Subject: Ban On American Flag and U.S. Constitution at Edison Township Council Meetings

CAUTION: This email originated from outside the Edison Township organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mr. Patel:

Congratulations. Your lack of love of country and equal lack of judgement have made national news.

Unless your town council meetings are nothing more than vapid theatrics, our beloved flag and United States Constitution NEVER can be termed as "props." Both are an inherent and integral part of our country and the unique freedoms it affords us.

If you are unable to value our flag and our Constitution, perhaps you should consider residency in a country where you can conjure respect for both its flag and its governing documents.

Kindly reconsider your position on your thoroughly inappropriate ban and correct the current unacceptable situation.
Patricia A. Taft

Mr. Nishith Pate,

Our flag and Constitution is America, if you are against the free expression of showing and demonstrating a love for our country then maybe you should leave our country and find a place where your sick politics are welcome. You are the worst of America and should not be in any position of influence and the good people of Edison Township should kick you out on your ass.

CAUTION: This email originated from outside the Edison Township organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Mr. Patel,

It is an affront to the residents of Edison and the citizens of this nation that you would seek to ban American flags and copies of the U.S. Constitution from council meetings. Throughout the centuries many Americans have fought and died defending the values of liberty and justice that that Flag represents. Apparently none of your ancestors were among those Americans.

Without the the rights established by the Bill of Rights and U.S. Constitution you and your family would not even have been able to come to America. You would not be president of the Edison Township Council. Who knows where you would be.

Your disgraceful act of anti-Americanism will not stand. You have brought shame upon yourself. Your act of anti-patriotic petulance was actually quite stupid - as it will bring to an end your tenure as council president and will foreclose any future possibility of your serving in elected government.

Sincerely,
Richard Sautner

Subject: Re: Town Council Meetings - Public Speaking Time

CAUTION: This email originated from outside the Edison Township organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mayor Joshi,

I am writing to follow up on my email sent on September 10th regarding the proposal by Town Council members to limit public participation in Town Council meetings.

I am disappointed that my previous emails have not been acknowledged. The lack of responsiveness from the office to residents' concerns is deeply concerning.

Furthermore, the recent conduct of Town Council meetings has been increasingly unprofessional. Such behavior is disrespectful to taxpayers and undermines the democratic process. There are other ways to hold productive meetings without limiting the residents as opposed to the bad actors. Given the large population of our town, the council has a responsibility to ensure that all attendees are given a fair opportunity to be heard. The constant low turnout is a red flag, indicating a potential lack of engagement from the broader community you serve.

I urge you to reconsider the proposed limitations on public participation and to commit to fostering open and transparent communication with the community.

I would be grateful for your perspective on this issue and hope for a timely response.

Regards,

Brenda Eagle

Dear Mayor Joshi,

I would like to express my disappointment with the recent town council meeting. As a concerned citizen, I believe that these meetings should be platforms for open dialogue, transparency, and accountability. Proposing to limit public participation hinders meaningful public participation and engagement. . I urge you to encourage the council members to reconsider this decision and explore alternative methods to ensure that meetings run smoothly while still allowing ample time for public discourse. Council members should reconsider their approach and prioritize the needs and concerns of the community. It is essential that our elected officials create a welcoming and inclusive environment for ALL residents to participate in the democratic process.

Thank you for your attention to this important matter.

Kindly confirm receipt of this email.

Regards,
Brenda Eagle

FYI - your recent closed sessions didn't comply with the Open Public Meetings Act (OPMA).

N.J.S. §10:4-13 requires that, before you go into closed session, you have to adopt a resolution that states:

- a) the general nature of the subject to be discussed; and
- b) the time when and the circumstances under which the discussion conducted in closed session can be publicly disclosed.

It's not sufficient to simply move to go into closed session. You've got to say why (e.g.: litigation? contracts? personnel? purchase of property?)

The relevant sections of the OPMA are attached.

