Carl and Frank,

Thank you for agreeing to be panelist on the Wednesday, November 20, 9:00 a.m. *Recent OPRA Decisions* conference session. As we quickly approach the conference I am reaching out go over a few items.

First, as reminder, the conference session room will include a head table with appropriate number of chairs, lectern with microphone, and a microphone in the center aisle for question and answers. **If you wish to do a PowerPoint presentation please let me know no later than October 30**. The League will arrange for a table and screen. **You will need to bring your own projector, laptop, and 20' extension cord**. You can order projectors, electrical extension cords, and internet connections from the Convention Center for a fee.

If you are doing a PowerPoint presentation please send me a copy so we can post it to the web for folks to access at the conference.

If you would like a conference call before the session with the other members of the panel, all of whom are copied on this email, please let me know and I can facilitate a conference call.

As always, if you have any questions or need additional information please do not hesitate to contact me.

Thank you,

Lori

Dear MCANJ members:

I hope that you are enjoying a festive fall. The colors are so brilliant this year.

On 18 October 2019 you received a NJLM Weekly Round-Up email.

Within the body of that email was a section addressing the joint efforts

of NJLM and MCANJ regarding OPRA/OPMA Update & Sample Resolution.

I understand that your offices are busy and these daily updates can

easily be overlooked, so MCANJ is taking the time to pull the OPRA/OPMA

Update & Sample Resolution portion out of that email and forward to you directly.

Please take the time to complete the fill-in-the blanks of the Resolution and

ask your Governing Bodies to adopt it this year. Once adopted please forward

a certified copy to those listed as well as Joel Popkin, MCANJ Executive Director.

Thank you for your time and dedication to stand up for the Municipal Clerk's

accountability and responsibilities on this OPRA/OPMA issue.

d. OPRA/OPMA Update & Sample Resolution

Recently, Senator Weinberg noted that she has been working for more than two years to update the outdated Open Public Records Act (OPRA) and Open Public Meetings Act (OPMA) and will continue to address them during lame duck, presumably through her bills S-106 (OPMA) and S-107 (OPRA). In response to this, the League and Municipal Clerks Association of New Jersey has prepared a sample resolution calling for a study commission to review the almost 20-year-old law.

The sample resolution also asks for information on your municipal experience with OPRA, including the number of requests, approximate staff hours staff and attorney fees your municipality has incurred responding to OPRA requests. We respectfully request that you consider adopting the sample resolution and forward a copy to your State Senator, Assembly Representatives as well as Senate President Sweeney, Assembly Speaker Coughlin, Senator Weinberg, and Governor Murphy.

Lori,

I will discuss the resolution with the Governing Body. I started in this position on August first of this year and do not know the OPRA history.

I do not have a lot of help in the office, so I would like to do the Resolution and eliminate the sections where I would have to do the accounting of requests and costs.

I hope that it would be OK to do the resolution in that way.

b. Governor Signs Order Establishing Statewide Climate Change Resilience Strategy

On Tuesday, the seventh anniversary of Superstorm Sandy, Governor Murphy signed Executive Order No. 89 (the "EO"), establishing a Statewide Climate Change Resilience Strategy. The Executive Order also establishes a Climate and Flood Resilience Program within the Department of Environmental Protection, and an Interagency Council on Climate Resilience comprised of 16 state agencies. The overall goal of the EO is to develop short- and long-term action plans that will promote the long-term mitigation, adaptation, and resilience of the State's economy, communities, infrastructure, and natural resources.

The Climate and Flood Resilience Program within the DEP is tasked with, among other things, compiling and maintaining an updated directory of federal and state grants and financing programs available to assist the state, counties, and municipalities to plan for, mitigate, and respond to the impacts of climate change. The program is also tasked with providing technical guidance and support to counties and municipalities in their efforts to plan for and address the current and anticipated impacts of climate change in accordance with the Statewide Climate Change Resilience Strategy.

The EO also directs the State Planning Commission, based upon the Scientific Report of Climate Change and the Statewide Climate Change Resilience Strategy, to incorporate climate change conditions as a mandatory requirement for State Development and Redevelopment Plan endorsement.

b. Unauthorized Hotel Reservation Services

Every year unauthorized firms solicit housing and hotel reservations from attendees at the Annual League Conference. We assure you that the only firm authorized to handle our conference housing reservations is AC Central Reservations. This information is on the top of the official conference housing form sent to all municipal clerks and posted on the League website.

Using unauthorized reservation services creates real problems for you and the conference as a whole. You cannot be assured your credit card information is secure and your room reservation may not actually be made. Using unauthorized services means your room will not be part of the official conference housing block and you will not get emergency housing information (which happened in both 2011 and 2012), nor will there be adequate shuttle bus services to your hotel.

As always, the League is available to answer your questions on any aspect of the annual

conference and we strive to make your participation both enjoyable and highly productive.

This is good.

Please remember, and I don't know how many weeks will do it, but the "Look Ahead to Lame Duck" item should be the final item under State.

a. Look Ahead to Lame Duck: OPRA/OPMA Blog Posts and Sample Resolution

Recently, Senator Weinberg noted that she has been working for more than two years to update the outdated Open Public Records Act (OPRA) and Open Public Meetings Act

(OPMA) and will continue to address them during lame duck, presumably through her bills S-106 (OPMA) and S-107 (OPRA). In response to this, the League and Municipal Clerks Association of New Jersey have prepared a sample resolution calling for a study commission to review the almost 20 year old law. The sample resolution also asks for information on your municipal experience with OPRA, including the number of requests, approximate staff hours staff and attorney fees your municipality has incurred responding to OPRA requests.

In addition, we are continuing our OPRA/OPMA blog post series with post on prevailing attorney fees, subcommittees, and definition of government records.

We respectfully request that you consider adopting the sample resolution and forward a copy to your State Senator, Assembly Representatives as well as Senate President Sweeney, Assembly Speaker Coughlin, Senator Weinberg, and Governor Murphy.

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: Fix email delivery issues for error code 5.1.10 in Office 365, and then send the message again. Retype the entire recipient address before selecting **Send**.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

Was this helpful? Send feedback to Microsoft.

More Info for Email Admins

Status code: 550 5.1.10

This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see Fix email delivery issues for error code 5.1.10 in Office 365.

I. State Issues

a. Look Ahead to Lame Duck: OPRA/OPMA Blog Posts and Sample Resolution

Recently, Senator Weinberg noted that she has been working for more than two years to update the outdated Open Public Records Act (OPRA) and Open Public Meetings Act (OPMA) and will continue to address them during lame duck, presumably through her bills S-106 (OPMA) and S-107 (OPRA). In response to this, the League and Municipal Clerks Association of New Jersey have prepared a sample resolution calling for a study commission to review the almost 20 year old law. The sample resolution also asks for information on your municipal experience with OPRA, including the number of requests, approximate staff hours staff and attorney fees your municipality has incurred responding to OPRA requests.

In addition, we are continuing our OPRA/OPMA blog post series with post on prevailing attorney fees, subcommittees, and definition of government records.

We respectfully request that you consider adopting the sample resolution and forward a copy to your State Senator, Assembly Representatives as well as Senate President Sweeney, Assembly Speaker Coughlin, Senator Weinberg, and Governor Murphy.

Contact: Lori Buckelew, Senior Legislative Analyst, xxxxxxxxx@xxxx.xxx 609-695-3481 x112.

b. Governor Signs Order Establishing Statewide Climate Change Resilience Strategy

On Tuesday, the seventh anniversary of Superstorm Sandy, Governor Murphy signed Executive Order No. 89 (the "EO"), establishing a Statewide Climate Change Resilience Strategy. The Executive Order also establishes a Climate and Flood Resilience Program within the Department of Environmental Protection, and an Interagency Council on Climate Resilience comprised of 16 state agencies. The overall goal of the EO is to develop short- and long-term action plans that will promote the long-term mitigation, adaptation, and resilience of the State's economy, communities, infrastructure, and natural resources.

