145. Crash Description/Narrative

Vehicle 1 was in the valet line of 425 Jack Martin Boulevard, Brick Hospital. Vehicle 1 started backing due to being told to by a valet worker from the hospital. While backing, vehicle 1 struck a pedestrian causing her to fall to the ground.

While speaking with the pedestrian, she stated she was walking to her friend's vehicle to be picked up. As she was walking through the valet lanes, vehicle 1 started backing up. As vehicle 1 backed up, it struck her causing her to fall to the ground. She stated the driver, identified as a white male approximately 50 years of age with gray hair exited his vehicle. He asked her if she was okay and stated he was sorry for hitting her while backing up after being told to do so by valet workers. Brick Hospital staff responded to her and brought her into the hospital for treatment for a fracture to her left arm/elbow.

I was unable to speak with driver 1 due to the incident happening at approximately 1225 hours and the crash was reported to police at 1633 hours. Ptl. Melia #267 reviewed the video footage from the hospital. He advised the suspect vehicle was possibly a Chevrolet Silverado 1500 silver in color with no registration visible.