TORT CLAIM NOTICE

To:
Edison Township
100 Municipal Blvd
Edison, NJ 08817

From:
Steven Wronko
118 Manalapan rd
Spotswood nj 08884
Wronko@hotmail.com

Date:
October 2, 2024

Subject:
Notice of Tort Claim for Violation of First Amendment Rights

Dear Edison Township Officials,

I, Steven Wronko, hereby submit this Tort Claim Notice pursuant to the New Jersey Tort Claims Act, N.J.S.A. 59:1-1 et seq., to notify Edison Township of my intent to file a lawsuit for the violation of my First Amendment rights.

Incident Description:

On numerous dates, Edison Township officials turned commenting on their official government social media pages, thereby preventing me and other members of the public from expressing our views and engaging in public discourse. This action constitutes a violation of the First Amendment of the United States Constitution, which protects the right to free speech and the right to petition the government for a redress of grievances.

Legal Basis:

The First Amendment prohibits government entities from restricting speech based on viewpoint. By turning off commenting on official government pages, Edison Township has created a public forum and then unlawfully restricted it. This is supported by case law, including the recent decision in Wronko v. Borough of Carteret, Docket No. MID-L-5499-18, where the court held that blocking users from a government official's social media page violated the First Amendment¹.

Additionally, the U.S. Supreme Court has ruled that public officials can be held liable for blocking critics on social media when they use their accounts for official purposes². This principle was affirmed in cases such as *Garnier v. O'Connor-Ratcliff* and *Lindke v. Freed*³.

Damages:

As a result of Edison Township's actions, I have suffered harm, including but not limited to the suppression of my free speech rights and the inability to participate in public discourse on matters of public concern. I seek compensatory damages for these violations, as well as any other relief the court deems appropriate.

Conclusion:

Please consider this notice as my formal claim against Edison Township for the violation of my First Amendment rights. I request that the Township take immediate corrective action to restore commenting on their official government pages and ensure that such violations do not occur in the future.

I look forward to your prompt response to this matter.

Sincerely,

Steven Wronko

Subject: Mask mandate at council meetings

CAUTION: This email originated from outside the Edison Township organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Edison Town Council
100 Municipal Boulevard
Edison, NJ 08817

Dear Members of the Edison Town Council,

I am writing to formally demand that the Edison Town Council immediately cease and desist from enforcing the policy that requires members of the public to remove their masks while speaking at public meetings. This policy is not only a violation of public health guidelines but also infringes upon the constitutional rights of individuals attending these meetings.

The policy in question is in direct conflict with established case law and constitutional protections. Specifically, the Third Circuit Court of Appeals has ruled that the refusal to wear a mask during a public health emergency does not constitute protected speech under the First Amendment (*Falcone v. Freehold Township Board of Education*, 2024)¹. This ruling underscores that while individuals may voice their opposition to mask mandates through various means, disobeying a masking requirement is not protected by the Constitution.

Furthermore, the Kentucky Court of Appeals in *Campbell County Board of Education v. Ken Moellman, Sr.* (2023) found that imposing mask requirements as a condition for attending public meetings violates open meetings laws, which state that no condition other than those required for the maintenance of order shall apply to the attendance of any member of the public at any meeting of a public agency². This precedent clearly indicates that the Edison Town Council's policy is unlawful.

In light of these legal precedents, I urge the Edison Town Council to immediately revoke the policy requiring the removal of masks while speaking at public meetings. Failure to do so will result in further legal action to protect the constitutional rights of the public and ensure compliance with established laws.

I look forward to your prompt response and the immediate cessation of this unlawful policy.

Semper Fidelis,

Steven Wronko

Hello Edison council,
i am a resident of Edison Township. I would like to ask you to not to reduce the time limit to less than 5 minutes. Edison resident should be able to raise their concerns and less than 5 minutes are not enough.
Second please don't intimidate residents to raise their concern by asking police to remove.
Our police is more effective stopping the crime that is increasing day by day. Our tax dollars should be put for the safety of residents and not to intimidate them for raising their voices.

Thanks
Asad
