145. Crash Description/Narrative

On 7/3/2021 at approximately 0207 hours police patrol units responded to the area of Route 70 West and Route 88

for a motorcycle that had crashed into a pole.

Upon police arrival, it was learned the motorcycle involved in the crash fled after the crash West on Route 70.

Passerby's witnessed the driver of the motorcycle crash into the pole and then get back on the motorcycle and leave the scene. The caller who reported the accident was driving behind the motorcycle and did not observe the entire crash.

Also on scene was a separate male subject operating a motorcycle. He advised his friend had got into a motor vehicle accident on Route 70 with a pole. He advised his friend was fine, uninjured and left the scene. While speaking with the male subject we attempted to establish the identity of the driver involved in the crash but the male subject on scene was very uncooperative and gave police little information. He advised he and his friend were driving from Point Pleasant and heading to Neptune, where the subject involved in the crash resides. He would not tell officers where his friend resides in Neptune. After giving police little information he left the scene. The male subject that remained on scene was operating a motorcycle with the NJ state registration 4RSH8

145 Crash Description

and is believed to be the registered owner, Paulius Delekas (DOB- 8/12/1989).

There was Debris in the area the crash occurred and damage to NJ D.O.T light pole #K3411. The Debris contained multiple miscellaneous plastic debris and a plastic cover to a speaker. A BMW key fob to a motor vehicle was also recovered on the scene of the crash. Due to the damage to the light pole and debris in the roadway, it is believed the driver of the motorcycle ran off the road to the right, went up on curb, drove on the sidewalk and then struck the light pole.

Officers began searching the area for the driver of the motorcycle. Ptl. Byers #226 located a Harley Davidson motorcycle with consistent damage and its lights on in a dirt lot off Route 70 near Forge Pond. The motorcycle had damage on its right side indicating it did slide and also had damage on the front fairing and minor damage to the left side of the motorcycle. The motorcycle was missing a cover to a speaker on the right side of the bike consistent with the debris I recovered from the scene. I also observed the motorcycle to be missing a piece of its front right fork cover which I also recovered from the scene of the crash. At this point the motorcycle was believed to be the motorcycle involved in the crash. The Motorcycle was bearing the NJ state registration of 4RRU4 and was registered to a Tadas Mazuolis who resides at 43 Atlantic Drive Brick, NJ. Officers responded to the residence and made contact with Tadas's mother who advised Tadas does own a motorcycle and he was not home at the time. She advised he lives in Neptune and also provided an address. She attempted phone contact with negative results. Neptune Police responded to Tadas's residence at 429 Waverly Avenue Neptune Twp. Neptune attempted contact which yielded negative results. Ocean Medical Center also checked negative for Tadas. Due to Paul's statement that Tadas was uninjured and the fact that Tadas fled from the scene of the accident on his motorcycle, officers did not believe Tadas sustained any serious injuries and believed his injuries were minor if he was injured at all.

The Debris believed to be from the motorcycle and the BMW key fob were entered into property. Due to the motorcycle being disabled and abandoned, the motorcycle was towed.

Tadas was believed to be operating the motorcycle at the time of the crash. Tadas was issued the following summonses in the mail to his last known address.

E21004385- 39:4-129D, Leaving the scene of an accident involving property damage

E21004386- 39:4-130, Failure to report an accident

E21004387- 39:4-97, Careless driving.