The Climate and Flood Resilience Program within the DEP is tasked with, among other things, compiling and maintaining an updated directory of federal and state grants and financing programs available to assist the state, counties, and municipalities to plan for, mitigate, and respond to the impacts of climate change. The program is also tasked with providing technical guidance and support to counties and municipalities in their efforts to plan for and address the current and anticipated impacts of climate change in accordance with the Statewide Climate Change Resilience Strategy.

The EO also directs the State Planning Commission, based upon the Scientific Report of Climate Change and the Statewide Climate Change Resilience Strategy, to incorporate climate change conditions as a mandatory requirement for State Development and Redevelopment Plan endorsement.

II. Annual League Conference

a. View the NJLM Annual Conference List of Exhibitors

The exhibit hall at the conference is **sold out** with 700 exhibitors displaying their products and services in over 1,000 booths. Review the full list on the Interactive Floor Plan and on the conference app to make your schedule and save a list of the exhibitors you would like to visit.

The exhibitors are eager to provide education and solutions to your challenges!

Contact: Kristin Lawrence, Director of Exhibition and Sponsorships, 609-695-3481 x125, xxxxxxxxx@xxxx.xxx

b. Unauthorized Hotel Reservation Services

Every year unauthorized firms solicit housing and hotel reservations from attendees at the Annual League Conference. We assure you that the only firm authorized to handle our conference housing reservations is AC Central Reservations. This information is on the top of the official conference housing form sent to all municipal clerks and posted on the League website.

Using unauthorized reservation services creates real problems for you and the conference

as a whole. You cannot be assured your credit card information is secure and your room reservation may not actually be made. Using unauthorized services means your room will not be part of the official conference housing block and you will not get emergency housing information (which happened in both 2011 and 2012), nor will there be adequate shuttle bus services to your hotel.

As always, the League is available to answer your questions on any aspect of the annual conference and we strive to make your participation both enjoyable and highly productive.

Contact: Michael J. Darcy, CAE, Executive Director, xxxxxx@xxxx.xxx, 609-695-3481 x116.

b. Governor Signs Order Establishing Statewide Climate Change Resilience Strategy

On Tuesday, the seventh anniversary of Superstorm Sandy, Governor Murphy signed Executive Order No. 89 (the "EO"), establishing a Statewide Climate Change Resilience Strategy. The Executive Order also establishes a Climate and Flood Resilience Program within the Department of Environmental Protection, and an Interagency Council on Climate Resilience comprised of 16 state agencies. The overall goal of the EO is to develop short- and long-term action plans that will promote the long-term mitigation, adaptation, and resilience of the State's economy, communities, infrastructure, and natural resources.

The Climate and Flood Resilience Program within the DEP is tasked with, among other things, compiling and maintaining an updated directory of federal and state grants and financing programs available to assist the state, counties, and municipalities to plan for, mitigate, and respond to the impacts of climate change. The program is also tasked with providing technical guidance and support to counties and municipalities in their efforts to plan for and address the current and anticipated impacts of climate change in accordance with the Statewide Climate Change Resilience Strategy.

The EO also directs the State Planning Commission, based upon the Scientific Report of Climate Change and the Statewide Climate Change Resilience Strategy, to incorporate climate change conditions as a mandatory requirement for State Development and Redevelopment Plan endorsement.

a. View the NJLM Annual Conference List of Exhibitors

The exhibit hall at the conference is **sold out** with 700 exhibitors displaying their products and services in over 1,000 booths. Review the full list on the Interactive Floor Plan and on the conference app to make your schedule and save a list of the exhibitors you would like to visit.

The exhibitors are eager to provide education and solutions to your challenges!

b. Unauthorized Hotel Reservation Services

Every year unauthorized firms solicit housing and hotel reservations from attendees at the Annual League Conference. We assure you that the only firm authorized to handle our conference housing reservations is AC Central Reservations. This information is on the top of the official conference housing form sent to all municipal clerks and posted on the League website.

Using unauthorized reservation services creates real problems for you and the conference

as a whole. You cannot be assured your credit card information is secure and your room reservation may not actually be made. Using unauthorized services means your room will not be part of the official conference housing block and you will not get emergency housing information (which happened in both 2011 and 2012), nor will there be adequate shuttle bus services to your hotel.

As always, the League is available to answer your questions on any aspect of the annual conference and we strive to make your participation both enjoyable and highly productive.

a. Look Ahead to Lame Duck: OPRA/OPMA Blog Posts and Sample Resolution

Recently, Senator Weinberg noted that she has been working for more than two years to update the outdated Open Public Records Act (OPRA) and Open Public Meetings Act (OPMA) and will continue to address them during lame duck, presumably through her bills S-106 (OPMA) and S-107 (OPRA). In response to this, the League and Municipal Clerks Association of New Jersey have prepared a sample resolution calling for a study commission to review the almost 20 year old law. The sample resolution also asks for information on your municipal experience with OPRA, including the number of requests, approximate staff hours staff and attorney fees your municipality has incurred responding to OPRA requests.

In addition, we are continuing our OPRA/OPMA blog post series with post on prevailing attorney fees, subcommittees, and definition of government records.

We respectfully request that you consider adopting the sample resolution and forward a copy to your State Senator, Assembly Representatives as well as Senate President Sweeney, Assembly Speaker Coughlin, Senator Weinberg, and Governor Murphy.

b. Governor Signs Order Establishing Statewide Climate Change Resilience Strategy

On Tuesday, the seventh anniversary of Superstorm Sandy, Governor Murphy signed Executive Order No. 89 (the "EO"), establishing a Statewide Climate Change Resilience Strategy. The Executive Order also establishes a Climate and Flood Resilience Program within the Department of Environmental Protection, and an Interagency Council on Climate Resilience comprised of 16 state agencies. The overall goal of the EO is to develop short- and long-term action plans that will promote the long-term mitigation, adaptation, and resilience of the State's economy, communities, infrastructure, and natural resources.

The Climate and Flood Resilience Program within the DEP is tasked with, among other things, compiling and maintaining an updated directory of federal and state grants and financing programs available to assist the state, counties, and municipalities to plan for, mitigate, and respond to the impacts of climate change. The program is also tasked with providing technical guidance and support to counties and municipalities in their efforts to plan for and address the current and anticipated impacts of climate change in accordance with the Statewide Climate Change Resilience Strategy.

The EO also directs the State Planning Commission, based upon the Scientific Report of Climate Change and the Statewide Climate Change Resilience Strategy, to incorporate climate change conditions as a mandatory requirement for State Development and Redevelopment Plan endorsement.

a. View the NJLM Annual Conference List of Exhibitors

The exhibit hall at the conference is **sold out** with 700 exhibitors displaying their products and services in over 1,000 booths. Review the full list on the Interactive Floor Plan and on the conference app to make your schedule and save a list of the exhibitors you would like to visit.

The exhibitors are eager to provide education and solutions to your challenges!

b. Unauthorized Hotel Reservation Services

Every year unauthorized firms solicit housing and hotel reservations from attendees at the Annual League Conference. We assure you that the only firm authorized to handle our conference housing reservations is AC Central Reservations. This information is on the top of the official conference housing form sent to all municipal clerks and posted on the League website.

Using unauthorized reservation services creates real problems for you and the conference

as a whole. You cannot be assured your credit card information is secure and your room reservation may not actually be made. Using unauthorized services means your room will not be part of the official conference housing block and you will not get emergency housing information (which happened in both 2011 and 2012), nor will there be adequate shuttle bus services to your hotel.

