Driver #1 advised she was backing out of her parking spot when vehicle #2 crashed into her rear. Driver #1 stated she checked for vehicles prior to backing.

Driver #2 advised she was backing out of her parking spot when vehicle #1 crashed into her rear. Driver #2 stated she checked for vehicles prior to backing.

Neither driver could advise who was backing first and explained they were both in the middle of the parking lot when the crash occurred. The two drivers advised they were equally at fault. Neither driver had any complaint of pain and both vehicles were driven from the scene.

On scene investigation determined equal fault through the damage left on both vehicles, the statements given by the drivers and where the crash occurred. Both drivers were equally at fault, and neither driver was significantly more responsible for the crash than the other.
