Subject: Re: Town Council Meetings - Public Speaking Time

CAUTION: This email originated from outside the Edison Township organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mayor Joshi,

I am writing to follow up on my email sent on September 10th regarding the proposal by Town Council members to limit public participation in Town Council meetings.

I am disappointed that my previous emails have not been acknowledged. The lack of responsiveness from the office to residents' concerns is deeply concerning.

Furthermore, the recent conduct of Town Council meetings has been increasingly unprofessional. Such behavior is disrespectful to taxpayers and undermines the democratic process. There are other ways to hold productive meetings without limiting the residents as opposed to the bad actors. Given the large population of our town, the council has a responsibility to ensure that all attendees are given a fair opportunity to be heard. The constant low turnout is a red flag, indicating a potential lack of engagement from the broader community you serve.

I urge you to reconsider the proposed limitations on public participation and to commit to fostering open and transparent communication with the community.

I would be grateful for your perspective on this issue and hope for a timely response.

Regards,

Brenda Eagle

Dear Mayor Joshi,

I would like to express my disappointment with the recent town council meeting. As a concerned citizen, I believe that these meetings should be platforms for open dialogue, transparency, and accountability. Proposing to limit public participation hinders meaningful public participation and engagement. . I urge you to encourage the council members to reconsider this decision and explore alternative methods to ensure that meetings run smoothly while still allowing ample time for public discourse. Council members should reconsider their approach and prioritize the needs and concerns of the community. It is essential that our elected officials create a welcoming and inclusive environment for ALL residents to participate in the democratic process.

Thank you for your attention to this important matter.

Kindly confirm receipt of this email.

Regards,
Brenda Eagle

Joel, you are absolutely correct. And I have to take responsibility since I was presiding over the meeting. It wasn't on my cheat sheet, so I screwed up. Assurances going forward word that we will do this according to Hoyle next time!

FYI - your recent closed sessions didn't comply with the Open Public Meetings Act (OPMA).

N.J.S. §10:4-13 requires that, before you go into closed session, you have to adopt a resolution that states:

- a) the general nature of the subject to be discussed; and
- b) the time when and the circumstances under which the discussion conducted in closed session can be publicly disclosed.

It's not sufficient to simply move to go into closed session. You've got to say why (e.g.: litigation? contracts? personnel? purchase of property?)

The relevant sections of the OPMA are attached.

Subject: Mask mandate at council meetings

CAUTION: This email originated from outside the Edison Township organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Edison Town Council
100 Municipal Boulevard
Edison, NJ 08817

Dear Members of the Edison Town Council,

I am writing to formally demand that the Edison Town Council immediately cease and desist from enforcing the policy that requires members of the public to remove their masks while speaking at public meetings. This policy is not only a violation of public health guidelines but also infringes upon the constitutional rights of individuals attending these meetings.

The policy in question is in direct conflict with established case law and constitutional protections. Specifically, the Third Circuit Court of Appeals has ruled that the refusal to wear a mask during a public health emergency does not constitute protected speech under the First Amendment (*Falcone v. Freehold Township Board of Education*, 2024)¹. This ruling underscores that while individuals may voice their opposition to mask mandates through various means, disobeying a masking requirement is not protected by the Constitution.

Furthermore, the Kentucky Court of Appeals in *Campbell County Board of Education v. Ken Moellman, Sr.* (2023) found that imposing mask requirements as a condition for attending public meetings violates open meetings laws, which state that no condition other than those required for the maintenance of order shall apply to the attendance of any member of the public at any meeting of a public agency². This precedent clearly indicates that the Edison Town Council's policy is unlawful.

In light of these legal precedents, I urge the Edison Town Council to immediately revoke the policy requiring the removal of masks while speaking at public meetings. Failure to do so will result in further legal action to protect the constitutional rights of the public and ensure compliance with established laws.

I look forward to your prompt response and the immediate cessation of this unlawful policy.

Semper Fidelis,

Steven Wronko

Hello Edison council,
i am a resident of Edison Township. I would like to ask you to not to reduce the time limit to less than 5 minutes. Edison resident should be able to raise their concerns and less than 5 minutes are not enough.
Second please don't intimidate residents to raise their concern by asking police to remove.
Our police is more effective stopping the crime that is increasing day by day. Our tax dollars should be put for the safety of residents and not to intimidate them for raising their voices.

Thanks
Asad