As always, the League is available to answer your questions on any aspect of the annual conference and we strive to make your participation both enjoyable and highly productive.

a. Look Ahead to Lame Duck: OPRA/OPMA Blog Posts and Sample Resolution

Recently, Senator Weinberg noted that she has been working for more than two years to update the outdated Open Public Records Act (OPRA) and Open Public Meetings Act (OPMA) and will continue to address them during lame duck, presumably through her bills S-106 (OPMA) and S-107 (OPRA). In response to this, the League and Municipal Clerks Association of New Jersey have prepared a sample resolution calling for a study commission to review the almost 20 year old law. The sample resolution also asks for information on your municipal experience with OPRA, including the number of requests, approximate staff hours staff and attorney fees your municipality has incurred responding to OPRA requests.

In addition, we are continuing our OPRA/OPMA blog post series with post on prevailing attorney fees, subcommittees, and definition of government records.

We respectfully request that you consider adopting the sample resolution and forward a copy to your State Senator, Assembly Representatives as well as Senate President Sweeney, Assembly Speaker Coughlin, Senator Weinberg, and Governor Murphy.

Looking Ahead to Lame Duck: OPRA and OPMA

As we indicated last week, we expect that the flawed bills to amend OPRA and OPMA, S-106 and S-107, will again be pushed for a floor vote.

Please ask your Senators to oppose S-106 and S-107.

Please continue to monitor the League's legislative blog, the Town Crier [https://www.njlm.org/njlmblog] for a breakdown of this legislation. Today the League posted the 3rd in a series of posts on these bills.

We also ask that you consider [https://www.njlm.org/DocumentCenter/View/8049/MCANJ-Resolution-v3] passing a resolution [https://www.njlm.org/DocumentCenter/View/8049/MCANJ-Resolution-v3] calling for a study commission, based on a League Conference resolution from last year, instead of this legislation.

Looking Ahead to Lame Duck: OPRA and OPMA

As we indicated last week, we expect that the flawed bills to amend OPRA and OPMA, S-106 and S-107, will again be pushed for a floor vote.

Please ask your Senators to oppose S-106 and S-107. Please continue to monitor the League's legislative blog, the Town Crier for a breakdown of this legislation. Today the League posted the 3rd in a series of posts on these bills.

We also ask that you consider passing a resolution calling for a study commission, based on a League Conference resolution from last year, instead of this legislation.

I am surprise folks are asking because in the alert we note that "*In response to this, the League and Municipal Clerks Association of New Jersey has prepared a sample resolution calling for a study commission to review the almost 20-year-old law*."

I have received a few phone calls with folks asking what is the timeframe. My response is sooner than later as the bill can be posted as early as December.

Let me know if you need additional information or have any questions. Also, I will keep you posted on any resolutions we receive back.

Hi Elaine,

There is legislation that has been introduced to create a study commission. However, Senator Weinberg is looking to move forward with S-106 & S-107 during lame duck (time between Election Day and the start of the new legislative term - Jan 14, 2020). We are encouraging towns to adopt the sample resolution to not only provide insight on how much OPRA is impacting towns but to call for the study commission instead of S-106 & S-107. The sooner towns can pass the resolution the better.

Hi, Lori!

I received the email Friday night about the subcommittee to study the effects, I.e. costs, time, legal, etc. Is there much time to get this passed? I am so very interested in this happening if some changes come about.

When would our leaders act on this?

Thanks,

OPRA/OPMA Update, Sample Resolution, and Blog Posts

Recently, Senator Weinberg noted that she has been working for more than two years to update the outdated Open Public Records Act (OPRA) and Open Public Meetings Act (OPMA) and will continue to address them during lame duck, presumably through her bills S-106 (OPMA) and S-107 (OPRA). In response to this, the League and Municipal Clerks Association of New Jersey have prepared a sample resolution calling for a study commission to review the almost 20 year old law. The sample resolution also asks for information on your municipal experience with OPRA, including the number of requests, approximate staff hours staff and attorney fees your municipality has incurred responding to OPRA requests.

In addition, we are continuing our OPRA/OPMA blog post series with post on subcommittees and the definition of government records.

We respectfully request that you consider adopting the sample resolution and forward a copy to your State Senator, Assembly Representatives as well as Senate President Sweeney, Assembly Speaker Coughlin, Senator Weinberg, and Governor Murphy.

MD had a change and MC had same change as you then said ok to send so it's then scheduled to send out, once scheduled I have a hard time going back to modify if I can even catch in time.

Thanks!

Municipal Clerks: Please forward to your Mayor, Governing Body and Department Heads.

I. State Issues

a. Look Ahead to Lame Duck: OPRA/OPMA Update, Sample Resolution, and Blog Posts

Recently, Senator Weinberg noted that she has been working for more than two years to update the outdated Open Public Records Act (OPRA) and Open Public Meetings Act (OPMA) and will continue to address them during lame duck, presumably through her bills S-106 (OPMA) and S-107 (OPRA). In response to this, the League and Municipal Clerks Association of New Jersey have prepared a sample resolution calling for a study commission to review the almost 20 year old law. The sample resolution also asks for information on your municipal experience with OPRA, including the number of requests, approximate staff hours staff and attorney fees your municipality has incurred responding to OPRA requests.

In addition, we are continuing our OPRA/OPMA blog post series with post on subcommittees and the definition of government records.

We respectfully request that you consider adopting the sample resolution and forward a copy to your State Senator, Assembly Representatives as well as Senate President Sweeney, Assembly Speaker Coughlin, Senator Weinberg, and Governor Murphy.

b. CY 2019/SFY 2020 Best Practices Inventory Due Next Week on October 30

As a reminder the deadline for the CY2019/SFY 2020 Best Practice Inventory is next week, Wednesday, October 30 for all municipalities. For more on the Inventory, the process and changes please read our September 13 blog post.

Contact: Lori Buckelew, Senior Legislative Analyst, xxxxxxxxx@xxxx.xxx 609-695-3481 x112.

c. CY 2020 Municipal Budget Cap Information

The Division of Local Government Services (DLGS) has issued Local Finance Notice 2019-13 regarding the CY 2020 Municipal and County Budget and Cap Information.

There are two caps that limit local budgets. One is the 1977 budget cap law, which caps appropriations increases, and the other is the 2010 levy cap law, which caps levy increases. The 1977 budget cap law requires the DLGS to promulgate the Cost of Living Adjustment (COLA). The **COLA for CY 2020 budgets is calculated at 2.5%.** The governing body may pass a COLA ordinance, increasing the appropriation cap base to 3.5%. Cap bank balances from 2018 and 2019 are available for use in 2020.

In addition, both the 1977 and 2010 cap laws include a cap exception for Group Health Insurance. Since the State Health Benefits increase for CY 2020 is 0%, there will be **no 1977 cap or 2010 levy cap exception forGroup Health Insurance for CY 2019.**

The Division will be issuing the Levy Cap Workbook at a later date.

II. Federal Issues

a. Senate Defeats SALT Limit Relief Senate Joint Resolution

On Wednesday, in Washington, the U.S. Senate rejected S.J.Res. 50, which would have allowed States to work around the $10,000 IRS cap on State and Local Tax (SALT) income tax deductions. The cap, which affects many New Jersey homeowners, was implemented as part of the 2017 Federal Income Tax reform bill, known as the Tax Cuts and Jobs Act. A subsequent IRS ruling prevented States from implementing a 'Charitable Contributions' program, such as the one that was passed into law here in the Garden State. That New Jersey law permits local governments to set up charitable trust funds, and to award property tax credits to trust fund contributors. The IRS rule would not allow filers to take a deduction, based on the amount of those contributions.

S.J. Res. 50 failed on a vote of 43-52.

The Attorneys General of New Jersey, New York, Connecticut and Maryland had challenged the SALT deduction cap, but they lost at the District Court level. New Jersey, New York and Connecticut have filed a separate lawsuit challenging the IRS rule. That is pending before a U.S. District Court in New York.

b. Local Leaders Form National Election Task Force for 2020

Local elected officials from across the country, in partnership with the National League of Cities (NLC), have formed a bi-partisan 2020 Presidential Election Task Force.

