145. Crash Description/Narrative

My investigation revealed the following:

Vehicle 1 was traveling west on Route 88 approaching the intersection of West Princeton Ave. A dump truck was at the stop sign on West Princeton Ave. waiting to turn left onto Route 88. The dump truck proceeded to make the turn onto Route 88 as vehicle 1 was approaching. Driver 1 attempted to avoid a collision with the dump truck by steering off of the roadway to the right and subsequently struck a tension wire supporting utility pole #JC171BK. The tension wire was damaged by the impact but not completely severed.

Driver 1 stated she was driving east on Route 88 approaching West Princeton Ave. when she observed a dump truck pull out into her path. She attempted to avoid a collision with the dump truck by veering to the right and subsequently crashed into the tension wire for the utility pole.

The driver of the dump truck remained on scene and stated he was unable to see vehicle 1 due to the curve in the roadway and his side view mirror obstructing his view. He observed vehicle 1 off of the roadway after completing his turn and stopped his vehicle.

145 Crash Description

The dump truck was bearing New Jersey registration CG8ASY and is owned by Ocean County. The dump truck is self insured through the New Jersey Counties Excess Joint Insurance fund with policy #JIF 30-09 issued by PERMA Inc at 9 Campus Dr., Parsippany, NJ 07054. The driver was Cail Samuel Tilghman(NJ Driver's License T43261078204006).

Based upon the above circumstances I find that the actions of the dump truck driver contributed to the crash by causing vehicle 1 to swerve. Driver 1 is at fault for striking the tension wire.
