List Date: July 31, 2018

INSTRUCTIONS TO BIDDERS – PERFORMANCE OF PLUMBING WORK

All bidders seeking to perform plumbing work on a publicly bid contract are required to comply with NJSA 45:14C-2 and NJAC 13:32-1.3. These provisions require that plumbing work on such a contract may only be performed by an entity in which a licensed master plumber owns not less than 10% of the issued and outstanding shares of stock in the corporation, or not less than 10% of the capital of the partnership, or not less than 10% of the ownership of any other firm or legal entity.

Accordingly, if a bidder intends to perform plumbing work on a publicly bid contract with its own employees or by the bidder himself, a master plumber must possess an ownership interest that complies with NJSA 45:14C-2 and NJAC 13:32-1.3 in the entity submitting the bid. Alternatively, if a bidder intends to perform such work through use of a subcontractor, a master plumber must possess an ownership interest that complies with NJSA 45:14C-2 and NJAC 13:32-1.3 in the subcontractor.

INSTRUCTIONS TO BIDDERS – PERFORMANCE OF SPECIALTY TRADE WORK

In the event a general contractor will be required to furnish (1) plumbing and gas fitting and kindred work; (2) steam power plants, steam and hot water heating and ventilating apparatus and kindred work; (3) electrical work; and/or (4) structural steel and ornamental iron work, the general contractor must complete all of the sections on the following form in order to provide the required information demonstrating that either its subcontractors, its own employees or the bidder himself possess the necessary or required qualifications to perform work in each appropriate specialty trade category applicable to the contract. If the contract does not involve any of the specialty trade categories, insert the word "NONE" in each appropriate space provided. The completed form must be submitted with the general contractor's bid.

A general contractor that intends to utilize a specific subcontractor to perform work in one or more of the specialty trade categories set forth on the following form shall provide the required information with regard to that subcontractor in the appropriate spaces for each specialty trade category applicable to the contract.

A general contractor that intends to perform work in one or more of the specialty trade categories set forth on the following form through the use of its own employees or the general contractor himself rather than through utilization of a subcontractor shall write the word "In-House" next to each applicable category and then insert the name, and the license number where required, of each such employee of the general contractor or the general contractor himself in the appropriate spaces for each specialty trade category applicable to the contract.

PROPOSAL AND SCHEDULE OF BIDS

SCOPE OF ALLOWANCE FOR WORK NOT SPECIFIED ITEM

The contractor shall make an allowance in his bid for any modifications or additions associated with construction of the project including any incidental or additional material, services or appurtenances not specifically described in the specifications but required to satisfactorily complete the project, (Bid Item 5). All work must be ordered by the Engineer to qualify for payment. This item is intended to be utilized to compensate the contractor for any unknown items of work.

The contractor will be paid from the allowance based on a mutually agreeable price between the contractor and the Engineer prior to commencing work not specified. To qualify for payment, work must be ordered by the Engineer in writing.

The contractor shall allow \$10,000.00 for this item to cover the work in Bid Item 5. Nothing herein shall constitute a guarantee that the contractor is entitled to payment of any portion of the allowance. If no work is done under this item, the full amount of \$10,000.00 shall not be paid by the Owner to the contractor.