"Local leaders have a major role to play in the Presidential election next November," said **NLC President Karen Freeman-Wilson, mayor of Gary, Indiana**. "We have a pulse on the most pressing issues facing our residents and through this task force, we will elevate local priorities on the national stage. We look forward to providing candidates with an inclusive agenda that addresses the major concerns of communities across the country."

Please see the full press release.

III. Annual League Conference

a. View the NJLM Annual Conference List of Exhibitors

The exhibit hall at the conference is **sold out** with 700 exhibitors displaying their products and services in over 1,000 booths. Review the full list on the Interactive Floor Plan and on the conference app to make your schedule and save a list of the exhibitors you would like to visit.

The exhibitors are eager to provide education and solutions to your challenges!

Contact: Kristin Lawrence, Director of Exhibition and Sponsorships, 609-695-3481 x125, xxxxxxxxx@xxxx.xxx

b. Unauthorized Hotel Reservation Services

Every year unauthorized firms solicit housing and hotel reservations from attendees at the Annual League Conference. We assure you that the only firm authorized to handle our conference housing reservations is AC Central Reservations. This information is on the top of the official conference housing form sent to all municipal clerks and posted on the League website.

Using unauthorized reservation services creates real problems for you and the conference as a whole. You cannot be assured your credit card information is secure and your room reservation may not actually be made. Using unauthorized services means your room will not be part of the official conference housing block and you will not get emergency housing information (which happened in both 2011 and 2012), nor will there be adequate shuttle bus services to your hotel.

As always, the League is available to answer your questions on any aspect of the annual conference and we strive to make your participation both enjoyable and highly productive.

IV. Also of Interest

a. NJ Municipalities Magazine Seeking Your Stories

Local officials are invited to share their stories with the readers of *NJ Municipalities Magazine*. Do you have a successful initiative or an innovation that could help your fellow local governments in the Garden State? We are now accepting queries from local government project and program leaders for potential publication in the League magazine's 2019 and 2020 issues.

For the editorial calendar and editorial submission guide, please visit the magazine's webpage or contact Managing Editor Amy Spiezio at xxxxxxxx@xxxx.xxx

b. Centennial of Suffrage

The 100th anniversary of the 19th amendment's ratification in New Jersey will be celebrated throughout 2020. With many significant suffragists hailing from the Garden State, there are many stories to be told about how women came to the vote and their involvement in local government during and since. How will your town be recognizing women's suffrage? We'd like to include your efforts on the League's website, social media, and *NJ Municipalities* magazine.

Please email Managing Editor Amy Spiezio at xxxxxxxx@xxxx.xxx with any ideas, plans, and images you'd like to share with your peers around the state.

I. State Issues

a. Look Ahead to Lame Duck: OPRA/OPMA Update, Sample Resolution, and Blog Posts

Recently, Senator Weinberg noted that she has been working for more than two years to update the outdated Open Public Records Act (OPRA) and Open Public Meetings Act (OPMA) and will continue to address them during lame duck, presumably through her bills S-106 (OPMA) and S-107 (OPRA). In response to this, the League and Municipal Clerks Association of New Jersey have prepared a sample resolution calling for a study commission to review the almost 20 year old law. The sample resolution also asks for information on your municipal experience with OPRA, including the number of requests, approximate staff hours staff and attorney fees your municipality has incurred responding to OPRA requests.

In addition, we are continuing our OPRA/OPMA blog post series with post on subcommittees and the definition of government records.

We respectfully request that you consider adopting the sample resolution and forward a copy to your State Senator, Assembly Representatives as well as Senate President Sweeney, Assembly Speaker Coughlin, Senator Weinberg, and Governor Murphy.

b. CY 2019/SFY 2020 Best Practices Inventory Due Next Week on October 30

As a reminder the deadline for the CY2019/SFY 2020 Best Practice Inventory is next week, Wednesday, October 30 for all municipalities. For more on the Inventory, the process and changes please read our September 13 blog post.

Contact: Lori Buckelew, Senior Legislative Analyst, xxxxxxxxx@xxxx.xxx 609-695-3481 x112.

c. CY 2020 Municipal Budget Cap Information

The Division of Local Government Services (DLGS) has issued Local Finance Notice 2019-13 regarding the CY 2020 Municipal and County Budget and Cap Information.

There are two caps that limit local budgets. One is the 1977 budget cap law, which caps appropriations increases, and the other is the 2010 levy cap law, which caps levy increases. The 1977 budget cap law requires the DLGS to promulgate the Cost of Living Adjustment (COLA). The **COLA for CY 2020 budgets is calculated at 2.5%.** The governing body may pass a COLA ordinance, increasing the appropriation cap base to 3.5%. Cap bank balances from 2018 and 2019 are available for use in 2020.

In addition, both the 1977 and 2010 cap laws include a cap exception for Group Health Insurance. Since the State Health Benefits increase for CY 2020 is 0%, there will be **no 1977 cap or 2010 levy cap exception forGroup Health Insurance for CY 2019.**

The Division will be issuing the Levy Cap Workbook at a later date.

II. Federal Issues

a. Senate Defeats SALT Limit Relief Senate Joint Resolution

On Wednesday, in Washington, the U.S. Senate rejected S.J.Res. 50, which would have allowed States to work around the $10,000 IRS cap on State and Local Tax (SALT) income tax deductions. The cap, which affects many New Jersey homeowners, was implemented as part of the 2017 Federal Income Tax reform bill, known as the Tax Cuts and Jobs Act. A subsequent IRS ruling prevented States from implementing a 'Charitable Contributions' program, such as the one that was passed into law here in the Garden State. That New Jersey law permits local governments to set up charitable trust funds, and to award property tax credits to trust fund contributors. The IRS rule would not allow filers to take a deduction, based on the amount of those contributions.

S.J. Res. 50 failed on a vote of 43-52.

The Attorneys General of New Jersey, New York, Connecticut and Maryland had challenged the SALT deduction cap, but they lost at the District Court level. New Jersey, New York and Connecticut have filed a separate lawsuit challenging the IRS rule. That is pending before a U.S. District Court in New York.

b. Local Leaders Form National Election Task Force for 2020

Local elected officials from across the country, in partnership with the National League of Cities (NLC), have formed a bi-partisan 2020 Presidential Election Task Force.

"Local leaders have a major role to play in the Presidential election next November," said **NLC President Karen Freeman-Wilson, mayor of Gary, Indiana**. "We have a pulse on the most pressing issues facing our residents and through this task force, we will elevate local priorities on the national stage. We look forward to providing candidates with an inclusive agenda that addresses the major concerns of communities across the country."

Please see the full press release.

III. Annual League Conference

a. View the NJLM Annual Conference List of Exhibitors

The exhibit hall at the conference is **sold out** with 700 exhibitors displaying their products and services in over 1,000 booths. Review the full list on the Interactive Floor Plan and on the conference app to make your schedule and save a list of the exhibitors you would like to visit.

The exhibitors are eager to provide education and solutions to your challenges!

b. Unauthorized Hotel Reservation Services

Every year unauthorized firms solicit housing and hotel reservations from attendees at the Annual League Conference. We assure you that the only firm authorized to handle our conference housing reservations is AC Central Reservations. This information is on the top of the official conference housing form sent to all municipal clerks and posted on the League website.

Using unauthorized reservation services creates real problems for you and the conference as a whole. You cannot be assured your credit card information is secure and your room reservation may not actually be made. Using unauthorized services means your room will not be part of the official conference housing block and you will not get emergency housing information (which happened in both 2011 and 2012), nor will there be adequate shuttle bus services to your hotel.

As always, the League is available to answer your questions on any aspect of the annual conference and we strive to make your participation both enjoyable and highly productive.

a. NJ Municipalities Magazine Seeking Your Stories

Local officials are invited to share their stories with the readers of *NJ Municipalities Magazine*. Do you have a successful initiative or an innovation that could help your fellow local governments in the Garden State? We are now accepting queries from local government project and program leaders for potential publication in the League magazine's 2019 and 2020 issues.

