145. Crash Description/Narrative

Vehicles 1 and 2 were located in the Ocean Medical Center at Brick (425 Jack Martin Boulevard) near the Physician's/Valet parking lot. Vehicle 1 was backing out of it's space in Physician's parking. Vehicle 2 was in the travel lane going straight ahead.

As Vehicle 2 was coming through the parking lot around a bend, there was a large garbage truck blocking the view of the parking lot. Just as Vehicle 2 was coming around the large truck, Vehicle 1 was backing out of it's parking spot. A collision then occurred in the travel lane.

The driver of Vehicle 1 stated that she could not see Vehicle 2 approaching, and neither her backup camera or backup sensors detected an oncoming vehicle. The driver of Vehicle 2 stated that she was just coming from her dialysis treatment (and appeared a bit fatigued), when she came around the truck and Vehicle 1 backed into her.

No injuries were reported. Both vehicles were able to be driven from the scene and no motor vehicle summonses were issued.
