145. Crash Description/Narrative

Vehicle #2 was in the far right lane of RT 70 approaching the interchange in the RT 88 turn lane. Vehicle #1 was

also traveling on RT 70 in the lane next to the RT 88 turn lane. Vehicle #1 merged into the RT 88 turn lane and

struck Vehicle #2 in the driver's side door.

Driver of Vehicle #1 stated she was attempting to merge into the RT 88 turn lane and when it was clear she merged.

When attempting to merge she struck Vehicle #2. The driver advised she had trouble seeing because of the rain on

her mirror and passenger side door window.

Driver of Vehicle #2 stated he was driving straight ahead when he was struck on his driver's side door.

My on scene observations along with the statements made by both drivers, I determined that Vehicle #1 was at fault

for the crash.