For the editorial calendar and editorial submission guide, please visit the magazine's webpage or contact Managing Editor Amy Spiezio at xxxxxxxx@xxxx.xxx

b. Centennial of Suffrage

The 100th anniversary of the 19th amendment's ratification in New Jersey will be celebrated throughout 2020. With many significant suffragists hailing from the Garden State, there are many stories to be told about how women came to the vote and their involvement in local government during and since. How will your town be recognizing women's suffrage? We'd like to include your efforts on the League's website, social media, and *NJ Municipalities* magazine.

Please email Managing Editor Amy Spiezio at xxxxxxxx@xxxx.xxx with any ideas, plans, and images you'd like to share with your peers around the state.

a. Look Ahead to Lame Duck: OPRA/OPMA Update, Sample Resolution, and Blog Posts

Recently, Senator Weinberg noted that she has been working for more than two years to update the outdated Open Public Records Act (OPRA) and Open Public Meetings Act (OPMA) and will continue to address them during lame duck, presumably through her bills S-106 (OPMA) and S-107 (OPRA). In response to this, the League and Municipal Clerks Association of New Jersey have prepared a sample resolution calling for a study commission to review the almost 20 year old law. The sample resolution also asks for information on your municipal experience with OPRA, including the number of requests, approximate staff hours staff and attorney fees your municipality has incurred responding to OPRA requests.

In addition, we are continuing our OPRA/OPMA blog post series with post on subcommittees and the definition of government records.

We respectfully request that you consider adopting the sample resolution and forward a copy to your State Senator, Assembly Representatives as well as Senate President Sweeney, Assembly Speaker Coughlin, Senator Weinberg, and Governor Murphy.

c. CY 2020 Municipal Budget Cap Information

The Division of Local Government Services (DLGS) has issued Local Finance Notice 2019-13 regarding the CY 2020 Municipal and County Budget and Cap Information.

There are two caps that limit local budgets. One is the 1977 budget cap law, which caps appropriations increases, and the other is the 2010 levy cap law, which caps levy increases. The 1977 budget cap law requires the DLGS to promulgate the Cost of Living Adjustment (COLA). The **COLA for CY 2020 budgets is calculated at 2.5%.** The governing body may pass a COLA ordinance, increasing the appropriation cap base to 3.5%. Cap bank balances from 2018 and 2019 are available for use in 2020.

In addition, both the 1977 and 2010 cap laws include a cap exception for Group Health Insurance. Since the State Health Benefits increase for CY 2020 is 0%, there will be **no 1977 cap or 2010 levy cap exception forGroup Health Insurance for CY 2019.**

The Division will be issuing the Levy Cap Workbook at a later date.

II. Federal Issues

a. Senate Defeats SALT Limit Relief Senate Joint Resolution

On Wednesday, in Washington, the U.S. Senate rejected S.J.Res. 50, which would have allowed States to work around the $10,000 IRS cap on State and Local Tax (SALT) income tax deductions. The cap, which affects many New Jersey homeowners, was implemented as part of the 2017 Federal Income Tax reform bill, known as the Tax Cuts and Jobs Act. A subsequent IRS ruling prevented States from implementing a 'Charitable Contributions' program, such as the one that was passed into law here in the Garden State. That New Jersey law permits local governments to set up charitable trust funds, and to award property tax credits to trust fund contributors. The IRS rule would not allow filers to take a deduction, based on the amount of those contributions.

S.J. Res. 50 failed on a vote of 43-52.

The Attorneys General of New Jersey, New York, Connecticut and Maryland had challenged the SALT deduction cap, but they lost at the District Court level. New Jersey, New York and Connecticut have filed a separate lawsuit challenging the IRS rule. That is pending before a U.S. District Court in New York.

b. Local Leaders Form National Election Task Force for 2020

Local elected officials from across the country, in partnership with the National League of Cities (NLC), have formed a bi-partisan 2020 Presidential Election Task Force.

"Local leaders have a major role to play in the Presidential election next November," said **NLC President Karen Freeman-Wilson, mayor of Gary, Indiana**. "We have a pulse on the most pressing issues facing our residents and through this task force, we will elevate local priorities on the national stage. We look forward to providing candidates with an inclusive agenda that addresses the major concerns of communities across the country."

b. Unauthorized Hotel Reservation Services

Every year unauthorized firms solicit housing and hotel reservations from attendees at the Annual League Conference. We assure you that the only firm authorized to handle our conference housing reservations is AC Central Reservations. This information is on the top of the official conference housing form sent to all municipal clerks and posted on the League website.

Using unauthorized reservation services creates real problems for you and the conference as a whole. You cannot be assured your credit card information is secure and your room reservation may not actually be made. Using unauthorized services means your room will not be part of the official conference housing block and you will not get emergency housing information (which happened in both 2011 and 2012), nor will there be adequate shuttle bus services to your hotel.

As always, the League is available to answer your questions on any aspect of the annual conference and we strive to make your participation both enjoyable and highly productive.

This information is on the top of the official conference housing form sent to all municipal clerks and posted on the League website.

Using unauthorized reservation services creates real problems for you and the conference as a whole. You cannot be assured your credit card information is secure and your room reservation may not actually be made. Using unauthorized services means your room will not be part of the official conference housing block and you will not get emergency housing information (which happened in both 2011 and 2012), nor will there be adequate shuttle bus services to your hotel.

As always, the League is available to answer your questions on any aspect of the annual conference and we strive to make your participation both enjoyable and highly productive.

a. NJ Municipalities Magazine Seeking Your Stories

Local officials are invited to share their stories with the readers of *NJ Municipalities Magazine*. Do you have a successful initiative or an innovation that could help your fellow local governments in the Garden State? We are now accepting queries from local government project and program leaders for potential publication in the League magazine's 2019 and 2020 issues.

For the editorial calendar and editorial submission guide, please visit the magazine's webpage or contact Managing Editor Amy Spiezio at xxxxxxxx@xxxx.xxx

b. Centennial of Suffrage

The 100th anniversary of the 19th amendment's ratification in New Jersey will be celebrated throughout 2020. With many significant suffragists hailing from the Garden State, there are many stories to be told about how women came to the vote and their involvement in local government during and since. How will your town be recognizing women's suffrage? We'd like to include your efforts on the League's website, social media, and *NJ Municipalities* magazine.

Please email Managing Editor Amy Spiezio at xxxxxxxx@xxxx.xxx with any ideas, plans, and images you'd like to share with your peers around the state.

I. State Issues

a. Look Ahead to Lame Duck: OPRA/OPMA Update, Sample Resolution, and Blog Posts

Recently, Senator Weinberg noted that she has been working for more than two years to update the outdated Open Public Records Act (OPRA) and Open Public Meetings Act (OPMA) and will continue to address them during lame duck, presumably through her bills S-106 (OPMA) and S-107 (OPRA). In response to this, the League and Municipal Clerks Association of New Jersey have prepared a sample resolution calling for a study commission to review the almost 20 year old law. The sample resolution also asks for information on your municipal experience with OPRA, including the number of requests, approximate staff hours staff and attorney fees your municipality has incurred responding to OPRA requests.

In addition, we are continuing our OPRA/OPMA blog post series with post on subcommittees and the definition of government records.

We respectfully request that you consider adopting the sample resolution and forward a copy to your State Senator, Assembly Representatives as well as Senate President Sweeney, Assembly Speaker Coughlin, Senator Weinberg, and Governor Murphy.

c. CY 2020 Municipal Budget Cap Information

The Division of Local Government Services (DLGS) has issued Local Finance Notice 2019-13 regarding the CY 2020 Municipal and County Budget and Cap Information.

