145. Crash Description/Narrative

Investigation revealed an unknown vehicle (Hit and Run) struck the guide rail end on Rt. 88 approximately 175 feet east of Rt 70.

The end section of the guide rail was pulled out into the roadway partially blocking the right travel lane on Rt 88. Inspection of the guide rail end showed damage to the outside edge. The guide end appeared to have been struck by an unknown vehicle exiting the parking lot of 1793 Rt 88. Due to the absence of debris it appeared a commercial style vehicle with a metal rear bumper or hydraulic lift gate may have caught the edge of the guide rail end.

The New Jersey Department of Transportation was advised of the crash and responded out to secure the guide rail, which was partially pulled into the roadway.
