145. Crash Description/Narrative

Upon arrival both vehicles were located in the area of Linden Ave and Central Ave.

Driver #2 was traveling west on Linden Ave which is a residential neighborhood where the speed limit is 25 m.p.h.

Driver #2 said as he entered the intersection with Central Ave, vehicle #1 entered the intersection and before he (driver #2) could even apply his brakes, the front of vehicle #2 collided into the right middle of vehicle #1.

The force of the impact pushed vehicle off the road, into a stop sign, and finally came to rest in the front yard of 972 Linden Ave. vehicle #2 had disabling front end damage as well as airbag deployment.

Driver #1 was traveling north on Central Ave. Vehicles traveling on Central Ave have the stop sign before entering the intersection of Linden Ave. Driver #1 stated he was in the neighborhood test driving the vehicle for his employer (meineke). He said as he was traveling north on Central Ave he did not come to the best stop before entering the intersection of Linden Ave. Driver #2 said he might have rolled through the stop sign at approximately 5 m.p.h at the max, but believed vehicle #1 had to be traveling at least 40-45 mph at the time of impact. vehicle #1 had disabling damage to the right middle.

New Jersey Police Crash Investigation Report
Motor Vehicle Crash DescriptionPolice Dept: Brick Police Code: 01Station: — Case No: 2020-00052186

145 Crash Description

On scene investigation determined driver #1 to be at fault for failure to stop at an intersection with a posted stop sign. Other contributing factors that could have possibly contributed to the collision is the over grown foliage that partially obstructs the stop sign as well as the view of other vehicles. There were no witnesses to the crash that could attest for driver #1 stating driver #2 was traveling faster than the posted speed limit.