There are two caps that limit local budgets. One is the 1977 budget cap law, which caps appropriations increases, and the other is the 2010 levy cap law, which caps levy increases. The 1977 budget cap law requires the DLGS to promulgate the Cost of Living Adjustment (COLA). The **COLA for CY 2020 budgets is calculated at 2.5%.** The governing body may pass a COLA ordinance, increasing the appropriation cap base to 3.5%. Cap bank balances from 2018 and 2019 are available for use in 2020.

In addition, both the 1977 and 2010 cap laws include a cap exception for Group Health Insurance. Since the State Health Benefits increase for CY 2020 is 0%, there will be **no 1977 cap or 2010 levy cap exception forGroup Health Insurance for CY 2019.**

The Division will be issuing the Levy Cap Workbook at a later date.

II. Federal Issues

a. Senate Defeats SALT Limit Relief Senate Joint Resolution

On Wednesday, in Washington, the U.S. Senate rejected S.J.Res. 50, which would have allowed States to work around the $10,000 IRS cap on State and Local Tax (SALT) income tax deductions. The cap, which affects many New Jersey homeowners, was implemented as part of the 2017 Federal Income Tax reform bill, known as the Tax Cuts and Jobs Act. A subsequent IRS ruling prevented States from implementing a 'Charitable Contributions' program, such as the one that was passed into law here in the Garden State. That New Jersey law permits local governments to set up charitable trust funds, and to award property tax credits to trust fund contributors. The IRS rule would not allow filers to take a deduction, based on the amount of those contributions.

S.J. Res. 50 failed on a vote of 43-52.

The Attorneys General of New Jersey, New York, Connecticut and Maryland had challenged the SALT deduction cap, but they lost at the District Court level. New Jersey, New York and Connecticut have filed a separate lawsuit challenging the IRS rule. That is pending before a U.S. District Court in New York.

How to Fix It

The address may be misspelled or may not exist. Try one or more of the following:

- Send the message again following these steps: In Outlook, open this non-delivery report (NDR) and choose **Send Again** from the Report ribbon. In Outlook on the web, select this NDR, then select the link "**To send this message again, click here.**" Then delete and retype the entire recipient address. If prompted with an Auto-Complete List suggestion don't select it. After typing the complete address, click **Send**.
- Contact the recipient (by phone, for example) to check that the address exists and is correct.
- The recipient may have set up email forwarding to an incorrect address. Ask them to check that any forwarding they've set up is working correctly.
- Clear the recipient Auto-Complete List in Outlook or Outlook on the web by following the steps in this article: Fix email delivery issues for error code 5.1.10 in Office 365, and then send the message again. Retype the entire recipient address before selecting **Send**.

If the problem continues, forward this message to your email admin. If you're an email admin, refer to the **More Info for Email Admins** section below.

Was this helpful? Send feedback to Microsoft.

More Info for Email Admins

Status code: 550 5.1.10

This error occurs because the sender sent a message to an email address hosted by Office 365 but the address is incorrect or doesn't exist at the destination domain. The error is reported by the recipient domain's email server, but most often it must be fixed by the person who sent the message. If the steps in the **How to Fix It** section above don't fix the problem, and you're the email admin for the recipient, try one or more of the following:

The email address exists and is correct - Confirm that the recipient address exists, is correct, and is accepting messages.

Synchronize your directories - If you have a hybrid environment and are using directory synchronization make sure the recipient's email address is synced correctly in both Office 365 and in your on-premises directory.

Errant forwarding rule - Check for forwarding rules that aren't behaving as expected. Forwarding can be set up by an admin via mail flow rules or mailbox forwarding address settings, or by the recipient via the Inbox Rules feature.

Recipient has a valid license - Make sure the recipient has an Office 365 license assigned to them. The recipient's email admin can use the Office 365 admin center to assign a license (Users > Active Users > select the recipient > Assigned License > Edit).

Mail flow settings and MX records are not correct - Misconfigured mail flow or MX record settings can cause this error. Check your Office 365 mail flow settings to make sure your domain and any mail flow connectors are set up correctly. Also, work with your domain registrar to make sure the MX records for your domain are configured correctly.

For more information and additional tips to fix this issue, see Fix email delivery issues for error code 5.1.10 in Office 365.

c. CY 2020 Municipal Budget Cap Information

The Division of Local Government Services (DLGS) has issued Local Finance Notice 2019-13 regarding the CY 2020 Municipal and County Budget and Cap Information.

There are two caps that limit local budgets. One is the 1977 budget cap law, which caps appropriations increases, and the other is the 2010 levy cap law, which caps levy increases. The 1977 budget cap law requires the DLGS to promulgate the Cost of Living Adjustment (COLA). The **COLA for CY 2020 budgets is calculated at 2.5%.** The governing body may pass a COLA ordinance, increasing the appropriation cap base to 3.5%. Cap bank balances from 2018 and 2019 are available for use in 2020.

In addition, both the 1977 and 2010 cap laws include a cap exception for Group Health Insurance. Since the State Health Benefits increase for CY 2020 is 0%, there will be **no 1977 cap or 2010 levy cap exception forGroup Health Insurance for CY 2019.**

The Division will be issuing the Levy Cap Workbook at a later date.

II. Federal Issues

a. Senate Defeats SALT Limit Relief Senate Joint Resolution

On Wednesday, in Washington, the U.S. Senate rejected S.J.Res. 50, which would have allowed States to work around the $10,000 IRS cap on State and Local Tax (SALT) income tax deductions. The cap, which affects many New Jersey homeowners, was implemented as part of the 2017 Federal Income Tax reform bill, known as the Tax Cuts and Jobs Act. A subsequent IRS ruling prevented States from implementing a 'Charitable Contributions' program, such as the one that was passed into law here in the Garden State. That New Jersey law permits local governments to set up charitable trust funds, and to award property tax credits to trust fund contributors. The IRS rule would not allow filers to take a deduction, based on the amount of those contributions.

S.J. Res. 50 failed on a vote of 43-52.

The Attorneys General of New Jersey, New York, Connecticut and Maryland had challenged the SALT deduction cap, but they lost at the District Court level. New Jersey, New York and Connecticut have filed a separate lawsuit challenging the IRS rule. That is pending before a U.S. District Court in New York.

c. CY 2020 Municipal Budget Cap Information

The Division of Local Government Services (DLGS) has issued Local Finance Notice 2019-13 regarding the CY 2020 Municipal and County Budget and Cap Information.

There are two caps that limit local budgets. One is the 1977 budget cap law, which caps appropriations increases, and the other is the 2010 levy cap law, which caps levy increases. The 1977 budget cap law requires the DLGS to promulgate the Cost of Living Adjustment (COLA). The **COLA for CY 2020 budgets is calculated at 2.5%.** The governing body may pass a COLA ordinance, increasing the appropriation cap base to 3.5%. Cap bank balances from 2018 and 2019 are available for use in 2020.

In addition, both the 1977 and 2010 cap laws include a cap exception for Group Health Insurance. Since the State Health Benefits increase for CY 2020 is 0%, there will be **no 1977 cap or 2010 levy cap exception forGroup Health Insurance for CY 2019.**

The Division will be issuing the Levy Cap Workbook at a later date.

II. Federal Issues

a. Senate Defeats SALT Limit Relief Senate Joint Resolution

On Wednesday, in Washington, the U.S. Senate rejected S.J.Res. 50, which would have allowed States to work around the $10,000 IRS cap on State and Local Tax (SALT) income tax deductions. The cap, which affects many New Jersey homeowners, was implemented as part of the 2017 Federal Income Tax reform bill, known as the Tax Cuts and Jobs Act. A subsequent IRS ruling prevented States from implementing a 'Charitable Contributions' program, such as the one that was passed into law here in the Garden State. That New Jersey law permits local governments to set up charitable trust funds, and to award property tax credits to trust fund contributors. The IRS rule would not allow filers to take a deduction, based on the amount of those contributions.

