135 Crash Description

As Vehicle 1 was entering the parking lot of 1890 Rt. 88, it struck a curbed island. The vehicle continued across the island where it struck a yellow 4 foot high metal pole that was located in the middle of the island. Driver 1 stated that as she was entering the parking lot, she did not see the curbed island or the metal pole until exiting the vehicle after the impact. Driver 1 had a complaint of facial and back pain but refused medical aid from responding EMS units.

It should be noted that during the hours of darkness, the curbed island and metal pole are difficult to observe while attempting to make the sharp turn into the parking lot.
