Dear Anonymous Requestor,

The League has been working diligently to respond to your April 21, 2022 records request. As I previously noted your request as it pertains to email communications resulted in an extraordinary number of potential records. The records needed to be reviewed for possible redaction or exemption from production in accordance with applicable law. This review has taken much longer to perform than previously anticipated, but is in its final stages.

With this in mind, the League will need additional time to finalize production and review of these records. An extension of at least another week, until **September 28, 2022** will be required. I am hopeful that this will be the final extension necessary.

I would also like to note that the file containing the records responsive to your request will likely be too large in size to be emailed. In the alternative these records can be provided either on a CD/DVD or uploaded to a File Sharing Transfer site. Please contact me to authorize the creation of a CD/DVD, which will trigger an invoice for the cost and mailing of the CD/DVD, or provide the access information for these records to be uploaded to a File Sharing Transfer site that you have established.

As always, if there are any questions or if clarification is needed, please do not hesitate to give me a call.

Yours truly,

Frank Marshall
