145. Crash Description/Narrative

Investigation at the scene revealed the following: Driver #1 was traveling westbound on Rt. 70 in the right travel lane approximately 600 feet east of Pello Road. During that time he drove over a bungee cord that had a metal hook affixed to each end. One side of the bungee cord punctured the tire, and became affixed to it. When the bungee cord punctured the tire the vehicle was already in motion causing the other side of the bungee cord to go into a counter clockwise rotation. While the bungee cord was spinning it continuously struck the left rear of the vehicle causing minor damage.

Driver #1 is not deemed at fault due to no lighting on roadway, and the bungee cord being the same color as the pavement making it almost impossible to see. There were no reported injuries on scene, and the vehicle was moved prior to my arrival.
