145. Crash Description/Narrative

Upon arrival, vehicle #1 was wedged between two cement pillars approximate five feet from the buildings entrance.

Vehicle #1 's front right bumper struck the exterior wall of the building but it did not appear to cause any structural damage.

Driver #1 stated as she was attempting to park in the in the first handicap parking spot on the side of the building closest to Jack Martin Blvd when the sun glare caused her to continue through the parking spot coming to rest in between the cement pillars. The vehicle had moderate damage to both the driver side as well as the passenger side of the vehicle.

** Since driver #1 was unable to provide any insurance information, and believes the vehicle doesn't have any liability insurance at this time, vehicle #1 was impounded and towed by Glens Towing. The vehicles registration was also expired as of 07/2019.
