145. Crash Description/Narrative

Vehicle 2 legally parking in the parked lot of 2063 Rt 88, facing eastbound. Vehicle 1 heading southbound, attempting to park on the east side of Vehicle 2.

Vehicle 2 owner stated she had parked Vehicle 2 in a parking space at about 1830 hours and went into one of the shops. When she returned to her car at about 1930 hours, she found her vehicle had been struck on the driver's side lower rear. She could see red paint had been transferred to her vehicle and found a small red disc on the ground next to the damaged area of her car. The disc appeared to be relatively new and undamaged.

Investigation revealed that Vehicle 1 was attempting to pull into the parking space adjacent to Vehicle 2. For unknown reasons the front end of Vehicle 1 then struck the driver's side rear of Vehicle 2. There was body damage and red paint was transferred to Vehicle 2. Vehicle 1 then fled the area in an unknown direction. Further investigation of the disc uncovered that it is a tow hook cover that is used by Mazda. It is found on the front right bumper of a few different models.
