145. Crash Description/Narrative

Investigation at the scene indicated the following: Vehicle 1 traveled on Jack Martin Boulevard (CR 64) headed southbound approaching Route 70. Vehicle 2 was stopped at the traffic signal in the center lane on Jack Martin Boulevard (CR 64) approaching Route 70 in front of vehicle 1. Vehicle 1 attempted to switch lanes from the center lane and get into the left turn lane. Vehicle 1 was too close to vehicle 2 and as it attempted to switch lanes, hit vehicle 2 in the drivers side rear which caused minor damage. Vehicle 1 received minor damage to the middle passenger side.

I spoke to driver 1 at the scene. He stated that there was traffic on Jack Martin Boulevard. He wanted to make a left turn to go the VA clinic. He thought he had enough room to pass but admitted to hitting vehicle 2.

I spoke to driver 2 at the scene. She stated that she was stopped at the traffic signal behind a few vehicles. She was the hit in the rear on the drivers side by vehicle 1.

Based on the damage to the vehicles and statements made, driver 1 was determined to be the at fault driver.
