145. Crash Description/Narrative

When I arrived on scene, vehicle #1 was still in the same parking spot when the accident occurred, and vehicle #2 was moved from the lane of travel and parked in a parking spot.

Driver of vehicle #1 stated he was attempting to back out of the parking spot, but his view was obstructed by a vehicle parked to the right of his vehicle so he was unable to see vehicle #2. He said when he started to back up, the rear left bumper of his vehicle struck the right middle door area of vehicle #2.

Driver of vehicle #2 stated she was traveling west through the parking lot to exit the parking lot onto Rt. 88 west. Driver of vehicle #2 said she had to slow down to a stop to allow another vehicle entering the parking lot before she was able to exit onto Rt. 88 west. While she was stopping directly behind vehicle #1, Driver of vehicle #1 proceeded to back up subsequently colliding into the right middle door area of vehicle #2.

Both vehicles had minor damage and both drivers refused any medical attention.

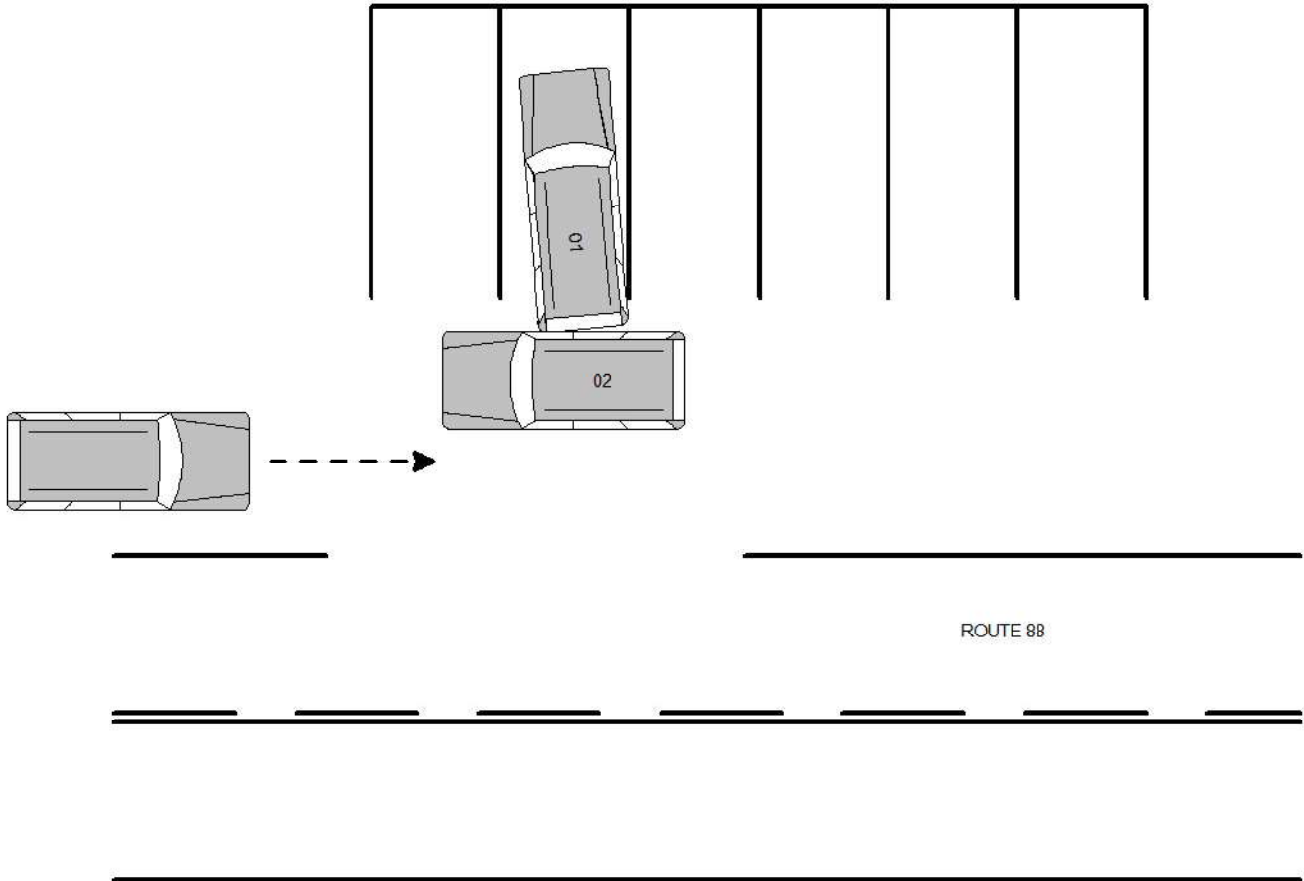

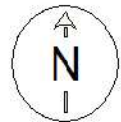

On scene investigation determined that Driver #1 was at fault due to unsafe backing and driver inattention.
