Attachments: Proposed Shallow Bedrock Well Location Map.pdf; FullyExecutedSiteAccessAgreementRWJWellnessJanuary2020.pdf

Good afternoon Michael,

We would like to coordinate the proposed well installation as per our recently updated agreement with the Parking Authority. The following proposes our schedule:

February 13th – Utility Clearance will require less than ½ day and include marking utility locations on the sidewalk with paint in the vicinity of MW-13.
Feb 18th – 20th – Well Installation(s), will entail heavy equipment and noise obstructions.

March 2nd – 6th – Groundwater sampling, will require access to all wells, including well MW-4, within the secured garage bay.

Please let me know if you have any questions or concerns, or if you would like to coordinate a time to meet. I am most easily reached via email or by cell phone.

Thanks,

Kerri E. Doyle

Hello Kerri,

I'm following up our conversation from this morning, regarding access to the site between February 25th and March 11th. You can contact our Facilities Supervisor Tim Raywood at 732.427.0091, or our Maintenance Foreman Jim Przybylowski at 732.543.0816 or 732.859.0750. If you have any questions please do not hesitate to contact me.

Thank you,

Michael DeTeresa

Good morning Michael,
We completed the well installation work yesterday. We are scheduled to conduct sampling on March 9th and 10th. We will reach out to Tim and/or Jim for access to the well in the garage bay at that time.
Enjoy your vacation!

Thank you,
Kerri

Good afternoon all,
We plan to conduct groundwater sampling at the wellness center beginning on Monday, March 9th. The sampling team will reach out to Tim or Jim on Monday morning for access to the garage bay area. Please let us know if you have any questions or concerns.

Thank you,
Kerri

Good afternoon Michael,
As I understand, you are aware that we are planning additional well installation and testing at location TB-6D/MW-6D, shown on the attached map. We have tentatively scheduled to begin the work on May 11th for a duration of 3-4 days. Please let me know if this schedule is acceptable.

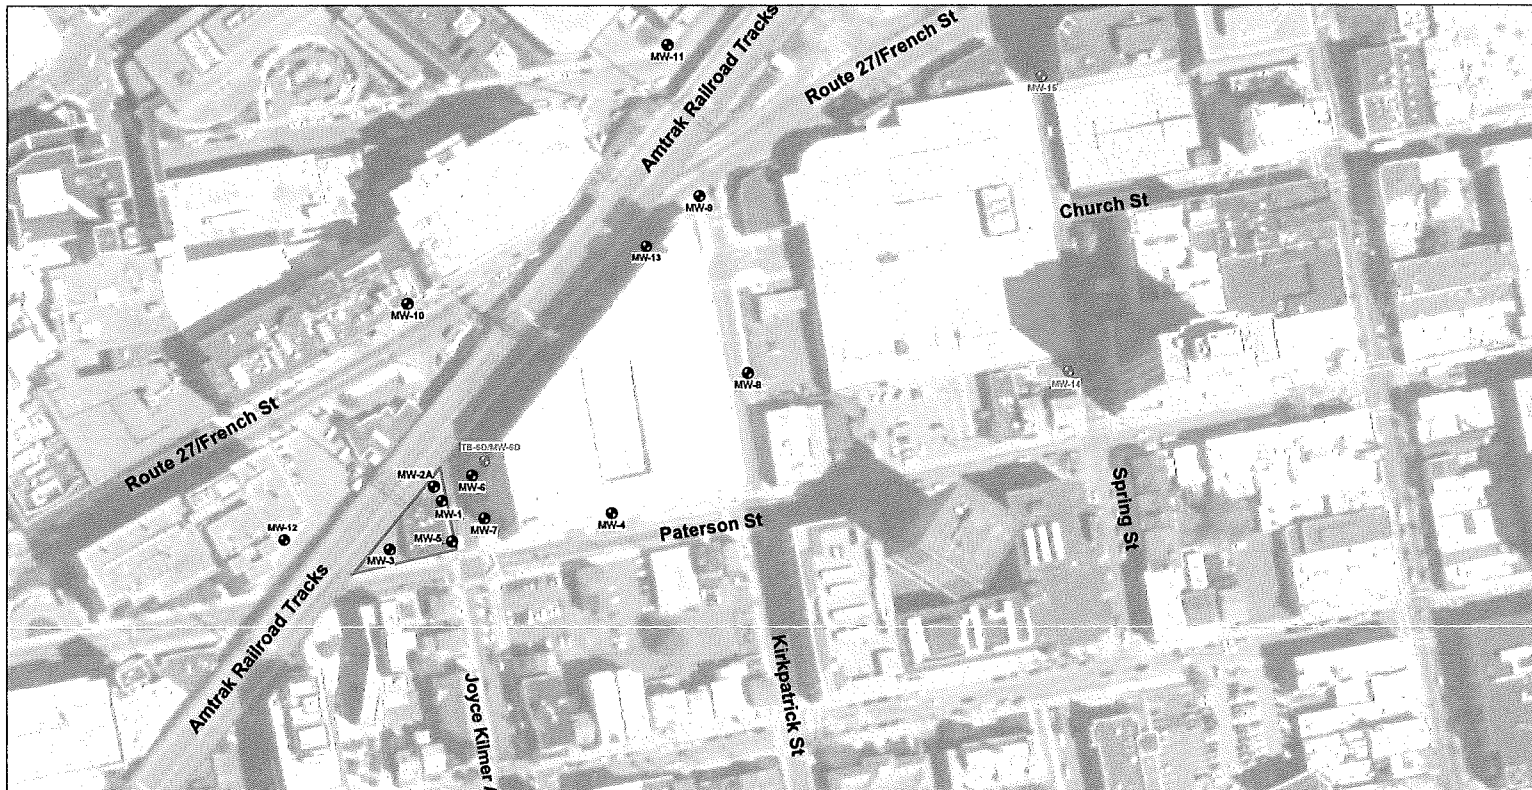

Thank you,
Kerri Doyle

Hi Michael,

Our schedule has been pushed again. We will be conducting the well installation at the parking garage and other wells within the vicinity between May 27 and June 5. We plan to be at the parking garage location from May 29 through June 5 (excepting the weekend). Please let us know if any issues with the schedule. Additionally, we will need to provide a porta-john for the field staff and would like to stage it next to the parking garage, somewhere near where we will be working in the area shown below. It will be self-contained and locked. Please let us know if this is acceptable.

Good afternoon Michael,
We had some complications with our work scope today that has put us further delayed through Friday, June 12th for completion. Please reach out with any questions/concerns.

Thank you,
Kerri

Good afternoon Michael,
I just spoke with Kevin McTernan (RWJU) who communicated that we would be able to store our portable restroom and waste drums in the garage bay of the fitness center. Previously, we have coordinated access to the garage bay with your Facilities Supervisor Tim Raywood at 732.427.0091, or our Maintenance Foreman Jim Przybylowski at 732.543.0816 or 732.859.0750. We plan to begin work at 8 am tomorrow morning and will contact either Tim or Jim at that time. I will follow up with a phone call to you to confirm.

Thank you,

Kerri
