145. Crash Description/Narrative

The owner of vehicle #2 stated that while her vehicle was unoccupied and parked in the parking lot of 1852 Rt. 88, vehicle #1 backed into it. She stated that she had the suspect vehicle recorded on camera.

At this time I reviewed the video and observed a newer model, white, four door sedan, with a sun roof, pull into the parking lot and do a K turn. It appeared as vehicle #1 backed up, it struck the passenger side front quarter panel of vehicle #2. The video showed vehicle #1 backing up but due to the angle, it did not show the actual collision.

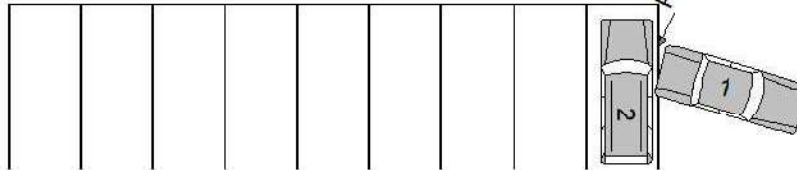

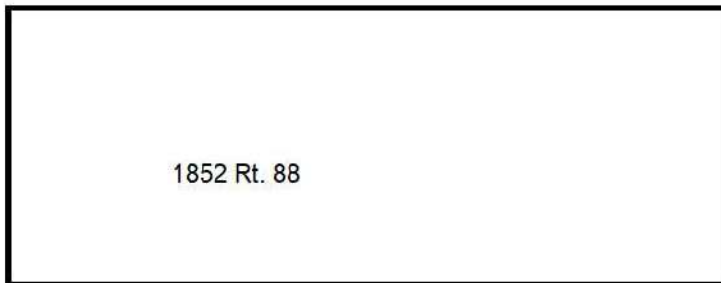

A neighbor at 101 Bruce St. observed the crash and gave the same description of the suspect vehicle as the one observed on the video. They also provided a license plate number of CY9LCG which did not come back to anything.
