145. Crash Description/Narrative

On scene I observed three vehicles that were involved in a motor vehicle crash. As I approached I asked if anyone was injured which all parties reported they were not. Vehicle #1 had front driver side driver damage. Vehicle #2 had front passenger side damage. Vehicle #3 had a minor scuff mark on the right rear tire. Driver #1 explained the following:

She was traveling westbound on Route 88 when she struck Vehicle #2. She does not believe she ran the red light at the corner of Post Road and Route 88 but did state she was in a rush because she was on her way back from the doctors for her sick child. As she was coming across Post Road, Vehicle #2 began to make the left turn when she struck him. After the crash all vehicles pulled into the Verizon building located at 1820 Route 88 and waited for police arrival. After speaking with Driver #1 I spoke to Driver #2 who explained the following:

Driver #2 had the green light at the intersection at Route 88 and Post Road. He began to make his left turn to go westbound when Vehicle #1 ran the red light and struck the front passenger side of him. When vehicle #1 struck him his vehicle struck vehicle #3. His vehicle was disabled and towed from the scene by Brick Performance.

145 Crash Description

Driver #3 explained she also had the green light at the corner of Route 88 and Post Road. She also began to make a left turn to go westbound onto Route 88 when Vehicle #1 struck Vehicle #2 causing his vehicle to crash into her vehicle.

On scene a witness completed a motor vehicle crash witness statement form explaining Vehicle #1 ran the red light at Post Road and Route 88 causing the crash.

After my investigation I concluded Vehicle #1 was at fault for the crash and she was issued a summons for careless driving. Once all parties left the scene Driver #2 approached me and explained his Apple Iwatch was broke. I explained to him I can not determine if the watch was broke from the crash.
