145. Crash Description/Narrative

Crash Investigation revealed Vehicle 1 was making a left turn around the metal traffic barrier, located near the
Speedway gas pumps (1762 Route 88). While making the left turn, the left middle side of the ambulance hit the
metal traffic barrier.

The driver of vehicle 1 stated while making the left turn, he "cut" the turn to soon, which caused the left middle
side of the vehicle to hit the metal traffic barrier.

Neither the driver nor the passengers sustained any injuries from the crash. On scene, I observed minor damage to
the left middle side of the ambulance and I observed no damage to the metal traffic barrier. There was only paint
from the ambulance, located on the traffic barrier, it appeared to come off easily.

Based on the statement provided, I find the driver to be at fault for the crash, due to driver inattention.