S.J. Res. 50 failed on a vote of 43-52.

The Attorneys General of New Jersey, New York, Connecticut and Maryland had challenged the SALT deduction cap, but they lost at the District Court level. New Jersey, New York and Connecticut have filed a separate lawsuit challenging the IRS rule. That is pending before a U.S. District Court in New York.

b. Local Leaders Form National Election Task Force for 2020

Local elected officials from across the country, in partnership with the National League of Cities (NLC), have formed a bi-partisan 2020 Presidential Election Task Force.

"Local leaders have a major role to play in the Presidential election next November," said **NLC President Karen Freeman-Wilson, mayor of Gary, Indiana**. b. Unauthorized Hotel Reservation Services

Every year unauthorized firms solicit housing and hotel reservations from attendees at the Annual League Conference. We assure you that the only firm authorized to handle our conference housing reservations is AC Central Reservations. This information is on the top of the official conference housing form sent to all municipal clerks and posted on the League website.

Using unauthorized reservation services creates real problems for you and the conference as a whole. You cannot be assured your credit card information is secure and your room reservation may not actually be made. Using unauthorized services means your room will not be part of the official conference housing block and you will not get emergency housing information (which happened in both 2011 and 2012), nor will there be adequate shuttle bus services to your hotel.

As always, the League is available to answer your questions on any aspect of the annual conference and we strive to make your participation both enjoyable and highly productive.

a. Look Ahead to Lame Duck: OPRA/OPMA Update, Sample Resolution, and Blog Posts

Recently, Senator Weinberg noted that she has been working for more than two years to update the outdated Open Public Records Act (OPRA) and Open Public Meetings Act (OPMA) and will continue to address them during lame duck, presumably through her bills S-106 (OPMA) and S-107 (OPRA). In response to this, the League and Municipal Clerks Association of New Jersey have prepared a sample resolution calling for a study commission to review the almost 20 year old law. The sample resolution also asks for information on your municipal experience with OPRA, including the number of requests, approximate staff hours staff and attorney fees your municipality has incurred responding to OPRA requests.

In addition, we are continuing our OPRA/OPMA blog post series with post on subcommittees and the definition of government records.

We respectfully request that you consider adopting the sample resolution and forward a copy to your State Senator, Assembly Representatives as well as Senate President Sweeney, Assembly Speaker Coughlin, Senator Weinberg, and Governor Murphy.

I. State Issues

a. Look Ahead to Lame Duck: OPRA/OPMA Update, Sample Resolution, and Blog Posts

Recently, Senator Weinberg noted that she has been working for more than two years to update the outdated Open Public Records Act (OPRA) and Open Public Meetings Act (OPMA) and will continue to address them during lame duck, presumably through her bills S-106 (OPMA) and S-107 (OPRA). In response to this, the League and Municipal Clerks Association of New Jersey have prepared a sample resolution calling for a study commission to review the almost 20 year old law. The sample resolution also asks for information on your municipal experience with OPRA, including the number of requests, approximate staff hours staff and attorney fees your municipality has incurred responding to OPRA requests.

In addition, we are continuing our OPRA/OPMA blog post series with post on subcommittees and the definition of government records.

We respectfully request that you consider adopting the sample resolution and forward a copy to your State Senator, Assembly Representatives as well as Senate President Sweeney, Assembly Speaker Coughlin, Senator Weinberg, and Governor Murphy.

b. CY 2019/SFY 2020 Best Practices Inventory Due Next Week on October 30

As a reminder the deadline for the CY2019/SFY 2020 Best Practice Inventory is next week, Wednesday, October 30 for all municipalities. For more on the Inventory, the process and changes please read our September 13 blog post.

Contact: Lori Buckelew, Senior Legislative Analyst, xxxxxxxxx@xxxx.xxx 609-695-3481 x112.

c. CY 2020 Municipal Budget Cap Information

The Division of Local Government Services (DLGS) has issued Local Finance Notice 2019-13 regarding the CY 2020 Municipal and County Budget and Cap Information.

There are two caps that limit local budgets. One is the 1977 budget cap law, which caps appropriations increases, and the other is the 2010 levy cap law, which caps levy increases. The 1977 budget cap law requires the DLGS to promulgate the Cost of Living Adjustment (COLA). The **COLA for CY 2020 budgets is calculated at 2.5%.** The governing body may pass a COLA ordinance, increasing the appropriation cap base to 3.5%. Cap bank balances from 2018 and 2019 are available for use in 2020.

In addition, both the 1977 and 2010 cap laws include a cap exception for Group Health Insurance. Since the State Health Benefits increase for CY 2020 is 0%, there will be **no 1977 cap or 2010 levy cap exception forGroup Health Insurance for CY 2019.**

The Division will be issuing the Levy Cap Workbook at a later date.

II. Federal Issues

a. Senate Defeats SALT Limit Relief Senate Joint Resolution

On Wednesday, in Washington, the U.S. Senate rejected S.J.Res. 50, which would have allowed States to work around the $10,000 IRS cap on State and Local Tax (SALT) income tax deductions. The cap, which affects many New Jersey homeowners, was implemented as part of the 2017 Federal Income Tax reform bill, known as the Tax Cuts and Jobs Act. A subsequent IRS ruling prevented States from implementing a 'Charitable Contributions' program, such as the one that was passed into law here in the Garden State. That New Jersey law permits local governments to set up charitable trust funds, and to award property tax credits to trust fund contributors. The IRS rule would not allow filers to take a deduction, based on the amount of those contributions.

S.J. Res. 50 failed on a vote of 43-52.

The Attorneys General of New Jersey, New York, Connecticut and Maryland had challenged the SALT deduction cap, but they lost at the District Court level. New Jersey, New York and Connecticut have filed a separate lawsuit challenging the IRS rule. That is pending before a U.S. District Court in New York.

b. Local Leaders Form National Election Task Force for 2020

Local elected officials from across the country, in partnership with the National League of Cities (NLC), have formed a bi-partisan 2020 Presidential Election Task Force.

"Local leaders have a major role to play in the Presidential election next November," said **NLC President Karen Freeman-Wilson, mayor of Gary, Indiana**. "We have a pulse on the most pressing issues facing our residents and through this task force, we will elevate local priorities on the national stage. We look forward to providing candidates with an inclusive agenda that addresses the major concerns of communities across the country."

Please see the full press release.

III. Annual League Conference

a. View the NJLM Annual Conference List of Exhibitors

The exhibit hall at the conference is **sold out** with 700 exhibitors displaying their products and services in over 1,000 booths. Review the full list on the Interactive Floor Plan and on the conference app to make your schedule and save a list of the exhibitors you would like to visit.

The exhibitors are eager to provide education and solutions to your challenges!

Contact: Kristin Lawrence, Director of Exhibition and Sponsorships, 609-695-3481 x125, xxxxxxxxx@xxxx.xxx

b. Unauthorized Hotel Reservation Services

Every year unauthorized firms solicit housing and hotel reservations from attendees at the Annual League Conference. We assure you that the only firm authorized to handle our conference housing reservations is AC Central Reservations. This information is on the top of the official conference housing form sent to all municipal clerks and posted on the League website.

Using unauthorized reservation services creates real problems for you and the conference as a whole. You cannot be assured your credit card information is secure and your room reservation may not actually be made. Using unauthorized services means your room will not be part of the official conference housing block and you will not get emergency housing information (which happened in both 2011 and 2012), nor will there be adequate shuttle bus services to your hotel.

As always, the League is available to answer your questions on any aspect of the annual conference and we strive to make your participation both enjoyable and highly productive.

a. NJ Municipalities Magazine Seeking Your Stories

Local officials are invited to share their stories with the readers of *NJ Municipalities Magazine*. Do you have a successful initiative or an innovation that could help your fellow local governments in the Garden State? We are now accepting queries from local government project and program leaders for potential publication in the League magazine's 2019 and 2020 issues.

