145 Crash Description/Narrative

Vehicle 1 was traveling north on Coolidge Avenue when it entered the T intersection at Bay Avenue. Vehicle 1 failed to turn either right or left and continued straight up into the driveway of 1156 Bay Avenue. Vehicle 1 veered to the right and entered the property of 1160 Bay Avenue. Vehicle 1 then struck the fence and a tree. Vehicle 1 continued through the fence and into the back yard of 1160 Bay Avenue. Vehicle 1 struck a tree stump and then an above the ground pool. Vehicle 1 finally came to rest into the pool just short of a large tree.

Upon police arrival, the registered owner of vehicle 1 (Margaret Courter) was on scene walking toward the front yard of 1160 Bay Avenue. Courter was asked what happened and she claimed that she did not recall. Instead, she stated that a friend named "Mike" was driving and he took off on foot after the crash. Courter claimed to be the front seat passenger at the time of the crash because she had been drinking alcohol and did not want to drive. Courter had minor injuries in the form of cuts and scratches which she refused medical attention for. Courter later stated that the driver was her half brother, Michael Kalbhenn, who she claimed fled because his license was suspended and he did not want to get another DWI. Both airbags were deployed on Vehicle 1 which gave some credibility to Courter's statement that another person was in the vehicle at the time of the crash. The area was checked for Kalbhenn with negative results. Courter was later released to a sober driver who came to the scene.

At the start of my next shift, I was able to locate Kalbhenn's residence. I made contact with Roy Cooper who stated that he was Kalbhenn's uncle. Cooper stated that Kalbhenn lives in his house along with Kalbhenn's brother. Kalbhenn was at work during my interaction with Cooper. Cooper stated that Kalbhenn was home all night and was in bed at the time the crash occurred. Cooper stated that he physically saw Kalbhenn in his bed between 6am and 630am when he was getting Kalbhenn's brother ready for school.

I then proceeded to Appleby's at the Ocean County Mall to interview Kalbhenn regarding the crash. I advised Kalbhenn about the crash and what his sister Courter said about his involvement. Kalbhenn categorically denied being in the crash.

145 Crash Description/Narrative

... and stated that he was home in bed during the time in question. I asked him why his sister would implicate him as being involved in the crash as a driver. Kalhbenn was speechless and could not think of a reason why she would say that other than to avoid getting in trouble. I asked Kalhbenn when the last time he spoke to his sister. He replied that he spoke to her at about 1030am that day when she called him to tell him that she was in an accident where she struck a pool. Kalhbenn was void of any injury that would suggest that he was in a motor vehicle accident. He did not have any marks from seatbelt or airbag deployment. Based on the statements by Cooper and Kalhbenn and his lack of any injury, I determined that Kalhbenn was not involved in this crash in any way.

It was determined that Courter was the driver in this crash. The driver's side airbag of vehicle 1 had blood on it and Courter did have some minor cuts on her face and hands. Kalhbenn did not have any cuts on his person at all. The passenger side airbags did not have any blood on it at all. It is probable that vehicle 1 had a first generation airbag system that deployed both airbags regardless of anyone being in the passenger seat.

I attempted several times to make contact with her but as of the time of this writing, she failed to respond. Courter was issued several motor vehicle summonses and criminal complaints are pending.

145 Crash Description/Narrative

Driver of Vehicle 1 states she was travelling southbound through the parking lot of Walnut St Elementary School located at 46 Walnut St as she was attempting to exit the school. Upon traveling through the entrance/exit lane towards Walnut St, she states she observed three Hispanic juvenile males, two of which were riding bikes and one was sitting on the handlebars of one of the bikes, in the area of the two yellow metal gates that cross the roadway, which were directly in front of her. According to the driver of Vehicle 1, these yellow metal gates are normally open when she travels to and from the school at this time and she believed they would be as always. As she continued southbound and observed the juvenile males near the gate, the driver of Vehicle 1 advises she only remembers seeing them near the gate and then the accident occurring, which encompassed her apparently driving into the westernmost gate, which was in the closed position, across the roadway. After striking the gate, the driver of Vehicle 1 reports she heard the juveniles scream and then take off, riding their bikes away from the area. After speaking with the driver of Vehicle 1 regarding the circumstances of the crash, she indicates that she does not remember ever seeing the juveniles open the gate or swing it in her direction, but believed that they had closed it since it is normally open during this time.

The following day, 11/28/17, I was able to make contact with the Supervisor of Walnut St Elementary School, Mrs. Monetti, and was able to identify the three juveniles who were present near the gate when the crash occurred. Upon speaking with the three of them individually, they advised that they were playing near the gate and opening/closing it as they sometimes do since it is only attached by a spring clasp. They advised that they had closed the gate and observed Vehicle 1 driving towards their direction. Upon realizing that Vehicle 1 was not slowing or trying to avoid the gate, they state they tried to swing the gate back to the open position as it had been prior to them arriving to the area. Unfortunately, they report that they were not able to do so in enough time, and Vehicle 1 continued forward, striking the gate as if the driver had been unaware that it was closed. They then state they became scared after hearing the crash and fled the area.

145 Crash Description/Narrative

I was able to observe Vehicle 1 and noticed extensive damage to its front hood, windshield, and roof that correspond to the driver's account of hitting the metal gate. No one from Vehicle 1 complained of any injury or pain and the vehicle was left at the scene to be towed at a later time. I provided the driver with a report information card and advised her of how to obtain a copy of this report for her records. Nothing further.

145 Crash Description/Narrative

Driver #1 indicated she was entering the parking lot of 2360 Lakewood Rd from State Route 70 eastbound. She drove up the driveway and began to turn left toward the Starbucks store when she observed veh #2 prior to collision. She further stated that she had her turn signal activated but realized she was not allowed to exit that way.

Driver #2 indicated she was transiting west through the parking lot of 2360 Lakewood Rd. She stated she stopped and then began to proceed as veh #1 entered the parking lot, ascending the driveway and turned into the front of her vehicle.

Witness #1, Ms. Allison Donahue [2303 Pinehurst Est., Lakehurst, NJ 08733] indicated she was seated in her vehicle in the parking lot and observed veh #2 transiting west in the parking lot. She said veh #2 slowed but did not fully stop and had its right turn signal on as the driver may have been exiting the wrong way. She then observed the collision after veh #1 entered the parking lot.

Based upon this investigation, driver #1 operated her vehicle without due caution or circumspection and failed to keep right when ascending the driveway into the parking lot resulting in the above described / illustrated collision. Regardless of veh #2's actions veh #1 was clearly on the wrong side of the road.
