145. Crash Description/Narrative

On scene investigation revealed:

I spoke with the driver of Vehicle 1 who was unable to give a full account of the events. The driver advised

he possibly fell asleep and also appeared confused.

After speaking with the driver and observing the damage to the vehicle it was determined Vehicle 1 was

traveling East on Route 88 approaching the intersection of Rt88 / Jack Martin Blvd. Before entering the

intersection, Vehicle 1 ran off the roadway to the right and collided with Utility Pole # JC164BK causing minor

damage to the passenger side mirror. It should be noted that only superficial damage was caused to the Utility

Pole # JC164BK. Vehicle 1 continued East on Rt 88 through the intersection of Rt 88 / Jack Martin Blvd. After

passing through the intersection, Vehicle 1 then ran off the road again to the right and collided with a Verizon

Utility Pole which was unmarked but attached was electrical box #271B. Vehicle 1 sustained disabling damage,

primarily the front end during this collision. It should be noted that the Verizon Utility Pole sustained

extensive damage to the pole in which it cracked through as well as damage to electronic components on the pole.