For the editorial calendar and editorial submission guide, please visit the magazine's webpage or contact Managing Editor Amy Spiezio at xxxxxxxx@xxxx.xxx

b. Centennial of Suffrage

The 100th anniversary of the 19th amendment's ratification in New Jersey will be celebrated throughout 2020. With many significant suffragists hailing from the Garden State, there are many stories to be told about how women came to the vote and their involvement in local government during and since. How will your town be recognizing women's suffrage? We'd like to include your efforts on the League's website, social media, and *NJ Municipalities* magazine.

Please email Managing Editor Amy Spiezio at xxxxxxxx@xxxx.xxx with any ideas, plans, and images you'd like to share with your peers around the state.

Subject: Corrected Link: Look Ahead to Lame Duck: OPRA and OPMA
Date: Wednesday, October 23, 2019 4:57:52 PM

The period of time between Election Day and the end of the end of the legislative term, the so-called "lame duck" is typically a period of significant legislative activity. We anticipate that the flawed bills to amend OPRA and OPMA, S-106 and S-107, will again be pushed for a floor vote.

Please ask your Senators to oppose S-106 and S-107.

For more, please see the League's Town Crier upcoming series of posts on the legislation. You can read the first here: www.njlm.org/Blog.aspx?IID=13#item

Please consider passing a resolution calling for a study commission instead of these flawed bills, here: www.njlm.org/OPRAResolution

Looking Ahead to Lame Duck: OPRA and OPMA

The period of time between Election Day and the end of the end of the legislative term, the so-called "lame duck" is typically a period of significant legislative activity. We anticipate that the flawed bills to amend OPRA and OPMA, S-106 and S-107, will again be pushed for a floor vote.

Please ask your Senators to oppose S-106 and S-107.
For more, please see the League's Town Crier upcoming series of posts on the legislation. You can read the first here.

Please consider passing a resolution calling for a study commission instead of these flawed bills. Click here.

I. State Issues
II. Annual League Conference
III. Also of Interest

Municipal Clerks: Please forward to your Mayor, Governing Body and Department Heads.

I. State Issues

a. State Releases Significant Transitional Aid Funding

As you may recall, when signing the State's FY 2020 spending plan, back in June, uncertainty about meeting revenue targets prompted Governor Murphy to direct the State Treasurer to withhold funding for certain programs. The total held in abeyance equaled $235 million. Satisfied with collections, to date, on Thursday the Department of the Treasury released a total of $114 million. Among the programs receiving support are Transitional Aid for distressed municipalities, substance use disorder programs, cancer programs and some higher education initiatives. Specifically, the Treasurer has released just under $54 million in Transitional Aid funding to the Department of Community Affairs. That is slightly more than half of the $105 million that had been 'reserved' in July.

We objected to the Governor's decision to put the Transitional Aid program, designed to support those most in need, into jeopardy. We are, now, gratified that a first step has been taken to begin to fund the program at the level specified in the State's Budget.

b. Domestic Violence Policy for all Public Employers Released

P.L. 2017, c. 272 required that the Civil Service Commission develop a uniform domestic violence policy, which all public employers regardless if they fall under Civil Service, must adopt and distribute to their employees. On Tuesday, the Civil Service Commission announced the new Domestic Violence Policy. The policy is for all public employers and covers all employees including seasonal, interns, volunteers and temporary employees at any workplace. The law does permit a public employer to modify the uniform domestic violence policy to fit their unique circumstances but modifications may not conflict with the requirements of the law. For more on the new policy please see our October 17 blog post.

The League has contacted the Civil Service Commission for clarity on the new policy. While we support efforts to help domestic violence victims we question whether the policy went through the normal procedure for writing state regulations, which include

publication in the New Jersey Register and consideration of public comments before adoption. We also question how much consideration was given to how municipalities — especially small ones that probably don't have a dedicated HR professional on staff — would be able to afford to implement the policy.

It is anticipated that the Division of Local Government Services will be issuing a Local Finance Notice shortly. We will continue to keep you apprised of our findings, however, we strongly suggest you review the policy and Domestic Violence resources with your administrator and municipal attorney.

Contact: Michael F. Cerra, Assistant Executive Director, xxxxxx@xxxx.xxx609-695-3481 x120.

c. CY 2019/SFY 2020 Best Practices Inventory Deadline October 30

As a reminder the deadline for the CY2019/SFY 2020 Best Practice Inventory is October 30 for all municipalities. For more on the Inventory, the process and changes please read our September 13 blog post.

Contact: Lori Buckelew, Senior Legislative Analyst, xxxxxxxxx@xxxx.xxx609-695-3481, ext. 112.

d. OPRA/OPMA Update & Sample Resolution

Recently, Senator Weinberg noted that she has been working for more than two years to update the outdated Open Public Records Act (OPRA) and Open Public Meetings Act (OPMA) and will continue to address them during lame duck, presumably through her bills S-106 (OPMA) and S-107 (OPRA). In response to this, the League and Municipal Clerks Association of New Jersey has prepared a sample resolution calling for a study commission to review the almost 20-year-old law.

The sample resolution also asks for information on your municipal experience with OPRA, including the number of requests, approximate staff hours staff and attorney fees your municipality has incurred responding to OPRA requests. We respectfully request that you consider adopting the sample resolution and forward a copy to your State Senator, Assembly Representatives as well as Senate President Sweeney, Assembly Speaker Coughlin, Senator Weinberg, and Governor Murphy.

II. Annual League Conference

a. View the NJLM Annual Conference List of Exhibitors

The exhibit hall at the conference is **sold out** with 700 exhibitors displaying their products and services in over 1,000 booths. Review the full list on the Interactive Floor Plan and on the conference app to make your schedule and save a list of the exhibitors you would like to visit.

The exhibitors are eager to provide education and solutions to your challenges!

Contact: Kristin Lawrence, Director of Exhibition and Sponsorships, 609-695-3481 x125, xxxxxxxxx@xxxx.xxx

b. Unauthorized Hotel Reservation Services

Every year unauthorized firms solicit housing and hotel reservations from attendees at the Annual League Conference. We assure you that the only firm authorized to handle our conference housing reservations is AC Central Reservations. This information is on the top of the official conference housing form sent to all municipal clerks and posted on the League website.

Using unauthorized reservation services creates real problems for you and the conference as a whole. You cannot be assured your credit card information is secure and your room reservation may not actually be made. Using unauthorized services means your room will not be part of the official conference housing block and you will not get emergency housing information (which happened in both 2011 and 2012), nor will there be adequate shuttle bus services to your hotel.

As always, the League is available to answer your questions on any aspect of the annual conference and we strive to make your participation both enjoyable and highly productive.

Matt,

Unfortunately, no speaking at this time. Have some thoughts we should discuss on Friday.

Also, please let Maureen know that we will be collecting additional data over the next month so there may be updated data in November.

THANK YOU VERY MUCH!!!

I'm sure her paper is due at the end of the semester (Dec) but she needs to get data together this month. I'll send her what you sent. Thank you.

Dates to avoid: 11th; 18th thru 23rd (ICMA Conference) otherwise, I should be good.

Last thing: Any word about Kurt speaking? I was on the phone with him when you replied so it reminded me.

THANKS AGAIN…See you Friday.

Matt,

Attached is the information from the MCANJ survey that was submitted as part of their opposition to OPRA/OPMA. We are getting ready to go out with a sample resolution on OPRA that will be collecting data. When is Maureen's paper due?

On a different note, trying to again get dates for a meeting with you, Jon R., and Miller on Pensions and Health Benefits how do your days look in October?

Lori,

Last year, I think LOM did an OPRA report (based upon responses from local governments) showing how many requests come in. Can I get a copy of that report? My daughter, Maureen, (Deputy Clerk in Westfield and MPA Student) is doing a paper on it.

I appreciate any help.
