayed a possible black Nissan Altima with a female driver backing out of the adjacent parking stall. Due to poor video quality a license plate number could not be attained and it is unknown if the collision occurred with this vehicle. The damage on Vehicle #2 is minor in nature.

Owner of Vehicle #2 advised she exited Walmart and observed her vehicle was struck by another vehicle which left the scene.

145. Crash Description/Narrative

Vehicle #1 was traveling in the Home Depot parking lot at 1722 Rt. 88. The driver of Vehicle #1 (Taryn McCarthy) was attempting to park her vehicle as she was having a medical issue. She became stomach sick as she was attempting to park and mistakenly struck the rear, passenger side of Vehicle #2 as she attempted to park next to the vehicle. The driver of Vehicle #1 then attempted to reverse but possibly fainted as she backed into the front end of Vehicle #3.

The Brick Police EMS responded and the driver of Vehicle #1 was transported to the Brick ER for a medical evaluation. It should be noted that Vehicle #2 and #3 were both parked and unoccupied at the time of the MVA.

The driver of Vehicle #1 did not sustain any injuries as a result of the MVA.

This MVA was a slow speed accident and minor damage was done to all three vehicles.

145. Crash Description/Narrative																
Vehicle 1 was backing out of a parking space in the parking lot of 1872 Rt. 88 when it collided with vehicle 2 who had already backed out of an opposite parking space and was stopped and preparing to move forward. Driver 1 stated that prior to backing out of the space, she checked behind her multiple times and upon seeing nothing, she proceeded to back up. She further stated that after backing up only "inches" out of the parking space, she heard a bang and realized she had struck vehicle 2. Driver 2 stated that she had fully backed out of the parking space, stopped, and while putting her vehicle in drive to move forward, she was struck in the rear bumper by vehicle 1. Driver 1 was found to be at fault for the crash as she failed to ensure there were no vehicles behind her prior to backing out of the parking space.

145. Crash Description/Narrative

Vehicle #1 was backing out of a marked parking space in row #6 in the Walmart parking lot. **Vehicle #2** was traveling north in the lane between row 5 and 6, in the Walmart parking lot.

The driver of **Vehicle #2** stopped her vehicle as she waited for a parking space to open. The driver of **Vehicle #1** failed to observe **Vehicle #2**, directly behind his vehicle, and backed into **Vehicle #2**, at a slow speed. Both vehicles had minor damage and no injuries were reported.

The driver of **Vehicle #1** admitted that he did not see **Vehicle #2** and that he backed up directly into the vehicle.

Driver of V1 stated that as he was backing out of his parking spot he did not observe V2 which had already backed out of a parking spot on the opposite side of the aisle. V1 then crashed into V2.

Driver of V2 stated that once they had already backed out of their parking spot V1 then started to back out.

Driver of V2 stated she activated her horn in an attempt to alert V1 but was unsuccessful. V1 then crashed into V2.

Based on my investigation and observations on scene I determined V1 to be at fault for the motor vehicle crash.

V2 sustained damage to the left middle of the vehicle and had pre-existing damage to the upper rear left quarter panel of the vehicle as per the driver of V2.

145. Crash Description/Narrative

Vehicle 2 legally parked facing northbound in the parking lot of Walmart, 1872 Route 88. Vehicle 1 attempting to park directly alongside Vehicle 2.

Vehicle 2 owner stated she was in the store for approximately 25 minutes. When she returned to her car, she found an unknown vehicle had struck the passenger side rear of her vehicle and then left the area.

Based on the damage, it appears Vehicle 1 was attempting to pull into the parking space alongside Vehicle 2, misjudged and struck the passenger side rear. It appears black paint and or plastic was transferred from Vehicle 1 onto Vehicle 2.
